Remarks:

In below terms, supplier is Sun Global Glass, buyer is Vijay M Tarak

1.Trade Term: EXW.

2.Payment Term: TT 50% deposit to confirm order, TT 50% balance before loading.

3.Production Time: 25-45 days after the deposit payment and final production details with drawings is confirmed, it could extend if the product inspection is extended by buyer or order request changed during production.

4.Quality: all the glass will produce with very high quality Chinese materials, and produce exactly as per the confirmed production details and drawings, to make sure the glass is no bubbles and no defects.

5.Inspection: all the glass before packing, the supplier will do 100% inspection as per the confirmed production details and drawings, and after the supplier inform the cargo is finished, the buyer also could delegate quality inspection personnel or third-party inspection agency to the factory to do the inspection as per the confirmed production details and drawings, if the buyer does not delegate someone to inspect the cargo at factory, and transfer the balance payment to ship out the cargo, will be considered that the buyer accepts the product quality.

6.Packing: all the glass will be packed as strong as possible in export plywood crates, however, it cannot avoid that the cargo is damaged during the bumpy transportation, so if the damage is over 5%, please inform supplier in time, supplier will contact the insurance company to compensate the buyer for the loss.

7.Shipping: after supplier informs the cargo is ready, the buyer should arrange the balance payment and ship out the cargo in two months, or the supplier has the right to terminate the contract without any refund, and the goods belong to supplier.

8.Arriving: the buyer should perform the customs clearance and pick up the goods within 20 days after the shipment arrives at the port. Otherwise the buyer will be deemed to have abandoned the goods automatically. The supplier does not bear any port charges due to the buyer's delay to pick up the goods.

9.After sale: have any quality problem with products, should inform supplier within 7 days after the cargo is received, and send all the details includes the photos for supplier, to let supplier know clearly what is the problem, or the supplier could consider that the buyer receive the cargo satisfy.

10.The price is valid for 10 days, and supplier reserves the right of final interpretation of this quotation list. If buyer think this Proforma invoice is ok, please stamp and sign, and send back to supplier with deposit payment, once the deposit payment is confirmed, this contract will be effective immediately.
