Pune

Sub : Offer for supply of Automatic Bagging Machine.

Dear Sir,

We would like to express our sincere thanks to you for your enquiry for the said subject. With reference to the same, we are enclosing our offer for the supply of Bagging Scale.

We hope the above is in line with your requirement & look forward for your valuable order.

Thanking you and assuring of best services at all times.

Yours faithfully,

For Sensors & Systems Industrial Solutions Pvt. Ltd.

Sandeep Karmore

EL-WEIGH DIGITAL WEIGHING COUNTER SCALES | PLATFORM SCALES | WEIGH BRIDGES | CRANE WEIGHING SCALES | RAIL WEIGHING IN MOTION | AUTOMATIC BAGGING SCALES | CONVERSION KIT | SMART PAD | BELT WEIGHING | HOPPER WEIGHING | LOAD CELLS

SCOPE OF WORK & TECHNICAL SPECIFICATIONS

Scope of Work:

Design, engineering & supply, erection, calibration, commissioning and testing of Entire bagging scale.

Objective:

The objective of the proposal is to weigh & pack Rice in 5-50 Kg Bags. There will be provision for changing the set point of the weight of the bags. The system will comprise of a control valve, Weigh Hopper, Bag Clamping System, Foot Switch, Belt conveyer & stitching machine.

The System capacity will be 450 bags/hr. The system shall have its dedicated PLC Based controller.

System Requirements:

01. Instrument Air @ 7 Bar.
02. AC 230 V supply @ 50 Hz.

Weighing and Bagging of Rice (5-50 Kg.)

PERTICULERS WITH TECHNICAL SPECIFICATION	
AUTOMATIC WEIGHING AND BAGGING MACHINE	
A) Simplex Bagging Machine	
1	Type: Nett weigher
2	Application: Rice Filling
3	Weighing Range: 5 to 50 kg
4	Accuracy: +/- 10gm
5	Speed: 450 bags/hour
6	Construction: 3 feeding Gate, Corse feed, Fine feed and Super fine individual gates
7	3 Load Cell Based System (Thames *Recommended/ ADI)
8	Actuator: Techno
9	Weighing Controller Make Unitronics ISREAL
10	Construction: SS316
11	Recipe setting by touch of button
12	Limit Switch: fpr the Bag holding (Schneider)
13	Weight output signal will be given to potential Free Terminal blocks
14	Packaging report available in the weighing
15	The No's of bag packed and totalizer of the quantity packed
16	Control panel with Schneider Accessories
B) Stitching Conveyor	
1	Material: Bag Stitching
2	Conveyor Length: 3000mm
3	Type: Belt Conveyor/Slat Chain with Strips conveyor
4	Drive motor: 1 HP Motor with Gear Box, Worm type (40 ratio)
5	Control panel with Schneider accessories
6	Conveyor Dimensions: L: 3000mm, W: 500mm, H: Adjustable By Screw (450mm – 600mm)
7	Foot Switch: for the Bag closing machine start & stop(Brisk)
8	Portable Stitching Stand
9	Construction: MS with Powder Coating
C) Telescopic Stitching Stand And Heavy Duty Gabber machine	
1	Telescopic Stand with Gear Adjustable
2	1HP Foot mount motor, 1400rpm
3	Heavy Duty Bag Closing machine

4	Control panel with Schneider Accessories
5	Double Needle four Thread
6	Bottom Frame with movable ape Attachment Stand

COMMERCIAL

Scope of Supply:

Supply, Installation, commissioning of bagging scale as per the specifications given Above.

Price for Bagging System with:

ADI Load cells) : Rs. 6, 40,000/-.

Thames Load cells) *recommended : Rs. 7, 00,000/-.

We strongly recommend Thames Side (UK) Load Cells as they have 3Years replacement warrantee.

Terms & Conditions:

1. **Transportation: Extra at actual from our works at MIDC Butibori, Dist. Nagpur.**
2. Delivery: Within 6-8 Weeks from the receipt of your confirmed P.O.
3. Packaging : 1% Extra
4. Warrantee: 1 Year.
5. **Payment Terms: 50% Advance, 50% against readiness of material.**
6. **Installation: Extra**
7. **GST: 18% Extra**
8. Validity of Offer: 30 days.

We hope that our offer is in line with your requirement & request you to kindly Place your valued order upon us.

Thanking you with best regards,

For Sensors & Systems Industrial Solutions Pvt. Ltd,

Sandeep Karmore
