

We Make Possible

"NIHVA" pioneers in offering intelligent and innovative'solutions'.
We are proud of our products & service range offered with a high level of working safety, comfort, functionality and supported by value added solutions and services.

"NIHVA" specializes in providing integrated solutions in factory warehouse automation, standard and customized Material Handling solutions and Door Automation. Apart from this for any project our scope commences from understanding the requirement, functionality, designing a solution to installation and commissioning. Further we prefer to be with you by providing a service backup for a 'commitment beyond contract'.
We understand the importance of manpower in providing such services to our esteemed customers and therefore we have best engineers to ensure trouble free services. Our values and culture drive team empowerment and trusted customer relationships.

Our International Business partners are market leaders & specialize in various application expertise. The combination of this knowledge & our expertise allows us to appreciate unique business challenges and support you with the most efficient solution Our H.O. is located at Pune in Maharashtra (India).

Our commitment is to execute projects with highest quality, on time & within the budget while adhering to safety, health and environmental standards and to get established as an icon in providing best engineering solutions, services and products.

"NIHVA" Business activities divided in 2 divisions.
