Technological Solutions in Tensile & Retractable Roofing

Nihva Technologies Pvt Ltd

Pune

P.I. No: - WC-24/25 – 64A

Dated : 1st Fab 2024

Kind Attn. Nihva Technologies

Thank you for your enquiry for the Automated pergola .

We are pleased to offer you the Automated roofing system from the world's leading manufacturing company " Pergostyle " / " Suntech " from Turkey .

The below quote is based on the given drawings for the area to be covered as follows .

- 60 x 17 mtrs , (width) x (Projection) – 10 x 9 – 6 systems

Client – Nihva

Area –

We propose the model **Tw 22 WITH LED lights .**

- Our roofing systems are suitable for any weather conditions , designed and built using highest quality materials. Our pergolas are manufactured using high grade aluminium profiles and stainless steel components in Anthracite colour .
- These systems are covered under a warranty of 5 years & can withstand wind speeds of 117 Km/hr .
- Each and every system is customised as per the size and the needs of the project utilising European technology through a custom direct drive motor system to ensure smooth and quick operation at 26 RPM .
- Pergostyle systems are available in widths up to 13 meters & maximum projection of 11 meters in one fabric – providing a solution to cover areas up to 143 Sq. mts. at the touch of a button.
- The fire rated 100% water proof fabric from Mehler (Germany) & Ferrari (Italy) is used providing maximum stability & resistance to temperature, moisture & dirt . It does not shrink or bag, and the acrylic top coating makes it very easy to clean .
