VERTICAL WORK PLATFORM / ORDER PICKER

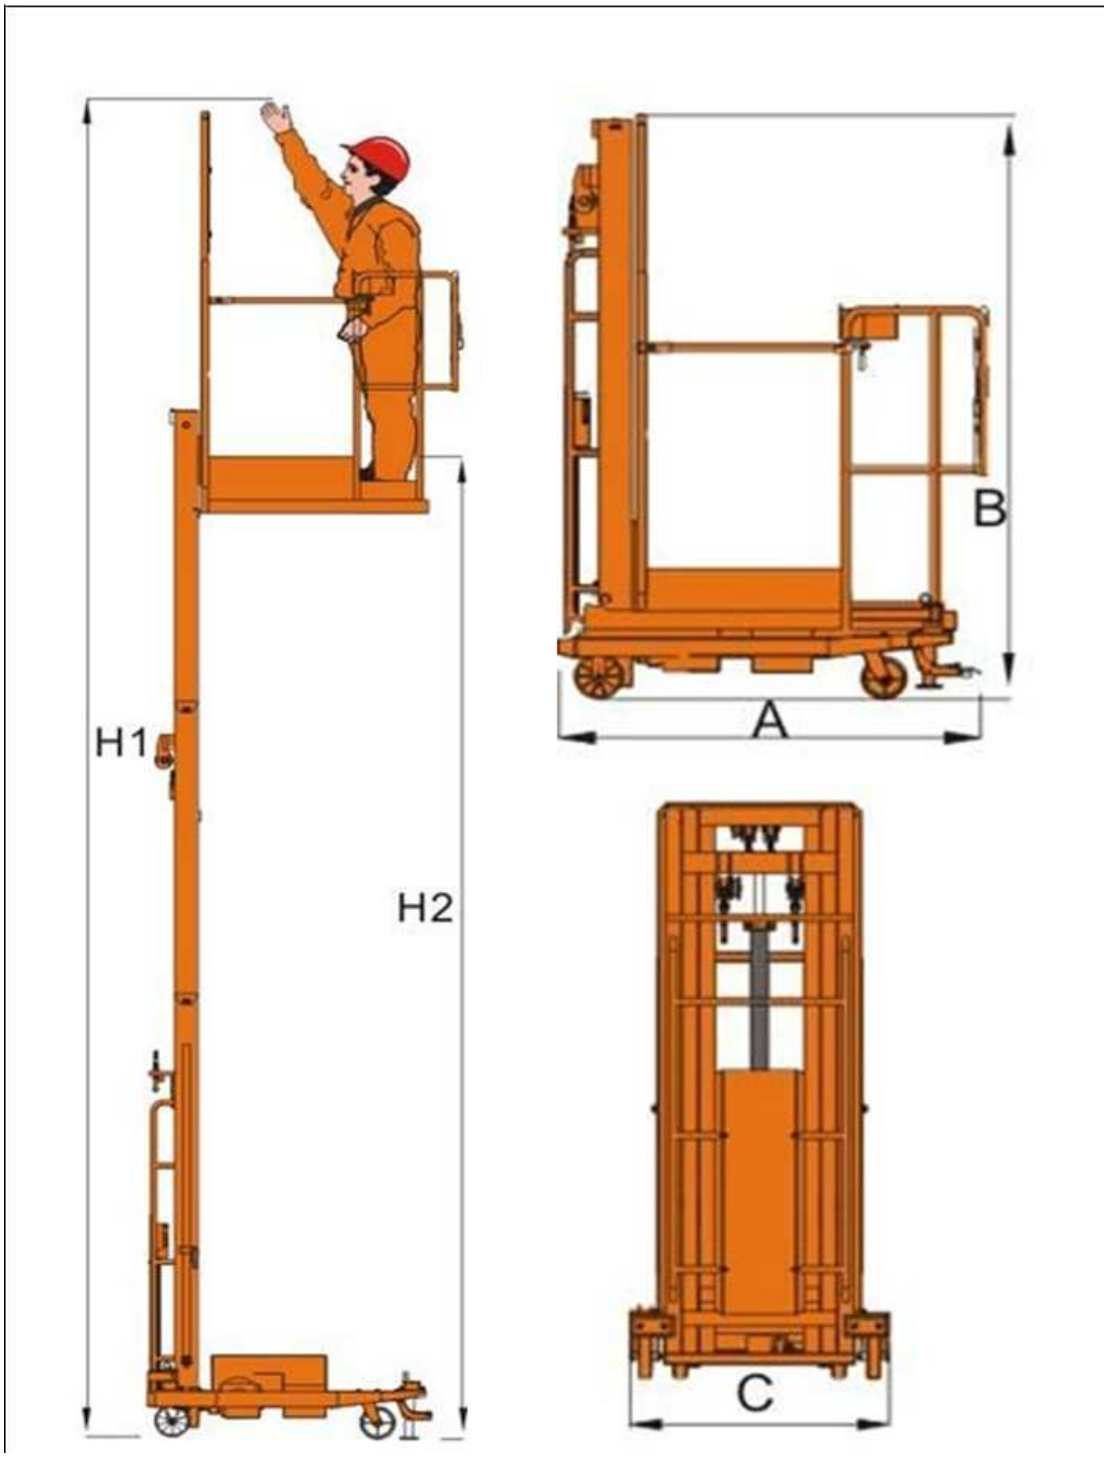

Vertical Work platform / Order picker is mainly used indoors, and it is quite flexible and versatile. It is electric powered, and its work platform can reach up to 4.5 m in the air, which can provide 6.5 m reach range. Its loading capacity is 200 - 300kg.

KEY FEATURES

- Spacious Operator Compartment with low platform height eases frequent entry and exit during the work shift for reduced body fatigue
- The light weight and maneuverability make it convenient to use in supermarket and warehouse
- Emergency stop button
- Two brakes and two brake pads
- Voltage indicator
- Safety brackets
- Emergency lowering system
- Lightweight design allows it to be easily transported by a single person

Technical Specification
