Company Profile

NIHVA

We Make Possible

"NIHVA" pioneers in offering intelligent and innovative 'solutions'.
We are proud of our products & service range offered with a high level of working safety, comfort, functionality and supported by value added solutions and services.

"NIHVA" specializes in providing integrated solutions in factory and warehouse automation, standard and customized material handling solutions and door automation. Apart from this for any project our scope commences from understanding the requirement, functionality, designing & solution to installation and commissioning. Further we prefer to be with you by providing a service backup for a 'commitment beyond contract'.

We understand the importance of manpower in providing such services to our esteemed customers and therefore we have best engineers to ensure trouble free services. Our values and culture drive team empowerment and trusted customer relationships.

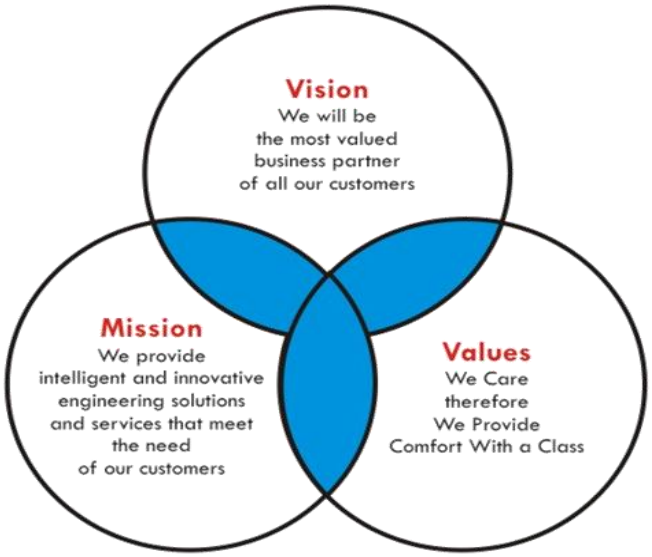

Our Business partners / associates are market leaders & specialize in application knowledge. The combination of this knowledge & our expertise allows us to appreciate unique business challenge and to support you with the most efficient solution. Our Head Office is located at Pune in Maharashtra (India).

"NIHVA" has always been strongly supported by world leaders in automation. Our commitment is to execute projects with highest quality, on time & within the budget, while adhering to safety, health and environmental standards and to get established as an icon in providing best engineering services.

"NIHVA" Business activities divided in 3 divisions.

- **Door Automation**
- **Material Handling Equipment**
- **Automation Solutions**

We have a plan of our presence in India with wide network of business partners complimented by a battery of our expert sales and services personnel.

NIHVA

AUTOMATION SOLUTIONS

- Robotics Integration – Part Inspection, Sorting
- SPM
- Machine communications and Automation software's.
- Palletizing
- Pick & Place Manipulators and Various Assembly
- Wireless automation (M2M) – Monitor, Command and Control various parameters remotely,

Automation Softwares

Greas / Oil Separator

NIHVA'S - SERVICES / MAINTENANCE / AMC

Prevention is better than cure is an old philosophical statement but very true in all aspects of our life.

Any engineering solution is viable for the user until it is working without any glitches and provides trouble free operation. As a matter of fact the solution should be such a part of an operation that it should be noticed only if it fails to perform.

NIHVA values its customers and their businesses and therefore has also built capabilities to provide after sales services. NIHVA is equipped with sophisticated tools and trained engineers to provide quick and efficient service to ensure minimum downtime, prevent unexpected breakdowns and safe work environment.

NIHVA

MATERIAL HANDLING EQUIPMENT

"NIHVA" - Material Handling division provides ideal solution for your material movement, lifting, driving & tilting issues, palletizing loads for various industrial and warehousing applications.

We are pioneers in warehouse technology, with advance warehouse equipments and software. We create simple logistics solutions for your warehouse and factory considering your special requirements.
