Dear Vijay,

As discussed in yesterday's teams call, please see below sizes of the sport courts:

1. 2 nos of Paddle ball court: 14m (b) x 24m (l) x 10.5m (h)
2. 4 nos of Pickle ball court: 9.1m (b) x 18.2m (l) x 6m (h)

Kindly note the following:

1. Project is at construction stage currently.
2. The courts are on the terrace level.
3. The structure is in RCC.
4. The terrace has 350mm fill over the RCC slab, so the poles/str elements for the retractable roof has to be anchored on the slab & pardi has to be taken up for the tracks of retractable roof.

Request you to share the following:

1. Loading to be considered for the retractable roofs on the RCC slab.
2. Width of pardi or structural member to be considered for the tracks of retractable roof.

Kindly let us know if you need any additional information.

Also, please let us know by when you can share the data.

Thanks & Regards,

Aarti Soneji
