Detail dimension:
To detail out Pooja room. We need the following details.
1. If Idol worship - what will be the size, number and order in placement.
2. If Photo worship - - what will be the size, number and order in placement.
3. What are the other elements that will be placed inside the pooja room?
4. What will be the user flow inside the pooja room - How many people will stand at a time during normal days and during festival days.
5. Any particular worship practice inside the pooja will help us to plan accordingly.
6. If you have any particular image of positioning the Idol or Frames do share the image with us
