

Distribution & Logistics: DHL Logistics Center, Budapest Airport, Hungary

New installation

ASSA ABLOY Entrance Systems provided a complete solution, both products and maintenance, along with a history and knowledge of the industry.

DHL Freight Hungary Ltd. one of the four divisions of the world's leading postal and logistics Group. DHL is present in over 200 countries and territories across the globe, making it the most international company in the world, with a workforce exceeding 315,000 employees.

Solutions from ASSA ABLOY Entrance Systems

The logistic center has been equipped with 41 complete docking stations, including 37 standard levellers, 4 pieces of Jumbo levelers, SME shelters and 542 sectional doors with operator. In addition to the docking bays, there are another 7 Crawford 542 sectional doors operating in the facility.

Why ASSA ABLOY Entrance Systems?

Due to the size of the project, the competition was very intense between the door and docking solution suppliers, where the following details gave the success to the ASSA ABLOY Entrance Systems distributor Crawford-Hungary Kft:

- Technical coordination, both with the end-user and the general contractor.
- By offering a complete solution including the installation of the pits and frames, in addition to the installation of the Crawford sectional doors, levellers and shelters.
- Offering the customer a long lasting partnership including a maintenance contract into the agreement.
- Using the references of the existing DHL logistic centers equipped with Crawford products worldwide.
- Offering the CDM 950 CC- Common Control unit solution, that requires significantly less electrical preparation, takes shorter time to install and program, and reduces costs.
