A guide to preventative maintenance for Albany High Performance Doors

ASSA ABLOY

ASSA ABLOY Entrance Systems

The global leader in door opening solutions

Actuators

(Push button, Pullropeswitch)

What is the function?

- To open and close the door

What is the manufacturer's specification?

To make sure the manufacturer's specifications are observed, replace every:

- 1.000.000 / 10 years

Can I also replace it earlier?

- Yes, if there are repeated disruptions in functionality

How do they wear?

During the lifetime of the actuators there will be wear and tear due to:

- The mechanical wear of the contacts

What is the risk of not replacing?

When not following the manufacturer's specifications the customer is taking the responsibility for unintended breakdown, e.g.:

- The doors cannot be operated by actuators and door functions will be limited

Top reasons for preventive maintenance

- Keeps the warranty valid
- Prevents unexpected and expensive break-downs
- Prolongs lifetime
- Cost saving
- Minimises risk of personal injury
- Minimises energy loss
- Fulfills legal requirements
- Improves working environment
