Retracting Roof

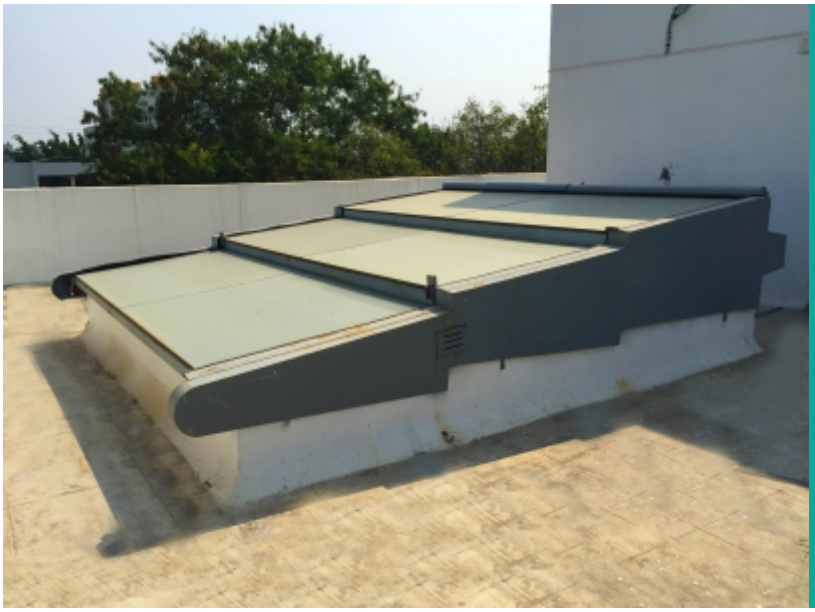

NIHVA

NIHVA Technologies Pvt. Ltd.

Introduction :

Our primary focus is providing superior service to our clients and creating differentiation in the lightweight structures industry. Our dedication to design and commitment to build provide our clients with a sole source resource. This is due to our unique infrastructure that has allowed us to vertically integrate our resources beginning with Design Development & Pre-Construction Services and moving seamlessly into Design & Engineering to Project Management, Manufacturing, Construction, and Service.

Technical Details Required :

- Structural System
- Degree Of Openness,
- Retracting And Deploying Mechanism
- Constraints And Common Malfunctions Of Particular Roofs
- The Condition Of The Building In Both The Open And Closed State

Key Features

- The roof is motorized and can be retracted to let sun directly onto pool anytime, and it can be retracted as little or as much as customer wants anytime. Eg half open, fully open, etc...
- Custom made to the unique shape of the roof which made it to All Seasons retractable roof .
- System is installed on custom steel work which spans the full length of the rooftop area.
- Operated via integrated dual motors the roof can be opened or closed in a matter of minutes to give the ideal finish to the roof
- The highly water resistant 100% solution dyed fabric provides protection from heat.
- Optional wind sensor to retract the system when strong sea winds come in unexpectedly.
- Channel remote control to allow individual operation
- Can incorporates the integrated LED lights this ensures that the roof area is able to be used both through the day and night and protect it from the elements with its high wind rating and waterproof PVC fabric

Automation Solutions	Material Handling Equipments	Door Automation
Pick & Place Machines	Dock Levellers	High speed doors / Sectional doors
Manipulator /Air Balancer	Scissor lifts / Mobile ramp	Sliding doors / Folding Doors
Wireless Automation (M2M)	Dock Shelters / Dock Seals / Dock House	Fire rated - Mot. Rolling shutters / Sliding doors
SPM	Goods Lift	Hanger Doors / Extra large opening doors
Automation Softwares	Spiral Conveyors / Belt Conveyors	Boom barriers / Turnstiles / Bollards
Grease / Oil Separator	Telescopic Conveyors	Sliding / Cantilever Gates
