About TEC

Taamra Engineering Consultants India Private Limited (TEC)

is a rapidly expanding consulting and development firm providing Comprehensive Consultancy Services, Construction Solutions & IT Services

- TEC is a group of dedicated, hard working professionals whose strength lies in working together as a team for the benefit of our clients.
- Our engineers & architects combine their creative skills, knowledge and technical expertise with capability of analyzing, designing and implementing the projects as per the client's requirements.
- Our vision is to provide best suitable, innovative, cost effective and timely solutions to clarify the real needs of the client.

ISO 9001:2008 TGA-ZM-13-08-00

- **Quality is the motto and the hallmark of TEC which is further taken forward by obtaining ISO 9001:2008 certificate for consultancy services in Architectural & Engineering Designs and Project Management by International Accredited Forum Deutscher Akkreditierungs Rat (DAR).**

- TEC is committed towards its field of work which is emphasized in its mission statement and service philosophy.
- TEC's ambitious plan to rank as one of the leading consultants from India.

Company Background

The core team of TEC has been involved in strengthening the country's infrastructure and consulting of Corporate India's structures for quiet many decades.

Established in the year of 2008, TEC is promoted by a group of Industrialists in the field of Comprehensive Consultancy and under the leadership and guidance of Mr. A K Chattopadhyay, TEC has achieved and created a niche in the consulting field to be the most responsible and dependable firm in the industry.

TEC as an organization, is committed to uphold the tradition of excellence taken forward by the team of Engineers and Architects.

TEC has its consortium approach to projects where it would work with a panel of specialists and partner companies from India as well as abroad to provide the best services to its Clients.

TEC is in the process of registration with the leading International financial institutions, and various Central and State Government authorities in India.

Service Philosophy

INTEGRATED

Providing complete and wide range of service package in strategic, marketing, technological and engineering aspects. This integrated approach and extensive experience of our Senior Engineers enables us to provide unique solutions to our clients.

INTERACTIVE

Assisting our clients to implement the integrated solutions through communication, cooperation and coordination, which also help to develop a mutually beneficial long-term relationship with them.

INDEPENDENT

Above all, TEC puts emphasis on meeting the highest quality standards and to work as an independent private company, working with own tools and systems, offering **a neutral and unprejudiced** consulting services.
