AUTOMATION SOLUTION-DIVISION

Ordnance Factory- Tail Unit Assembly Part 1

NIHVA
NIHVA TECHNOLOGIES PVT. LTD.

Date:

To,

Ordnance Factory
Dehuroad, Pune-412101

Kind Attention: **Mr. T.K. Panda**

Dear Sir,

Thank you for giving us an opportunity to participate with our offer onthe above project. We enclose here with our proposal includes:

- Requirement
- Scope of Works
- Drawing, Training & warranty
- Details of Application
- Commercial
- Terms & conditions

❖ Requirement

A. **Energy efficient Design:** The system should be energy efficient. The design shall ensure minimum possible power.

B. **Reduced Manpower:** All the operations will perform by machine automatically, except placing of tail to the headstock and removing of ready shell. So this system will require minimum labour work.

❖ Scope of work:

The scope of work shall be exclusively on Tail Unit Assembly. This includes following work.

1.Material handling will be done manually.
2.Tail unit will be placed manually into the headstock & shell into the cavity as spring inserted condition.
3. After that tightening of tail to the shell & spring Pressing will done automatically.
4. After tightening of tail the ready shell will remove from cavity by worker.

For the above scope, following set of activities are expected to be performed:

NIHVA Automation Services Scope of supply:

Tail Assembly System Includes following:

- Design
- Manufacturing
- Successful Trails at ourend
- Dispatch at your ends.
- Installation & Commissioning @ **ORDNANCE FACTORY DEHURAOD**
- Operator & Maintenance Training.
- Warranty of the equipment for 1 year from commissioning date.
- Hard & Soft Copy of Operator & Maintenance Manual

❖ Drawing:

We will issue a full set of shop drawings for approval within 2 weeks of receiving the confirmed order and finalized design details.

❖ Training:

After installation of the automation system, we will train the Clients personnel in the operation and basic maintenance, including the understanding of the error codes on the control system (if applicable).

❖ Warranty:

The warranty period is twelve months from the date of installation and commissioning.

If a defect arises within the warranty period stated, which is attributable to faulty design, materials or installation workmanship the product will be repaired at our discretion without charge. This guarantee is subject to proper use of the product and assumes that the product is regularly serviced and maintained by skilled personnel in accordance with the operation and maintenance instructions supplied.

❖ Maintenance & Service Agreement:

We would suggest that you take advantage of a maintenance and service agreement on the NIHVA products, which will guarantee trouble free operation and speed of response in an emergency. Customized proposals are available on request
