- **Roof Automation:** Domes, Auto. vertical sliding windows, auto. Swing pool covers and deck and roof automation

Each solution is tailored to meet the specific operational, safety, and regulatory requirements of the application.

"NIHVA" has always been strongly supported by world leaders in automation. Our commitment is to execute projects with highest quality, on time & within the budget,

Our Reputation built on strong 4 columns i.e. EXPERIENCE – SKILLS – ABILITY - INNOVATIONS

Our Sales & Service Support –

- West : Pune, Mumbai, Nagpur, Nasik, Ahmadabad, Surat, Vadodara, Indore, Goa,
- South : Chennai, Bangalore, Hyderabad
- North : Delhi, Chandigarh

Our Strength	You will get
World class quality and reliability	Save / reduction in TIME, MONEY & ENERGY
On time delivery	Comprehensive Solutions to your needs
Promise is Promise	Satisfaction

Who We Are:

NIHVA Technologies is headquartered in **Pune, Maharashtra (India)** and operates on a **Pan-India execution model**. We are a young and fast-growing organization, supported by **years of industrial experience**, strong engineering capability, and partnerships with **globally recognized leaders in Automation**. Having Manufacturing facility in Pune more than 40,000 sqft area.

Our organization is structured to deliver **complete project responsibility**, covering:

- Engineering & system design
- Manufacturing & system integration
- Installation & commissioning
- Testing, validation & handover
- After-sales service & lifecycle support

This integrated approach allows us to deliver projects **on time, within cost, and in full compliance with safety and quality standards**.

Our Vision: Our vision is to be a **trusted leader in "Automation Solutions"**, recognized for:

- Technical excellence
- Continuous innovation
- Quality-driven execution
- Total customer satisfaction

By adding **operational intelligence** to customer processes, we enable our clients to achieve their business objectives more efficiently and sustainably.

Our Mission: Our mission is to deliver **advanced automation solutions and services** by leveraging:

- Leading-edge information and communication technologies
- Proven automation platforms
- Strong engineering expertise
- Best-in-class project execution practices

We aim to consistently exceed customer expectations by delivering **reliable, scalable, and future-ready solutions**.

Our Core Purpose: Our core purpose is to provide **optimized and integrated automation solutions** that help individuals and organizations **save time, effort, and cost**, while enhancing operational intelligence and long-term sustainability. We strive to inspire progress through **innovative technologies, intelligent designs, and reliable execution**, contributing not only to business success but also to broader social and economic prosperity.

Engineering-Driven Organization: NIHVA is fundamentally an **engineering-led company**. Our strength lies in our ability to translate operational requirements into **practical, safe, and high-performance automation solutions**.

Design & Engineering: Our experienced design and engineering teams focus on:

- Application-specific system design
- Compliance with relevant standards and safety norms
- Optimized performance and energy efficiency
- Ease of operation, maintenance, and future expansion

Every solution is engineered to match the **exact requirements of the application**, rather than offering generic or off-the-shelf configurations.

Manufacturing & System Integration: NIHVA follows controlled manufacturing and system integration practices to ensure:

- Consistent product quality
- Reliable performance under industrial conditions
- Seamless integration with customer infrastructure

Our systems are assembled, tested, and validated before dispatch to minimize site risks and ensure smooth commissioning.

Installation, Commissioning & Project Execution: We understand that **execution defines success**. NIHVA's trained operational teams ensure:

- Safe and structured site execution
- Compliance with project schedules
- Minimal disruption to ongoing operations
- Thorough testing, commissioning, and documentation

Our commitment is simple: **deliver what we promise—on time and without compromise**.

Quality as a Core Commitment: Quality at NIHVA is not a department—it is a **shared responsibility across the organization**.

Quality Policy - NIHVA is committed to understanding and meeting the **current and future needs of our customers** through:

- Continual improvement of the Quality Management System
- Employee involvement at all levels
- Focus on customer service, reliability, and innovation. We set measurable objectives, review performance regularly, and continually enhance our systems and processes.

Management Systems & Process Discipline: NIHVA operates with structured management systems that support sustainable growth and consistent delivery:

- **Policy Deployment** for alignment of goals and actions
- **Training & Development** for continuous skill enhancement
- **CRM, ERP, and HRM systems** for operational transparency and control
- These systems ensure that our commitments are backed by robust internal processes.

Human Capital – Our Greatest Asset: Our success is driven by a dedicated team across:

- Design & engineering
- Operations & project execution
- Sales & application support
- Service & maintenance

Our culture emphasizes **ownership, accountability, continuous improvement, and teamwork**, empowering employees to deliver excellence.

Service & Lifecycle Support: NIHVA provides **strong after-sales service and support**, ensuring long-term system reliability. Our service capabilities include:

- 24×7 support availability
- Preventive and corrective maintenance
- Rapid response by trained service personnel

We believe in standing by our customers well beyond project completion.

Our Strengths:

- Strong support from **global automation technology leaders**
- Qualified sales and application engineering team
- Reliable after-sales service network
- Customized solutions aligned to customer operations
- Wide product range with consistent quality
- Professional, dependable, and transparent execution

Why NIHVA: Clients choose NIHVA because we offer more than products—we deliver **confidence and commitment**.

- Execution within committed timelines
- Engineering solutions designed for real-world performance
- 24×7 service capability
- Long-term partnership approach
- **"Commitment Beyond Contract"**

At NIHVA Technologies, we believe that every project is a partnership built on **trust, engineering excellence, and shared success**. We look forward to the opportunity to understand your requirements and contribute to your operational goals through intelligent automation solutions. We would be pleased to engage further and explore how NIHVA can support your current and future automation needs.

Thank you very much for your opportunity and trust. We assure you our best services all time.

If you need any further information/assistance, pl. reverts to us.

Our Services

Our services:

Consultation Service for Complete Door Opening Solution: NIHVA is the emerging brand in door opening solutions in INDIA, dedicated to satisfying end-user needs for security, safety, and convenience. NIHVA is represented in all major regions, on both mature and emerging markets.

Specification: All our schedules are computer generated to ensure clarity in the materials specified and the materials to be ordered. The information presented will directly correlate with the individual door locations as found on supplied drawings. We follow CSI format for specifications and can also adapt to client's format as well. We have GAI qualified Specification writers with immense Ironmongery and Entrance Door experience in this region.

Technical Support: We have a team of experts based in Pune who are available 24×7 to provide technical assistance about our products at any level of the project.

Project Co-ordination: We will undertake to ensure that the materials specified will be fit for purpose across the various trades and where necessary meet the standards as stipulated by the local governing authority. As an international company we are also capable of integrating products, which comply with different national standards.

After Sales Service: All projects are provided with full maintenance manuals where required. These will include full adjustment and service details as provided by the manufacturer of each specific product.

Warranty certificate will be provided for all the products supplied and/or installed. Packing and marking will be made in accordance with the project requirements. Please visit our website http://www.nihva.com for further information.
