With best Regards,

Vijay Tarak
Director
NIHVA TECHNOLOGIES Pvt Ltd

COMPANY VISION, POLICY AND OBJECTIVES

Our Mission

We are a customer-centric organization committed to deliver quality products and services efficiently and on-time. Our mission is to deliver single source of innovative engineering solutions, automation products and services, and world-class service support.

We strive to implement next-generation technologies and solutions for our customer needs, thus helping them to derive maximum benefit of their investments.

We fulfill our mission through core values that have become the lifeline of our organization.

Values that work at Work

In our pursuit of the Company's mission, we shall cherish the following values, which shall guide and drive our business endeavors. These values will help us to align the leadership and people of **NIHVA** to its mission, goals and culture.

Excellence

We shall aim at excellence in all our endeavors. We shall aggressively strive to exceed the expectations of our customers within the parameters of the Company's mission. Under complex situations where many factors are beyond the control of the employee, we expect the employee to do his best without compromise.

Integrity

We shall conduct ourselves in a conscientious manner, in all our transactions and deal with people in a professional way.

We shall encourage employees to realize that business and professional growth are functions of trust and we shall continuously discourage devious behavior.

We encourage and value integrity of our Team Members towards their work and customers.

Accountability

We shall take ownership for any work that the Company has committed itself to and shall ensure that our actions do not affect customer satisfaction.

We shall collaborate with one another to meet organizational commitments and take personal responsibility for task accomplishment.

Organizational Pride

All our actions must be governed by a shared understanding of being with the Company and we shall have pride in this fact. For this we shall call upon Team members to participate in decisions and actions.

Fairness

We shall be fair and equitable in dealing with people and problems.

The good intention of the Company shall be reflected in the day-to-day practices of management and supported by systems and procedures, which provide for fair treatment.

Learning

We shall foster organizational learning through sharing and innovation.

We shall encourage individual efforts for learning and professional enhancement in organizationally relevant directions.

Key Characteristics

At **NIHVA** we have after a series of consultations agreed to uphold the following eight Key Characteristics that will distinguish our business practices. These key characteristics of work are features or qualities that will make us function effectively. In our judgment such characteristics are required to match our capabilities to the Entrance Automation business requirements.

Quality

- State-of-the-art, Innovative, High Quality Products
- World-class, Superior, Customized and Always-Ready Customer Service and Support
- Overachieve and Exceed Customer Expectations

Timely Delivery

We shall accept tasks in a time frame in which performance can be measured, recognized and rewarded

We shall commit ourselves to hand over deliverables on time as per the agreed specifications.

Cost Effectiveness

We shall internalize the sensitivity to cost, as it is the lifeblood of business.

We shall simplify the process of understanding our productivity to enable employees to relate expenses, costs, profits and growth of **NIHVA**.

Adaptability

We shall adapt ourselves to new technologies and complexities in work and learn to successfully operate in diverse business environments.

We shall institutionalize methods of self-renewal to facilitate proactive changes in our systems and work process.

Competence

We shall train, develop and empower our employees to acquire ability and authority to appropriately respond to diverse work situations.

We shall create systems to motivate employees to acquire job mastery and professional growth.

Teamwork

We shall work in an environment of trust, openness and togetherness maintaining distinction between individuals and issues.

We shall adopt team working as a management style to achieve common objectives and we shall enjoy working well together.

Sensitivity

We shall be empathetic, sensitive and responsive to the needs of customers and employees.

We shall protect our customers' interest and encourage our employees to serve them better.

Reliability

We shall encourage employees to be dependable and cultivate a feeling of trust. We shall expect and support employees to be consistent and predictable in their actions.

- Safety
- Environment conservation (green initiatives)
- Quality
- On time delivery
- Productivity
- Inventory
- Quality management system
- Customer Satisfaction
- Profitability and Growth
- Sound Business Relationships with customers and suppliers

CODE OF BUSINESS CONDUCT

1.0 Our Framework

Our code policies define the ethical behaviors that we all need to demonstrate when working for NIHVA. They are mandatory. While these are for internal use, external publication is not restricted in support of our transparency

Our values of integrity, respect, responsibility and pioneering govern everything we do

2.0 Who should follow the code policies?

The code policies must be followed by anyone who works for or represents NIHVA

3.0 What Employees must do?

- **Gain a basic understanding** of *the policies*.
- **Learn the details** that is relevant to your job responsibilities.
- **Stay attuned** to developments in your area or industry that might impact NIHVA's compliance with laws and regulations or reputation in the marketplace.
- **Understand that NIHVA may review, audit, monitor, intercept, access and disclose information** processed or stored on its computer / software network.
- **Promptly raise any concerns** about potential violations of code of conduct
- **Cooperate fully and honestly** in investigations related to cases / complaints of violations

Employees who do not fulfil their integrity responsibilities face disciplinary action up to and including the termination of their employment. The following examples of conduct can result in disciplinary action.

EXAMPLES -

- **Violating law or NIHVA Code of conduct** or requesting that others do the same.
- **Retaliating against another employee** for reporting an integrity concern.
- **Failing to promptly report** a known or suspected violation of code of conduct.
- **Failing to fully and honestly cooperate** in investigations of possible policy violations.
- **Personally set the example for integrity**, not just through words, but more importantly, through actions.
- **Create an open environment** in which every employee feels comfortable raising concerns.

- **Communicate the importance of compliance** with sincerity and conviction at every appropriate opportunity.
- **Document and escalate** any employee's expressed concern through the appropriate channels.
- **Take prompt corrective action** to address identified compliance weaknesses.
- **Take appropriate disciplinary action.**
- **Integrate employees' integrity contributions** into evaluations and recognition and reward programs.

4.0 How to raise the concern

You can choose to speak to someone about a potential integrity issue or put it in writing. Generally, your supervisor or manager will be in the best position to resolve an integrity concern, but **other resources includes HR Manager or Company Director(s)**

5.0 How to handle integrity concerns

NIHVA fairly examines every integrity concern through an investigation team to determine the facts through interviews and/or the review of documents. Appropriate corrective actions are initiated and feedback is provided to the person who raised the original concern.

6.0 Code of conduct

6.1 Obey the laws of the land

- **Know and comply** with the laws and regulatory requirements that affect your job responsibilities.
- **Treat regulators professionally,** with courtesy, honesty and respect at all times.
- **Be the Voice of Integrity and promptly escalate any potential issues** that may lead to a regulatory compliance breach.
- **Monitor regulatory compliance** on an ongoing basis

6.2 Financial integrity and protecting our assets

- **We will comply** with all Company policies and applicable laws and regulations relating to the preservation of documents and records.
- All employees will adhere to Delegation of Authority (DOA) guideline
- **Maintain effective processes and internal controls** that fairly reflect transactions or events, as well as prevent or detect inappropriate transactions.
- **Maintain complete, accurate and timely records** and accounts to appropriately reflect all business transactions.
- **Never engage in inappropriate transactions**

6.3 Improper payments (Do not permit or engage in bribery or corruption of any kind.)

- **NIHVA prohibits bribery** in all business dealings.
- **We maintain accurate books, records, and accounts** that correctly reflect the true nature of all transactions.
- **Never offer, promise, make, or authorize** a payment or the giving of anything of value to anyone in order to obtain an improper business advantage.
- NIHVA maintains 'No Gift Policy'. P**roviding or receiving gifts, entertainment or anything else of value** is prohibited.
- **Never contribute Company funds or assets for political purposes**
- **Follow your business due diligence procedures** and require that any third party representing NIHVA be carefully selected and comply with this policy.

- **Treat with extreme caution** a demand from a third party to receive its commission payment prior to winning a deal/contract

6.4 Supplier Relationships

- **NIHVA relationships with suppliers** must be based on lawful and fair practices.
- **NIHVA does business with suppliers** that comply with all applicable legal requirements relating to labour, employment and environment, health and safety
- **NIHVA safeguards information,** including confidential and proprietary information and personal data.
- **Avoid potential conflicts of interest** when you select a supplier, and never accept improper gifts or other items of value.
- **Always report issues and concerns regarding supplier relationships:** be the Voice of Integrity and talk to your manager if you see unsafe conditions in supplier facilities, supplier employees who appear to be underage or an apparent disregard of environmental standards in supplier facilities.

6.5 Ensuring Quality in all areas of business

- We ensure prompt, accurate and true information all the time.
- We are committed to deliver Quality Products and services.
- Zero defect is the ultimate goal

6.6 International trade compliance

- **NIHVA will comply with all export control, economic sanctions and customs laws** that regulate cross-border transfers of goods and technology.
- **We follow all business procedures** relating to the import of goods.
- **We Report accurate, complete and timely information** on import declarations, and provide accurate and complete product descriptions when classifying goods.

6.7 Intellectual property (IP)

- **NIHVA owns the IP created by its employees** as part of their employment
- **Only use or distribute NIHVA's proprietary information for the benefit of NIHVA,** and not for personal gain.
- **Do not take, access, provide access to, or use any of NIHVA's proprietary information or other IP** without authorization after leaving the company
- **Consult with your manager if you have any questions** or concerns regarding how to identify, handle and protect IP.
- **Do not provide NIHVA's proprietary information to a third party without the proper internal approval** and the necessary confidentiality agreement with the third party.
- **Do not use any source code or other software from a third party without obtaining prior approval from NIHVA management**.

6.8 Cyber security

- **NIHVA will protect** its networks, systems, devices and information in its possession. It is our policy to use information only for legitimate purposes and to maintain appropriate access controls.
- **Limit access to information to authorized individuals** who need it for legitimate business purposes.
- **NIHVA will prevent unauthorized access, accidental loss, disclosure or destruction of any information through password protection, access controls, backups or any other IT security measures**

6.9 Confidentiality of information

- "Confidential Information" means all material, non-public, business-related information, written or oral, whether or not it is marked as such, that is disclosed or made available to the receiving party, directly or indirectly, through any means of communication or observation.
- Entire communication with customer is treated as confidential information and any violation to this subject will be treated as integrity violation and appropriate disciplinary action will be initiated on concerned employee(s)

6.10 Conflict of interest

- **You have a duty to ensure that nothing interferes with your ability** to make all business decisions in the best interest of NIHVA..
- **No activity at work or home** should harm NIHVA's reputation
- **You have a duty to disclose** if your personal or financial activities may interfere or have the potential of interfering with your allegiance toward the Company.
- **Misusing company resources or influence is prohibited**.
- **Obtain prior approval** from Company director before hiring, promoting or directly supervising a family member or close friend
- **Disclose** financial interests you may have in a company where you could personally affect NIHVA's business with that company.
- **Do not** accept gifts from suppliers, customers or competitors.
- **Do not** accept personal discounts or other benefits from suppliers or customers
- **Do not** use NIHVA resources, intellectual property, time or facilities for personal gain. Avoid any activity which creates the potential perception of a conflict between your personal interests and the interests of the company

6.11 Prohibited drugs and substances

- Use of prohibited drugs and substances creates genuine safety and other risks at our workplaces. We do not tolerate prohibited drugs and substances from being possessed, consumed or distributed at our workplaces, or in the course of company duties.
- In addition, use of tobacco products and alcoholic products is prohibited while on NIHVA's duty

6.12 Environment, health and safety

- **NIHVA strictly complies with all environmental, health, and safety (EHS) laws** that apply to our operations.
- **We develop and follow safe work** procedures to ensure workplace safety and prevent injuries.

6.13 Corporate social responsibility (CSR)

- The **purpose of corporate social responsibility** is to give back to the community, take part in philanthropic causes, and provide positive social value
- NIHVA is engaged in philanthropic CSR in collaboration with Rotary Club NGO District 3131 Pune

EMPLOYEE TRAINING

Training programs at **NIHVA** are conducted with the twin purpose of enhancing the current performance of the individual and enabling him to exploit his potential through developmental programs.

All training (whether technical or behavioral or developmental) is undertaken by in house faculty & or by engaging external faculty.

Training is imparted on the basis of the training calendar for a particular employee drawn out as per his Individual Development Plan. The IDP is an outcome of his annual performance appraisal process.

Types of Training Programs

Technical Programs

- Technical awareness of our Product (Mechanical , Electrical, Electronics)
- Product Assembly
- Installation & Commissioning of Product
- After sales services

Behavioural Programs
(Focusing on personal effectiveness and managerial programs)

- Simulation / Mock / practice sessions

Induction

NIHVA recognizes the importance of providing a comprehensive Induction program to all the new recruits that would help meet both individual and corporate objectives through well-informed employees and thus conducts Orientation Program for the new recruits.

It is mandatory for all employees to attend the Orientation Program in order to get completely oriented with the culture and environment of the organization.

The objective of conducting orientation program is manifold:

- To provide a general overview of the organization so that the new recruit feels welcome and at ease.
- To familiarize with various, policies, processes, culture and practices of the Company.
- He or she should understand the organization in a broad sense (its past, present, culture, and vision of the future.

EMPLOYEE DEVELOPMENT

- Competency Development

The company undertakes Competency development efforts to constantly enhance the capabilities of its workforce to effectively carry out current and anticipated future responsibilities. Personal development is primarily the responsibility of each employee. We also expect employees' initiative towards self-development to ensure their progress with in the organization.

- Performance Management

The Performance Management at **NIHVA** is a developmental endeavor. The basic purpose of the Performance Management is to continuously enhance the performance of the existing employees to achieve the business objectives and stated values of the organization. It ensures continuous improvement by:

- Performance planning
- Identifying strengths and improvement areas of employees,
- Identifying training needs,
- Identifying potentials for taking higher assignments and
- Recognition and reward

- Performance Appraisal

Annual performance appraisal for all engineers & staff employees will be conducted as per established criteria.
