Hypro GROUP

If it is Hygienic Process Engineering.
It has to be Hypro!

Hypro = **Hy**: Hygienic + **Pro**: Process

About "Hypro"

"Hypro" was founded in Jan 1999 by an first generation entrepreneur Ravi Varma - A Graduate Chemical Engineer. The objective was to serve the Hygienic Process Industry, its ancillaries and create a company with high values. After a successful journey since 1999 "Hypro" is an established name in the industry. "Hypro" not is only recognised for its Reliability & Quality but also is a Trustworthy partner for many.

Today "Hypro" has strong presence and references in Breweries & CO_2 recovery plants. Having worked with Global companies it has met the international standards for delivering process guarantees.

"Hypro" is managed by professionals who work towards one common objective of delivering the best. Today it has established "Hypro" as a brand in the industry which is regarded as synonym of "TRUST".

Vision & Mission

Leadership in Quality, Cost & Reliability.
Through Technical Innovation.

Innovation

With an urge to provide reliable and user friendly process systems, backing of our experience, core strengths in design aptitude and attitude, the ingredients we believe are, a perfect combination for innovation. The chemistry of above shows us a path to work towards constant up-gradation and providing innovative solutions. In a short span of time we have provided to our customers innovative solutions first of its kind and we are proud of having set a trend.

"Hypro" has filed two patents in 2011 for "Improved CO_2 liquefaction process" & "Smart Wort Cooling".

Why "Hypro" ?

Products

Brew House

Micro & PUB Breweries

CO_2 recovery systems for Breweries & Distilleries.
(Hypro - MEE CO_2 Recovery Plants)

CIP Systems for
Food & Beverage Industry

Unitanks

Flavoured Beer Systems

Customised Process Units

"Smart Wort Cooling Systems" *
(* Patent Applied)

Beverage Equipments

Aseptic, Sterile & Hygienic Sampling Valves :
From World Leader in Sampling "KEOFITT"

Product Range:

- **Turnkey Solutions for Breweries**
- **CO_2 Recovery, Storage & Evaporation**
  (Hypro – MEE CO_2 Recovery Plants)
- **Micro & PUB Breweries**
- **Expansion/Upgradation of**
  - Brew House
  - Yeast Propagation & Storage Systems
  - Unitanks Complete Cold Cellar Block
  - Beer Filtration, DAW, Blending & Carbonation
  - Bright Beer Storage Cellar
  - CIP Systems
  - Beer recovery from Tank Bottoms
- **Multi Evaporation Split Refrigeration in Breweries**
- **Flavoured Beer Plants**
- **Beer Blending Systems**
- **Additive Dosing Systems**
- **Beverage Equipments**
- **Energy Recovery Units**
- **Liquid Processing Systems for Pharmaceuticals**
- **Fermentation Plants**

At Hypro we have in depth understanding of the industry needs and we believe this as the first step to provide appropriate solutions. As the industry demands are well known, with our experience application and innovative skills, solutions are offered to make every process work as it should.

Concise Reference List

Complete Brewery Process Plants
- Krones India
- Parag Breweries, Carlsberg India - 0.35 Mi HLPA to 0.7 Mi HLPA

Brew House Systems
- Arlem Breweries
- Auragabad Breweries
- Tripti Alcobrew
- UB Group

Yeast Management
- Complete Yeast Propagation & Storage, Spent Yeast Deactivation Systems
- UB Group,
- APB SriLanka,
- SAB Miller
- Foster's India

Beer Blenders
- SAB Miller
- Fosters India

Unitanks & BBT's - Complete Cold Cellar
- APB SriLanka
- Lion Breweries Sri Lanka
- Krones India
- SAB Miller
- Blossom Industries
- Denzong Group
- Serengeti - Tanzania
- Trupti Alcobrew
- Sona Nigeria
- Carlsberg India
- Universal Breweries Mauritius
- Kals Breweries
- UB Group

CIP Systems
- SAB Miller
- UB Group
- Mysore Breweries
- APB India

Co_2 Recovery Plants
- UB Group
- Carlsberg India
- Carlsberg Myanmar
- Blossom Industries
- Lion Breweries Sri Lanka
- Adie Broswon
- Sica Breweries
- Devans Modern Breweries
- Manav Breweries
- Universal Breweries, Mauritius
- Crown Beers International
- Molsoon Coors, India

Micro Breweries
- Brew Sky - Geist
- The Paul, Bangalore
- Brewbar, Bangalore
- BrewBot, Andheri, Mumbai
- The great Beer Restaurant, Chandigarh
- The White Owl, Mumbai

Mini Industrial Brewery
- Hotel Namgay Heritage, Thimpu Bhutan

Filter Room
- SAB Miller India

Pharmaceutical Systems
- Intervet Laboratories
- Akzo Nobel

DA Water Plant
- Universal Breweries, Mauritius

Additive Dosing Units
- SAB Miller
- United Breweries

Packaging Beer Recovery Systems
- Carlsberg India

Flavoured Beer Systems
- Carlsberg India

Smart Wort Cooling Systems
- United Breweries

Beverage Equipments
- Citrus India

Infrastructure

"Hypro" has one of the most modern infrastructure & machineries which helps it build high quality tanks and systems under one roof. Systems are assembled, components are wired, tested and can be delivered ready for installation at site. Modern machinery for fabrication includes press shop, spinning equipment, rolling, cutting & welding, automatic surface preparation for tanks from inside and outside.

Innovative Energy Recovery Schemes

- **Smart Wort Cooling System** *(Patent applied for)*
- **CO_2 Evaporator with Energy Saving & Energy Recovery**
- **Multi Evaporation & Split Refrigeration in Breweries**
- **CO_2 condensation with maximum energy saving** *(Patent applied for)*

Our Customers

Systems are delivered by many, Quality by few, reliability stands for select and TRUST is gained by the Elites. "Hypro" certainly is in the Elite group and aims to retain it on long term basis.

"We Say What We Do & Importantly Do What We Said"

Our Clientele :

HEINEKEN, Carlsberg, SAB MILLER INDIA, UB, AB InBev, IION, KRONES, FOSTER'S, KALS Distilleries Pvt. Ltd., Nature's Secrets, intervet, THE BALAJI GROUP, Sona Breweries Plc., Geist, BREWBOT, Citrus Processing India (P) Ltd., The Paul, AKZO NOBEL, SERENGETI BREWERIES LIMITED
