NIHVA

NIHVA Technologies Pvt. Ltd.

Automation Solutions

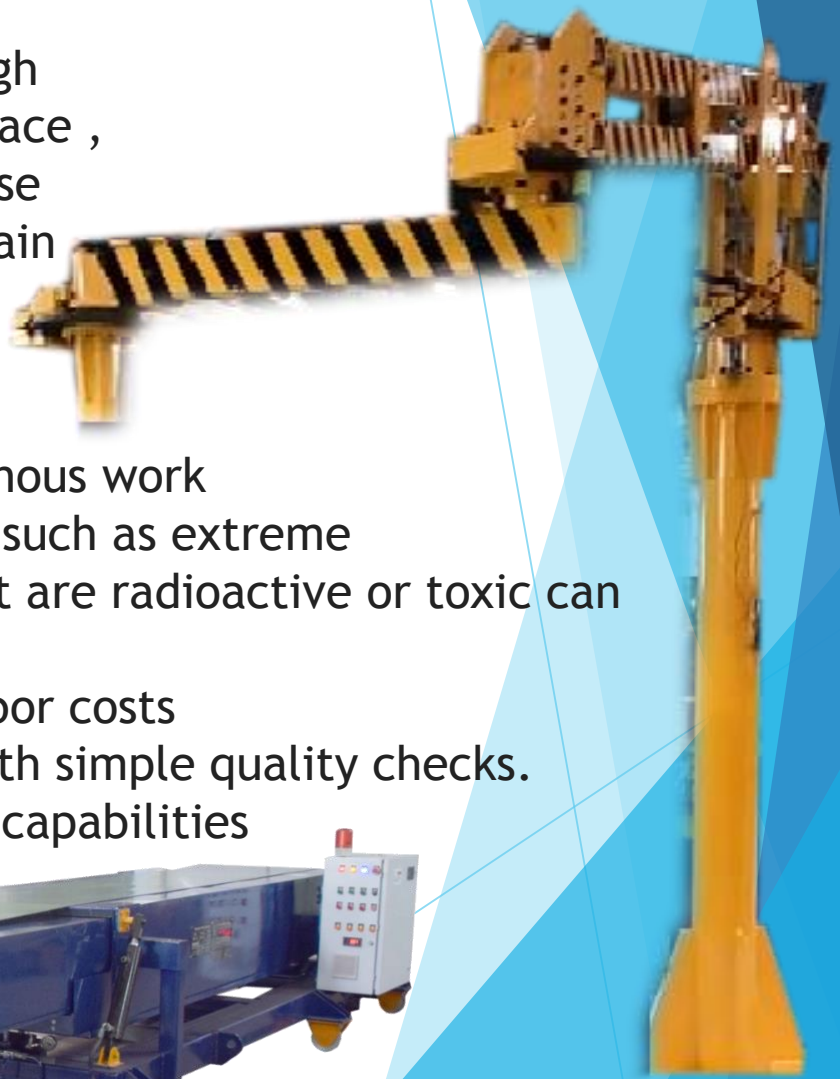

We Make Possible…!

Mission & Vision

- Nihva Technologies Automation solutions is one step solution provider for all automation needs of customer
- Our Mission is to provide optimized & integrated solution & services to industries using leading edge information , communication , automation & technologies .
- Our vision is to be a leader in the field of Automation Solutions through regular developments , quality services by meeting total customer satisfaction to help our customer to achieve their business targets by adding operational intelligences.
- We are determined to use leading edge technology , years of experience & knowledge in providing innovative solutions delivering High return on investments.

Strength of Automation Solutions

We provide turn key automation solution for every industry through automation products like Material Handling Equipment , pick & place , manipulator , primary & secondary packaging lines, special purpose machine , Assembly Fixtures Assembly lines Conveyors supply chain Management equipment like scissor table , lifts battery operated Cranes from Designing to mfg for industrial purpose .

Advantages

- Replaces hard physical or monotonous work
- Tasks in hazardous environments, such as extreme temperatures, or atmospheres that are radioactive or toxic can be done by machines
- Faster production and cheaper labor costs
- Automation can be maintained with simple quality checks.
- Can perform tasks beyond human capabilities

THATS THE WAY WE DO

CUSTOMER RFQ → CONCEPTUAL MODELING → APPROVAL FROM CLIENT (DAP APPROVAL)

APPROVAL FROM CLIENT (DAP APPROVAL) → SYSTEM MODELLING

SYSTEM MODELLING → DESIGN STRESS ANALYSIS → MANUFACTURING & ASSEMBLY

MANUFACTURING & ASSEMBLY → FAT AT NIHVA → INSTALLATION & COMMISIONING → CUSTOMER REVIEW

TRAINING TO CUSTOMER & SERVICE

SYSTEM : Yes We Do Follow

ISO CERTIFICATIONS : **TUV CERTIFIED ISO 9001:2015**

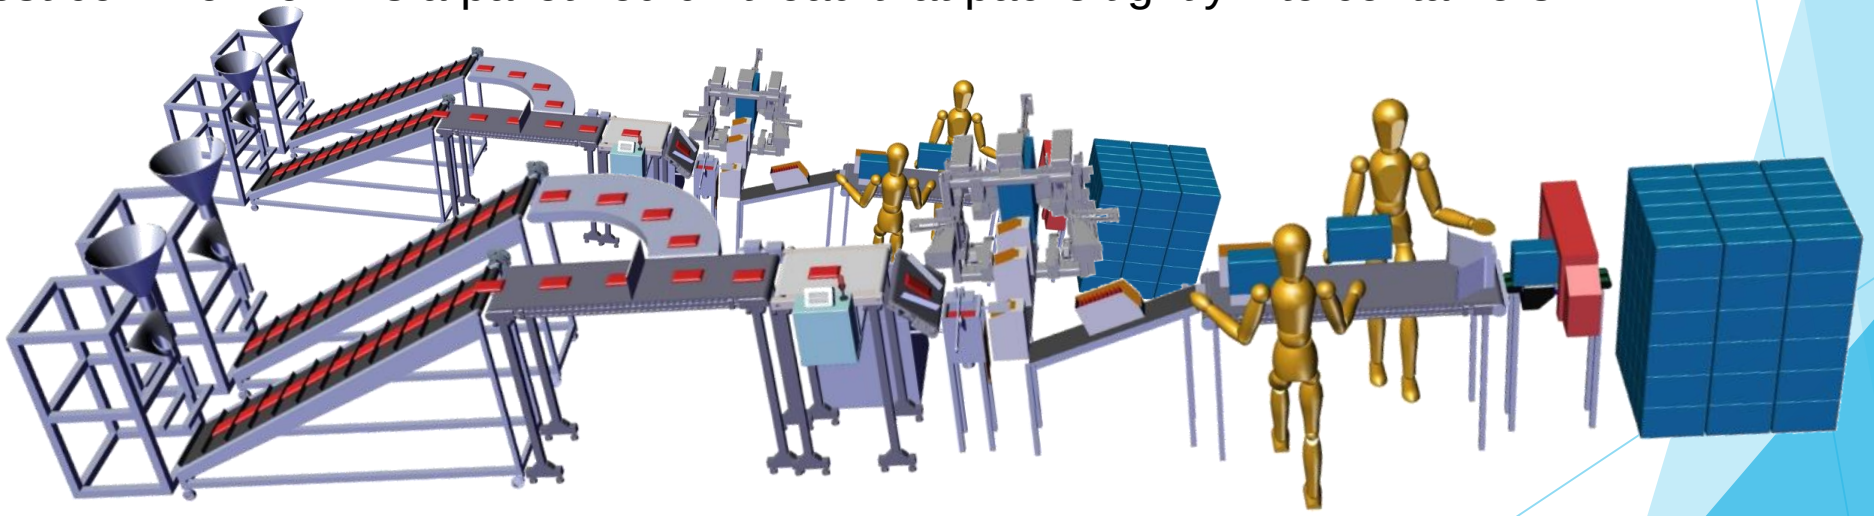

QUALITY PRACTICES : 3C & **5S**

SOFTWARE STRENGTH : **SOLID WORKS 2016**
AUTOCAD 2016LT

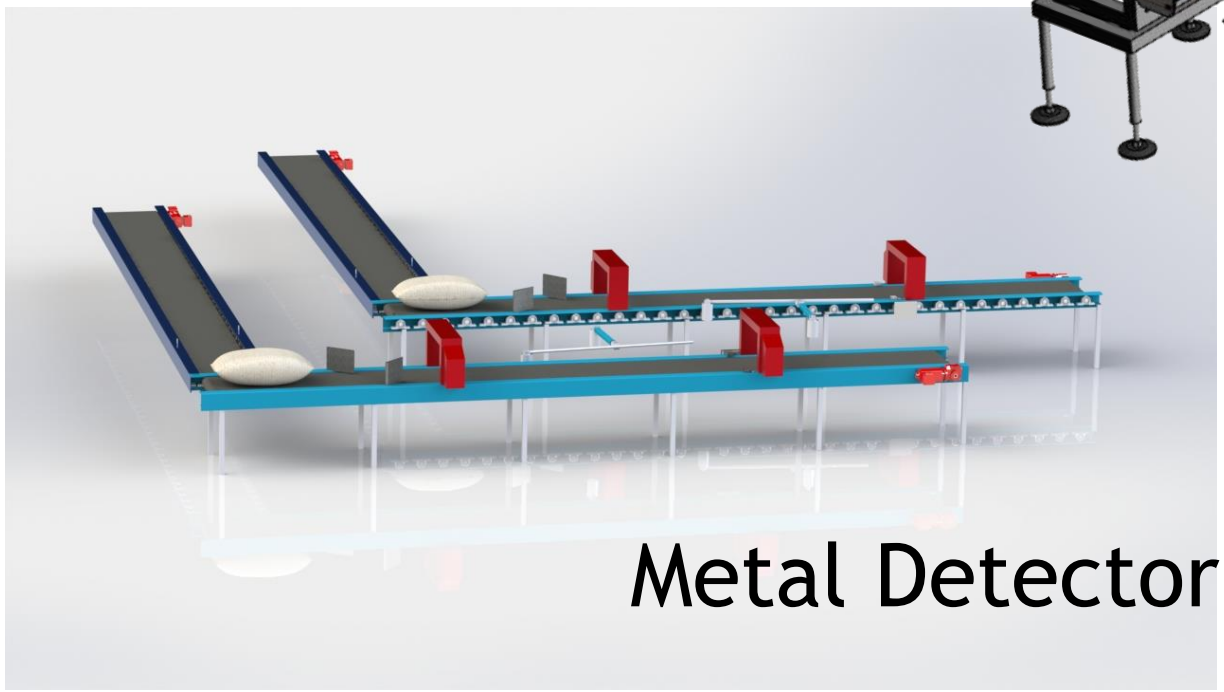

WIDE PRODUCT PORTFOLIO

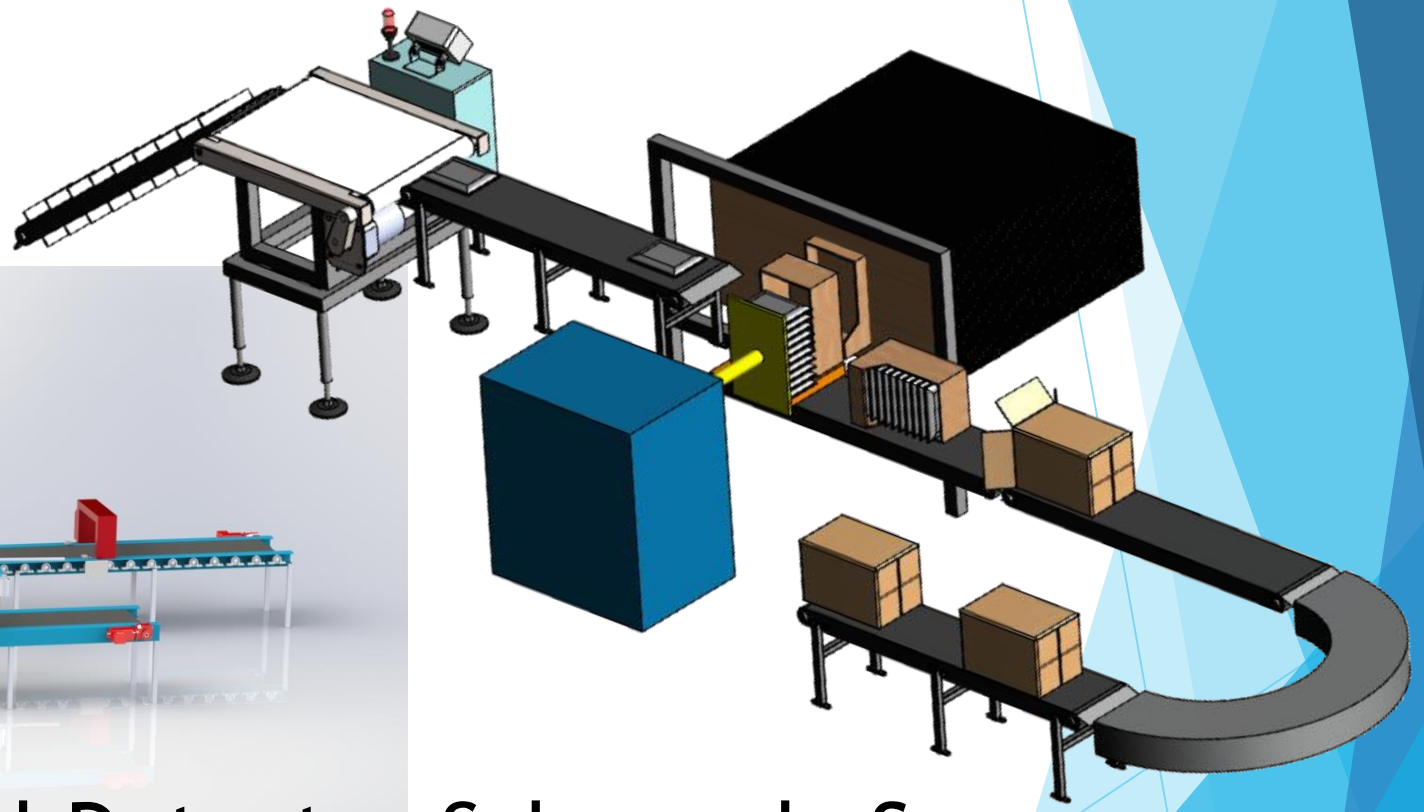

Packaging System

•**Primary packaging** is the material that first envelops the product and holds it. This usually is the smallest unit of distribution or use and is the package which is in direct contact with the contents.
•**Secondary packaging** is outside the primary packaging, and may be used to prevent pilferage or to group primary packages together.
•**Tertiary or transit packaging** is used for bulk handling, warehouse storage and transport shipping. The most common form is a palletized unit load that packs tightly into containers.

Carton erector & filling

Metal Detector & barcode Scanner

Pick And Place

- Manipulator
- Jig Boom
- Jig Crane
- Crane Manipulator
- Robotic Arm

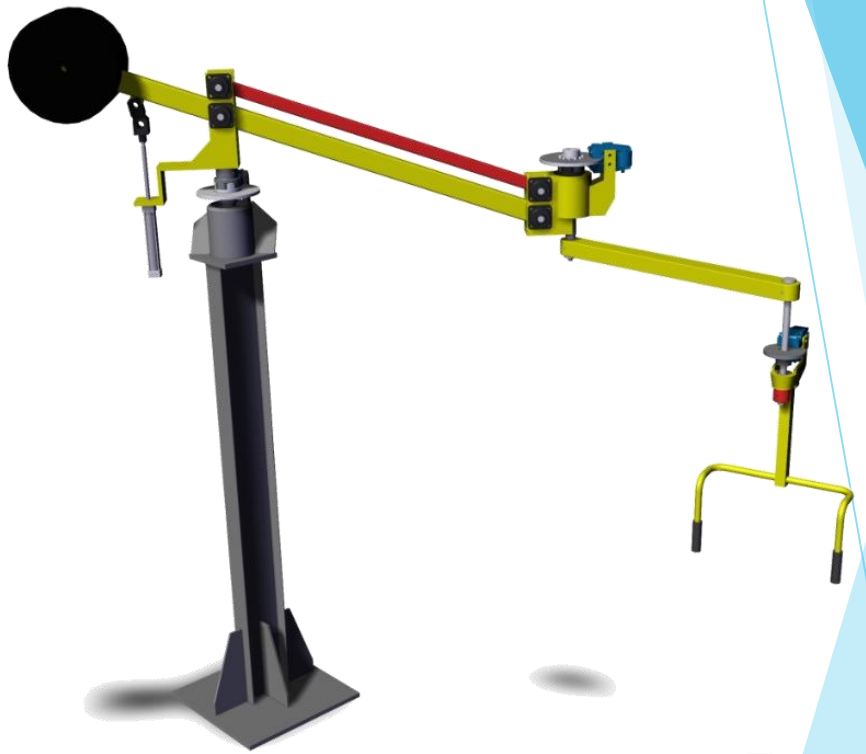

Manipulator

Rail Mounted

Floor Mounted

Scissor Lift, Barrel Lift & Tilt; Custom Lift Goods Lift

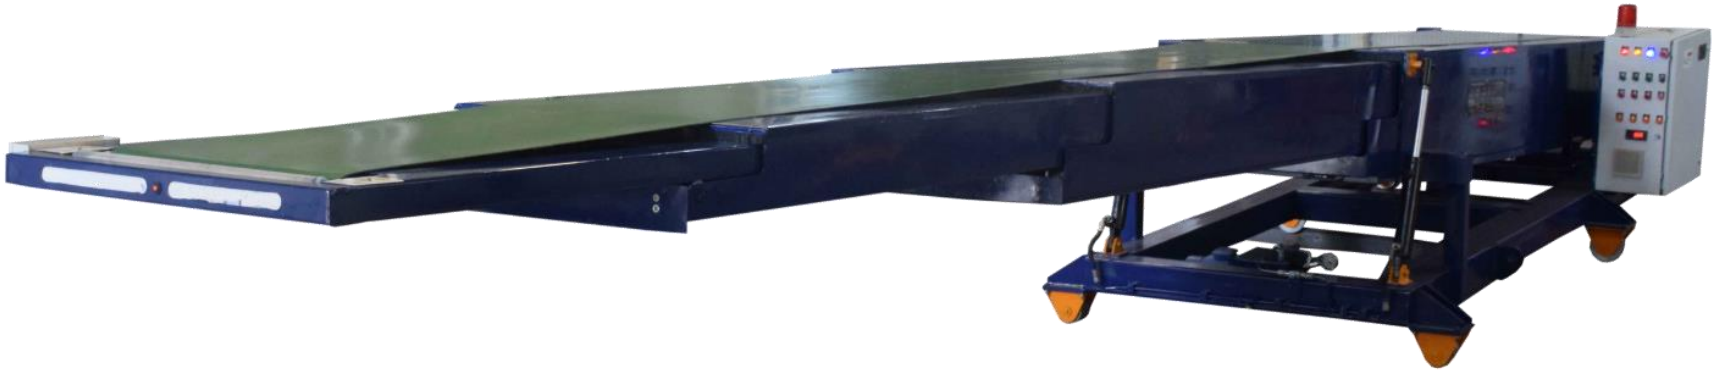

escopic Conveyor

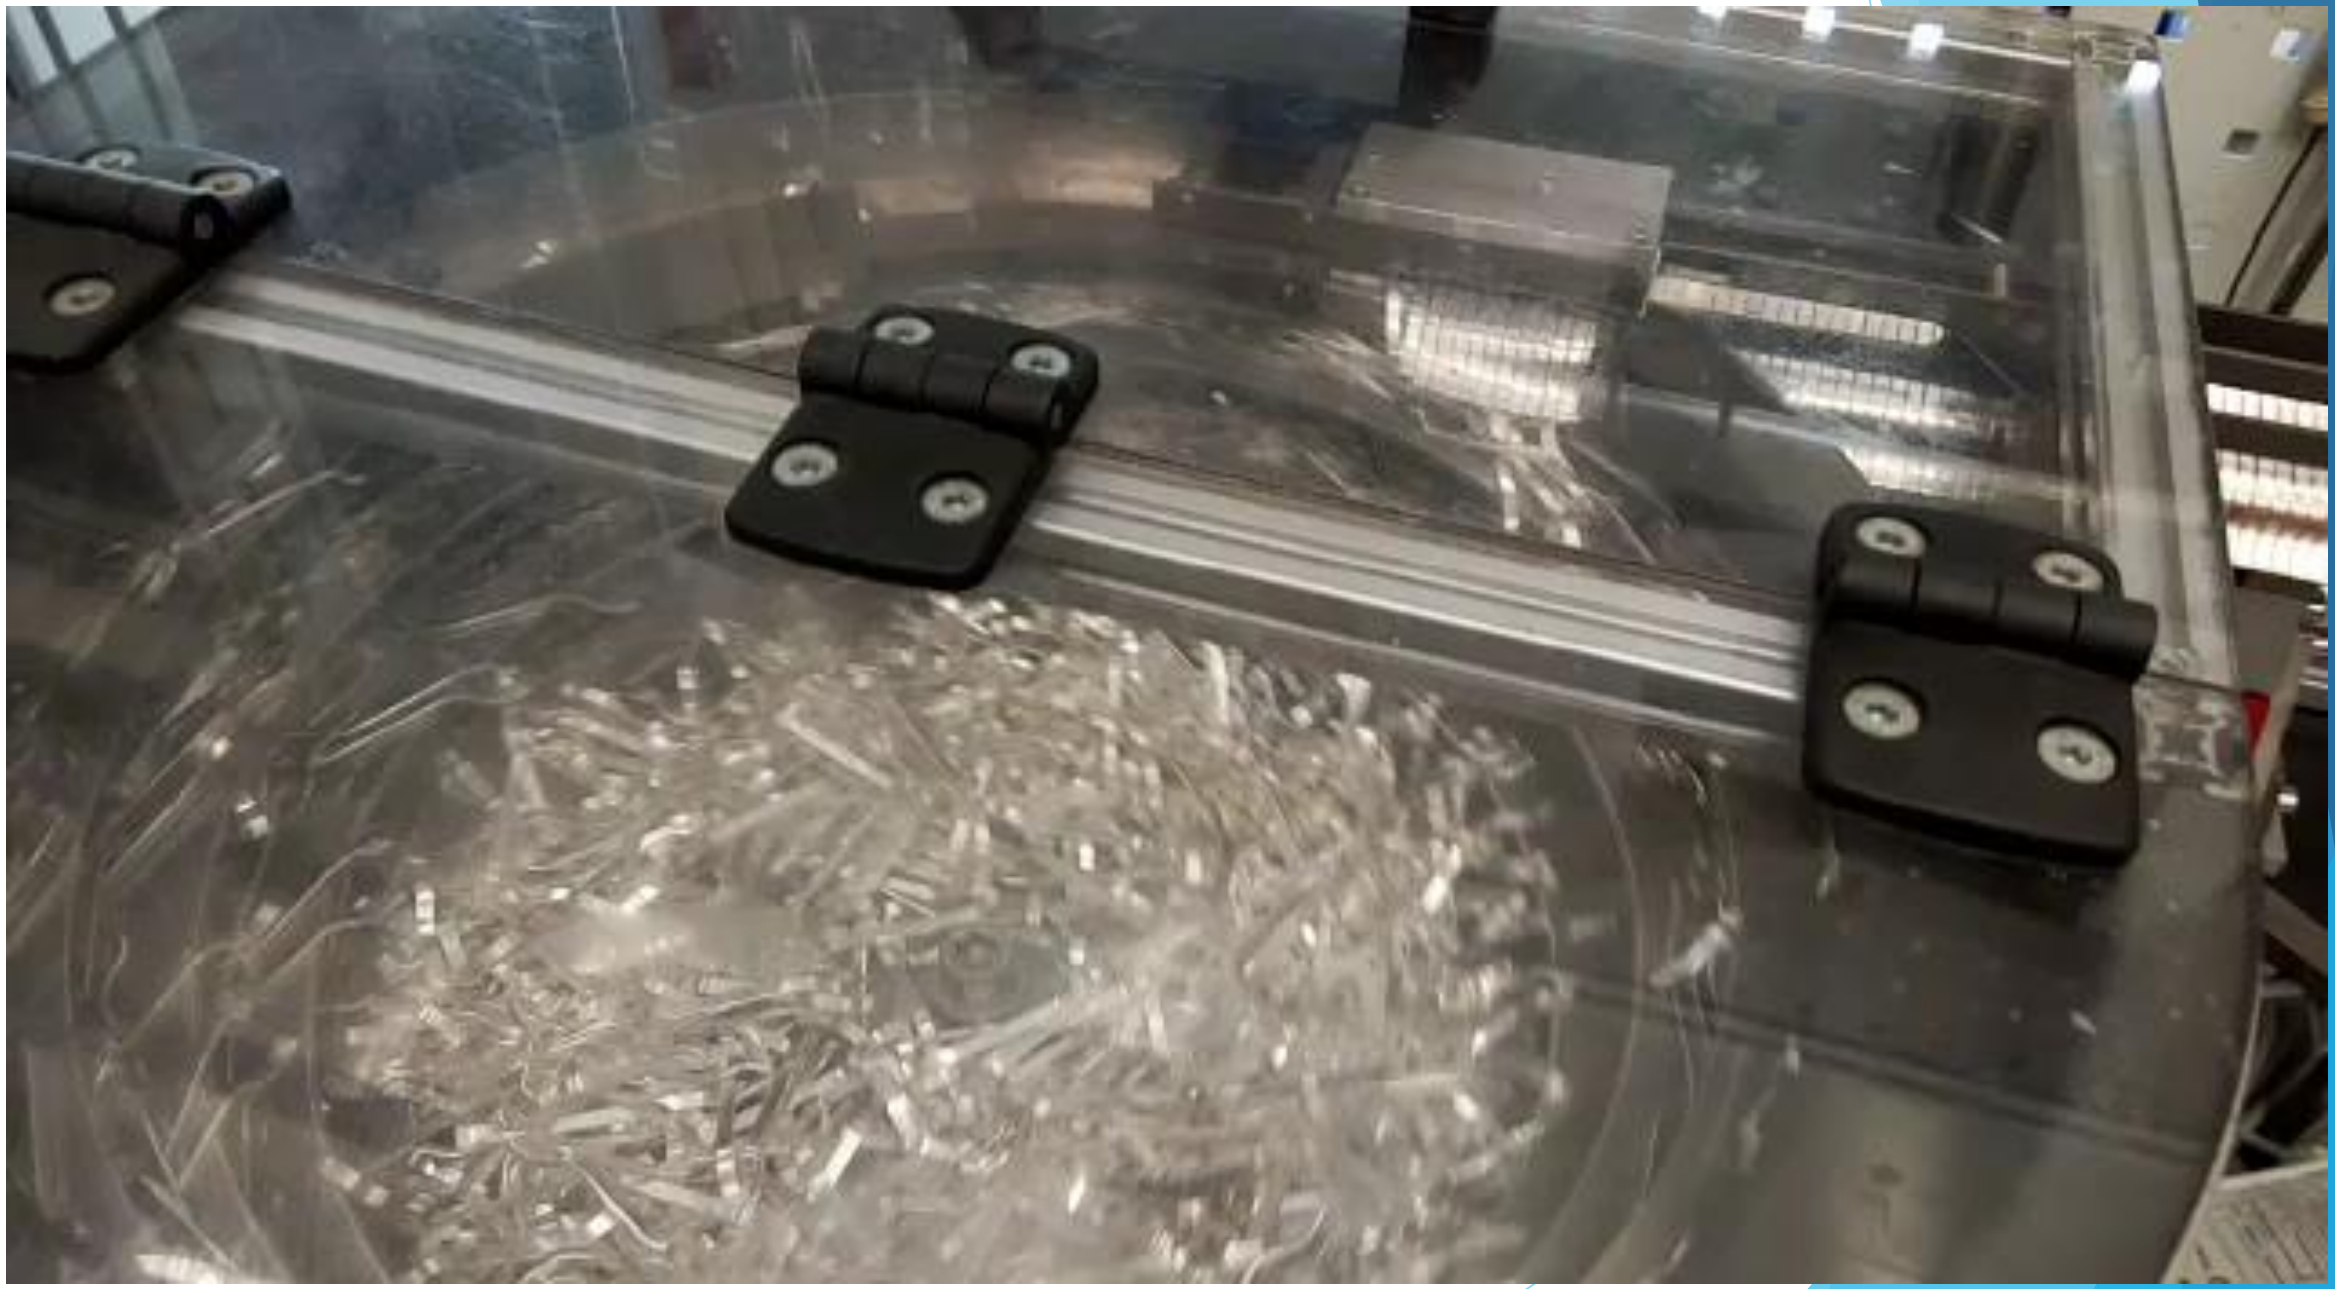

Bowl Feeder

Vibratory bowl feeders are common devices used to feed individual component parts for assembly on industrial production lines. They are used when a randomly sorted bulk package of small components must be fed into another machine one-by-one, oriented in a particular direction.

Vibratory feeders rely on the mechanical behavior of a part, such that when gently shaken down a conveyor chute that is shaped to fit the part, they will gradually be shaken so that they are all aligned. They thus leave the feeder's conveyor one-by-one, all in the same orientation. This conveyor then leads directly to the following assembly or packing machine.

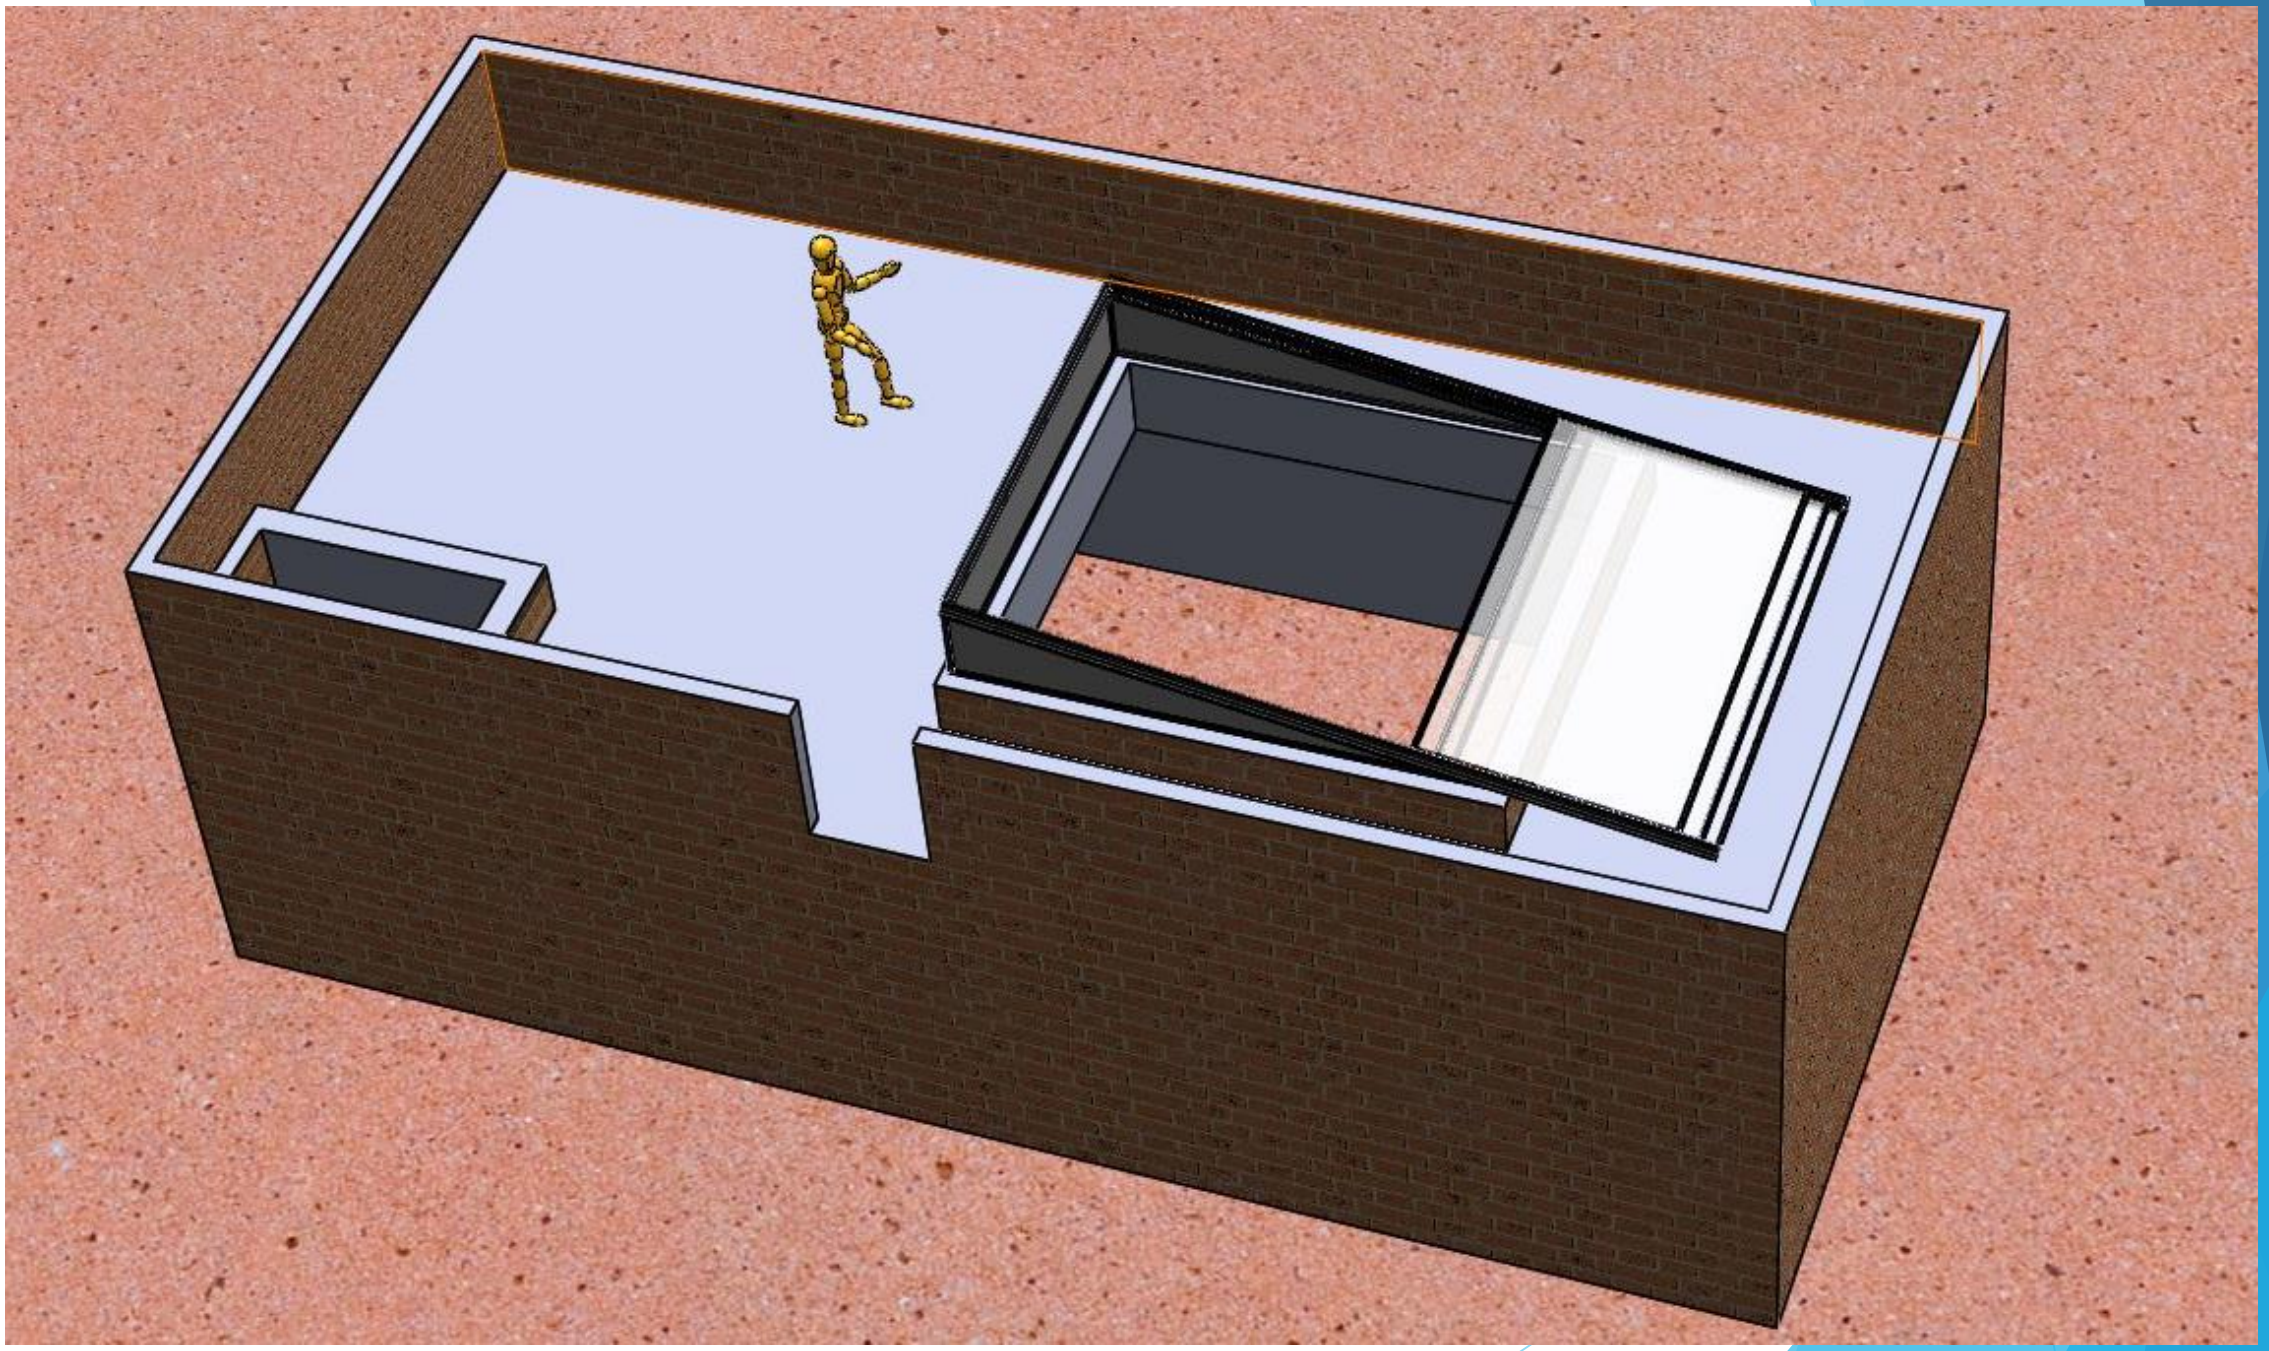

Innovative Solutions

- Special Purpose Machines(SPM)
- Custom Design Welding Machines
- Custom Spool Feeder

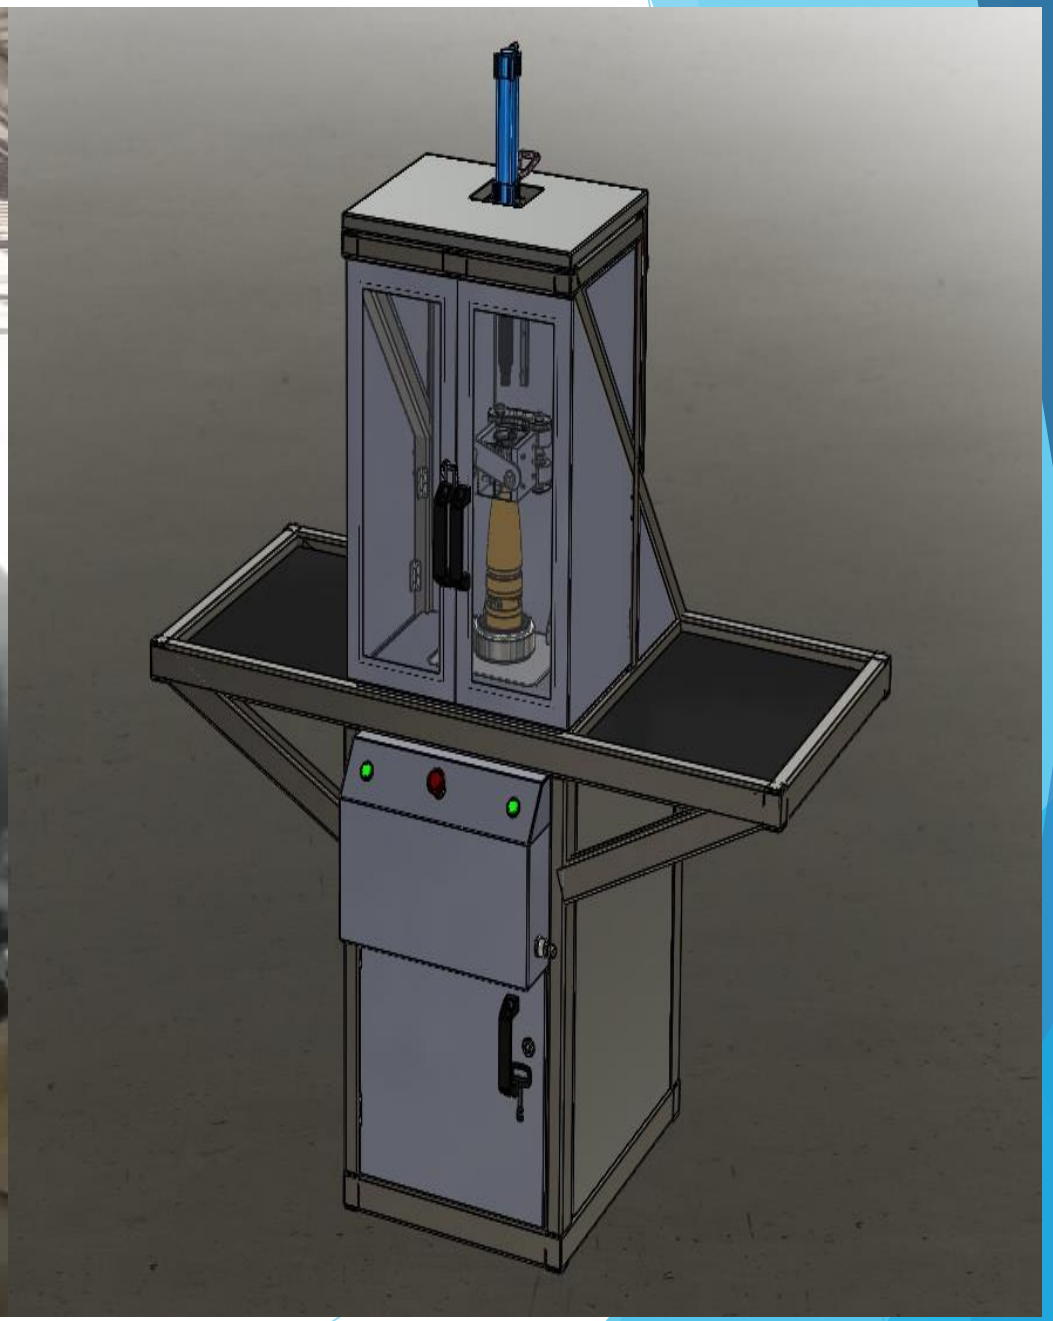

TAIL TIGHETNING UNIT

- Special Purpose Machine which tights tail in MOTAR 81 shell
- Machine operation devided in 3 sections
- Loading of tail
- Loading & Clamping of MOTAR shell
- Loading of 90mm spring
- Single push button to start
- Motor start sensor indication
- Rotational motion to MOTAR Shell
- Smooth Tightening of TAIL ASSEMBLY

PROJECTS

- MANIPULATOR - TENNECO CHENNAI
- TELESCOPIC CONVEYOR – EMCURE CHAKAN PUNE
- BOWL FEEDER – SIEMENS AURANGABAD
- AUTOMATED ROOF – KHIVANSARA HOUSE PUNE
- SPM – ORDINENCE FACTORY DEHU RD
- SPM – SOCIAL ORGANIC
- SECONDARY PACKAGING LINE – AMAR TEA MUMBAI
