Pergola System

Introduction

Aluminum Pergola System from NIHVA is a great way to provide all year-round weather protection from the elements, with the option of Aluminum Pergola and sides screen creating a totally enclosed area. Available in many design options, the Aluminum Pergola has a fully retractable canopy cover, which at the touch of a button can be extended to provide shelter, or retracted to take advantage of the good weather. The canopy offers a flat surface that guarantees the discharge of rain water.

Application:

- Private residence, villa and other civil areas
- Commercial venues: hotels, restaurants, stores
- Garden supporting facilities engineering

Kind Attention: Mr Vijay Tarak

We take this opportunity to appreciate the efforts done by Nihva Team in implementing the Albany Auto door project for a Robotic cell at Tenneco Automotive India Pvt Limited, Pune. The cell upgradation was crucial for Tenneco to meet increased customer demand. Nihva team has planned the activities with Tenneco team in advance and completed the installation & commissioning work as planned. The co-ordination and understating of site requirements by your team played major role in quick & efficient installation. This has helped us to quickly re-start the Robotic welding in Auto mode.

We sincerely acknowledge the "Team work & Partnership approach" shown by Mr Vijay & Nihva team in delivering "Right First Time" implementation of Albany doors at Tenneco. It was pleasure working with you.

Please convey our regards to the Albany Door Systems & Nihva Team involved in this project. We wish best luck and hope to have such consistency in work for the future projects as well.

Thanks & Regards
