

Mahendra Sachin Shelar

PROFILE SUMMARY

Motivated and Detail Oriented Mechanical Engineering Fresher with strong Knowledge of CAD design, 3D modeling, and drafting using CAD Softwares.. Skilled in creating mechanical components, assemblies and engineering drawings with a good understanding of GD&T and design principles. Completed academic projects and internship exposure in design with strong problem solving ability, eager to contribute as a Design Engineer.

PERSONAL DETAILS :-

NAME:- MAHENDRA SHELAR

DOB :- 09/07/2004

CONTACT :- +91 8308735858

E MAIL :-

shelarmahi5858@gmail.com

SKILLS :-

- SOLIDWORKS
- AUTO-CAD
- ANSYS WORKBENCH
- CATIA

LANGUAGES :-

- ENGLISH
- MARATHI
- HINDI

EDUCATION

Graduation

Course	B.Tech in Mechanical Engineering
College	COEP Technological University, Pune
Score	60.12% (Till 7 Sem)

Diploma Education

Course	Diploma in Mechanical Engineering
College	Cusrow Wadia Institute of Technology, Pune
Score	94.4%

Secondary Education

Board	Secondary School Certificate (SSC)
School	Amol Memorial English Medium School
Score	87.40%

INTERNSHIPS

NIHVA TCHNOLOGIES PVT LTD | Jan 2026 - Jun 2026 (Present)

Key skills :- Solidworks, AutoCAD, Technical Drawings, Weight Estimation

Description :-

- Design and develop automation systems for retractable roof,automatic doors and sliding mechanisms.
- Create 3D CAD models and 2D drawings for components like frame, track, rollers, and drive systems.
- Performed design calculations and prepared fabrication drawings.
- Collaborated with manufacturing team and installation teams for execution

PROJECTS

Automatic Toggle Screwjack | January 2025 - April 2025

- Led the comprehensive mechanical design of an Automatic Toggle Screw jack, performing detailed power screw calculations, torque analysis, and thread geometry optimization.
- Executed rigorous stress analysis and component design for critical elements such as nuts and linkages,ensuring structural integrity and operational reliability.
- Developed complete engineering documentation and specifications, contributing to a robust And manufacturable system within the project duration of January to June 2025.
- Applied advanced CAD tools for 3D modelling and simulation, enhancing design precision and validating performance parameters

ACHIEVEMENTS

- College topper in Diploma Engineering.
- Crowd and Safety Cooridnator – COEP TECH GATHERING
- Training And Placement Coordinator – CUSROW WADIA INSTITUTE OF TECHNOLOGY PUNE
- Core Committee Head – Aarambh Fest in CUSROW WADIA INSTITUTE OF TECHNOLOGY PUNE
