- Drawing of conveyor sections is uploaded in this tender for reference only

PARTICULAR CONDITIONS OF CONTRACT

1) Incomplete tenders or tenders received late or tenders not conforming to terms and conditions prescribed into the tender documents are liable to be rejected. The Corporation will not be responsible for postal delays in receipt of tender documents.

2) The corporation reserves the right to accept any tender in whole or part and reject any tender without assigning any reason. The corporation is not bound to accept one or more tenders in part. The decision of the corporation in this regards shall be final.

3) After the placement of the order the successful tenderer shall not be allowed to sublet or assign any part of the work order without our prior written consent.

4) The successful bidder should give in writing to the corporation, the name of his authorized person who will supervise the work and shall remain at the site during execution of the job.

5) CONTRACTOR'S SCOPE OF SUPPLY: Scope of supply includes all the required material specifically mentioned in either bill of quantities, price bid or special terms and conditions or technical specification / drawing. It will be the responsibility of the contractor to provide at their cost all required workers/labour, equipments, machinery and all material so as to complete the job as per drawing and specification.

6) If contractor brings defective / sub standard material at site, it shall be the responsibility of the contractor for the removal and disposal of the same at his cost. The corporation shall not entertain any claim from the contractor on this account. In case, contractor fails to remove such material within 15 days after issue of notice in writing to the contractor, the corporation reserves the right to dispose of such material at the entire risk and cost of the contractor.

7) TESTING OF WORKS / MATERIAL: The contractor if so desired by the corporation shall arrange to test the material used for the works as per instructions from the corporation / consultants and of the material used in the works to meet its specifications as per prevailing codes of the Bureau of Indian Standards / International Standards at no extra cost to the corporation (IOC).

8) Work Order quantities are approximate and payment shall be made as per actual measurement

9) SAFETY: All safety precautions and regulations should be strictly adhered to at no extra cost to the corporation.

10) ELECTRICAL WORKS: All electrical works should be carried out through licensed electricians only.

11) LABOUR LAWS-IDEMNITY BOND / UNDERTAKING: The successful contractor shall give an Indemnity Bond / Undertaking to the Corporation in the prescribed form for covering the provisions of the following statutes upto the latest amendments as applicable.

    a. Minimum Wages Act, 1984
    b. Equal Remuneration Act, 1978
    c. Inter-state Migrant Workman (Regulation of Employment & Conditions of Services) Act, 1979.

d. Contract Labour (Regulation & Abolition) Act, 1970
e. Workmen's Compensation Act, 1923.
f. Employees State Insurance Act.
g. Provident Fund Act.
h. Non-employment of child labour.

12) Particulars of Registration with appropriate Government Authorities / Statutory Bodies as mentioned above applicable should be furnished to the corporation on receipt of the work order.

13) MINIMUM WAGES: Contractor will pay his labourers working on the job undertaken by them for IOC, at least minimum wages statutory payable to the contract labourer. Contractor will have to show proof of having actually paid minimum wages to the labourers.

14) Provision of Safety Belts, Safety Shoes, Safety Helmets, and Safety Goggles etc. for Workmen working on the scaffolding (only steel scaffolding is allowed) is compulsory.

15) Traffic Jacket should be provided at contractors' cost for all the workers.

16) Proper barricading of the work area to be ensured by the contractor.

IMPORTANT GUIDELINES TO TENDERERS

1. The entire work shall be under the supervision of Site Engineer appointed by IOCL. The party will have to abide by the instructions given by authorized representative of the Corporation as well as any third party appointed by IOCL.

2. Successful tenderer shall have to complete tender formalities within 15 days from the date of placement of Letter of Intent failing which the bid of the party shall not be considered without any reference to tender and his EMD amount shall be forfeited as per Corporation's rule.

3. The contractor is bound to execute all items (whether mentioned in the tender or otherwise) required for proper completion of work.

4. The final bill shall be paid only after completing all contractual formalities including rectification work, if any, submitting copies of invoices in contractor's name & location duly verified with originals by site engineer, test reports / certificate, statutory formalities including challan of PF remittance and submission of various records / register maintained by the contractor pertaining to labours as required by labour laws, signing of Measurement Book and Corporation Service Entry Sheet and duly accepted by Acceptance Committee Visit nominated by IOCL. The date of completion of work shall be taken as the date accepted by Engineer in Charge of the project after completion of works.

5. Civil Engineer shall be appointed / positioned by the successful bidder at the Site before start of work for supervision of work etc.. Party shall have to submit a copy of degree of the site engineer under endorsement on his letterhead with signature of the particular site engineer along with his recent passport size photograph duly attested by the party before start of the work. The site shall be handed over to the contractor only after positioning of engineer by the contractor. If the positioning of engineer is delayed by contractor, then it will be delay on contractor's account and no time extension shall be granted on this account. The Civil Engineer shall be present during the entire work period and no permit/permission for work shall be given without his presence at the site.

6. Even if, Central / state PSUs / NSICs / JVs of IOC are exempted from tender cost / EMD but they shall be under the purview of Security Deposit / Performance Guarantee and Price Adjustment Clause for Delay as per tender conditions.

7. The contractor has to clear the site in all respect before commencement of work and after completion of work including removal of old structures (Brick / RCC / Steel), trees and jungles etc. without claiming any extra cost from the owner. All such material shall be appropriately disposed at an authorized dumping ground at the contractor's responsibility.

8. The classification of various items of works for purpose of measurements and payments shall be as per bills of quantities (BOQ). Except where defined in BOQ, the rates apply to all heights, depth, sizes, shapes and locations. They also cater for all cuts and wastes. No floor-wise separation shall be made for the rates. Likewise all heights of centering, shuttering, staging, formwork and scaffolding,

launching trusses and other launching methods are covered by the rates including multi stage propping for heights greater than one floor as per drawings. All structures required for working at height has to be arranged by the contractor and disposed of after completion of work at his own cost. Full Body Harness and other Safety Personal Protective Equipment (PPE) for all manpower working at the site shall be provided by the contractor at his own cost. Disposal of all dismantled materials is included in the scope of tender in the rates towards dismantling. No separate charges shall be payable towards disposal of waste / broken items.

14. The Bidder must make himself aware about the Site conditions to make realistic bidding. The existing Bottling Plant is a fully fledged Bottling plant operational for 16 hours/day from Mon – Sat with 01 day as weekly day of rest i.e Sunday.

15. Full Body harness is pre-requisite for working at height.

16. The fabrication of trusses etc. shall be done in Safe Zone as far as possible. The requirement of Hot work inside the premises shall be minimized.

17. Complete Safety precautions incl. positioning of Fire Wall with Asbestos sheets should be planned wherever Hot Work is to be carried out. Any such cost of temporary arrangements / fixtures etc. is already considered in the Estimate and shall be in Contractor scope. If regular Hot work is envisaged, the contractor may plan for temporary walls on the boundary with working plant.

18. Quality Certificates for materials shall be provided before supply of materials.

INSTRUCTIONS TO TENDERERS

(Instructions for Filling / submitting tenders)

1. Submission of tender:

Tender documents must be submitted / uploaded only in the prescribed tender schedule form supplied by the Corporation. The tender and subsequent communications if any, should be submitted / uploaded in the bid supplied by the Corporation by the closing date and time. The tender should reach the concerned authority as laid down in the tender form, before the closing date and time.

2. **Tender fee:** Nil.

3. Study of tender documents and visits to site:

Tenderers should study the tender documents carefully before quoting. The tenderers should also visit the site and acquaint themselves with site conditions. The tenderers are also expected to know about the availability of water, power, approach road cum- construction material, as per our specifications and any/ all other ancillary facilities since these are to be provided / arranged by the tenderers (unless otherwise specified) at their cost to execute the works. All these factors must be taken into account.

4. Filling of tender documents:

Tenderers must distinctly understand that they are required to conform to the conditions of this contract as contained in each of the clauses and that the plea of "custom prevailing" will not on any account be admitted as an excuse on their part for infringement of any of the conditions.

Contractor should pay all taxes as per the prevailing rates and as revised from time to time.

The rates quoted must be inclusive of all material, labour, equipment, taxes and duties, loading, unloading, lead and lift for material etc. required in connection with completion of work to the entire satisfaction of the Corporation. All materials are to be supplied by the contractor unless otherwise specified.

The rates quoted shall be valid for duration of 6 months from the date of opening of tender. If the contractor fails to accept the work order if placed at his originally quoted rates or subsequently negotiated rates as the case may be, the earnest money deposit will be forfeited. Once the quotation is accepted and the work order is placed on the successful tenderer, the rates will be valid till the work is 100% completed.

5. Clarifications / Negotiations:

Negotiations are not carried out as a matter of routine. However, Corporation reserves the right to conduct negotiations and Tenderers will have to attend to the office of the Corporation for negotiations / clarifications required in respect of their quotations without any commitment on the part of the Corporation

6. Acceptance of tender by Corporation:

a. Incomplete tenders, conditional offer, tenders received late (i.e. after due date and time for opening) and tenders not conforming to the terms and conditions prescribed in the tender documents or not accompanied by the requisite EMD will be rejected. Requests for adjustment of pending bills or any other amount towards earnest money deposit will not be accepted. The Corporation is not bound to accept the lowest tender and reserves the right to reject any or all tenders without assigning any reason whatsoever and or to carry out negotiations with the tenderers in the manner considered suitable to the Corporation.

b. The tenderers may have to attend to the office of the Corporation for negotiations/ clarifications required by them in respect of their quotations without any commitment on the part of the Corporation.

c. In case of negotiation, the tenderer should send the confirmation of such negotiation so as to reach the office of the Corporation within 7 days from the date of negotiations failing which the Corporation reserves the right to ignore the quotation.

7. Acceptance of Work Order/LOA by Tenderer:

After communication of the Corporation's acceptance of the contractor's tender, if the contractor fails to return the duplicate copy of the work order /letter of acceptance and agreement duly signed in token of their acceptance within 15 days, the EMD may be forfeited by the Corporation, without any further reference to the contractor.

8. Execution of agreement:

On acceptance of the quotation, the successful contractor will have to execute an agreement with the corporation covering all aspects of the contract in standard form, immediately before commencement of the works. The intending tenderers should acquaint themselves with the provisions of standard agreement prior to quoting.

9. Power of attorney:

When the party signing the agreement is not the sole proprietor, the necessary power of attorney authorising the person who is acting on behalf of the firm should be produced before execution of the agreement.

10. Execution of works:

The contractor on receipt of the work order and before starting the work, shall submit a detailed construction program (PERT / BAR/ MS PROJECT) chart adhering to the completion time quoted in the work order. The program thus submitted shall form a part of the contract and shall be binding on the contractor. However, the corporation reserves the right to alter the programme if necessary. No claim whatsoever of the contractor on this account will be entertained.

11. Material / Equipment:

All material required for execution of work must be got approved by our site representative before they are brought to the site and also before being actually put

to use. All facilities for prior inspection of material and subsequent inspection of work by our site engineer must be made available.

11.1 Material without approval:

a. Any material brought without prior approval will be entirely at the risk and cost of the contractor.

b. If contractor brings defective / sub standard material to site, it shall be the responsibility of the contractor for the removal and disposal of the same at his cost. The corporation shall not entertain any claim from the contractor in this account in case the contractor fails to remove such material within 15 days after issuing notice in writing to the contractor. Corporation reserves the right to dispose such material at the entire risk and cost of the contractor.

c. Work order quantities are approximate and payment shall be made as per actual measurements. The contractor is not entitled to for any sort of compensation towards material procured/ stored in excess of the measured quantity if any.

d. Excess quantities over and above that mentioned in the work order or extra items or deviation in work order should not be carried out by the contractor unless he has been asked to do so in writing and if carried out without such written approval, the same will be at risk and cost of the contractor.

e. Detailed measurement of works carried out shall be jointly taken by the contractor and our site engineer at every stage of work before proceeding to the next stage as per relevant clauses of GCC.

f. Entire works shall be carried out under the supervision of the authorized representative of the corporation.

12. Procurement of material:

It shall be contractor's responsibility for procurement of all material / equipment etc and no delay due to non- availability of any material/ equipment will be entertained by the corporation.

13. Safety and security of material:

The responsibility of the material and equipment brought or installed by the contractors (till they are handed over to IOCL) will remain with the contractor and any claim of whatsoever nature due to any loss or otherwise will not be entertained. The contractor will have to handover completed job in its entirety as per work order.

14. Method of work:

As stated in the general conditions of contract, the contractor shall carry out works as per directions in the work order. The contractor shall not undertake on his own any change in the specifications mentioned in the tender documents and work order. In case of doubt, the contractor will refer the matter in writing and the contractor shall carry out the item of work as per clarifications given. In case of delay in getting such clarifications, the contractor will not be entitled for any claim on any account of idling of their labourers, machinery etc. In case the contractor carries out the work as per his own specifications not acceptable to the corporation

in such cases, the same will be required to be redone as per the specifications given by the corporation at the contractor's risk and cost. In case of failure to re-do the work by the contractor, the corporation reserves the right to get it done through any other agency entirely at the risk and cost of the contractor.

15. Corporation's right:

The corporation reserves the right to increase/ decrease the tendered quantity of any or every item and delete any item at any stage of work at the accepted rates. The contractor's claim for compensation or damages on account of these shall not be entertained.

16. Revisions:

The Corporation reserves the right to revise the specifications, drawings and designs at any stage of work. Such deviations shall be adjusted at the rates already contained in the work order or at the prevailing market rates, if the rates are not available in the work order.

17. Measurements:

All works shall be measured as per the procedure laid down in relevant BIS standards (latest edition) / International Standards / GCC and final payment shall be as per the measured quantities duly certified by site Engineer from IOCL and not as per work order quantities.

18. Progress report of work:

Contractor shall report and submit progress report of the work fortnightly to the concerned office, which has awarded the contract.

19. Maintenance of instruction book:

The contractor at site will maintain an instruction book serially numbered having one original and two copies of each page so that our visiting officers / site engineers can issue instructions regarding progress and quality of work to the contractor. The contractor or the contractor's representative will sign in the instruction book in token of receipt of an understanding of such instruction. The original copy of the instruction page shall be sent to the concerned engineer and second copy will be retained by the issuing person and the third copy shall be retained by the contractor.

20. Submission of bills:

The bills will be submitted in corporation's measurement / bills proforma only to respective LPG bottling plant and processing of bill will be done at TAPSO, Hyderabad

21. Cancellation of order:

If the performance of the successful contractor is found to be unsatisfactory, the corporations reserves the right to cancel in part or whole of the contract and get the work executed through alternate means at the entire risk and cost of the contractor on whom the order was first placed. In such cases, the contractor should make good all losses that the corporation may suffer due to this.

22. Abandonment of work:

In case the contractor abandons the work, the corporation shall issue a notice to the contractor to remain present at site for taking final measurements and in case the contractor does not report at site on due date and time as per the Corporation's notice, the corporation's representative will take unilateral measurements of abandoned work which will be binding on the contractor and the balance work will be carried out by any agency appointed by the corporation at the entire risk and cost of the contractor.

23. Price adjustment for delay in completion:

If the contractor does not complete the work within prescribed time limit given in the work order, price adjustment for delay in completion shall be made as per clause 4.4.0.0, section 4 of GCC. This will be in addition to and without prejudice to the other rights available to the Corporation under the said GCC.

24. Disposal of surplus material:

Contractor shall dispose of all surplus excavated material/ earth available or any other item involving excavation in the following manner and as per the instruction of the site engineer.

a) Uniformly spreading the excavated material/ earth within the premises, wherever required and rolling with light roller.

b) Dispose off the surplus earth from the premises to outside the municipal limits or as permitted by the local authorities irrespective of load and mode of transportation involved.

c) Written instruction should be obtained from site engineer about disposal of excavated material/ earth before commencement of excavation at site. No extra cost shall be payable for re handling of the same. If the earth is disposed off outside our site, the contractor shall be responsible to obtain permission from the concerned authority, if any.

d) Clear the site by removing debris/ plants/ roots etc as per the instructions of the site engineer.

25. Certification of works:

It will be the responsibility of the contractor to get the works approved and obtain certificate for all work procedures / works/ QAP/ materials by IOCL and TP appointed by the successful bidder/contractor.

26. Corporation supplied material:

Any other material to be supplied by the corporation will be supplied anywhere within the premises. The transporting and handling of the same to actual location of installation will be contractor's responsibility for which no extra payment will be made. Any damage caused to our equipment/ property while handling and installing the will have to be made good by the contractor at his risk and cost.

27. Works in operating Bottling Plant :

The work is required to be performed in the working Bottling Plant. Under such circumstances, the progress of work is likely to be interrupted on account of the operations of the Plant the work may at certain times have to be stopped on the instructions of our site representative. Under such circumstances, the contractor should co- operate with the Corporation to avoid hindrance to the operations of the depot / terminal. The working hours will be adjusted as per the Corporation's representative, from time to time. Rules and regulations of the depot / terminal shall be strictly followed by the contractor.

The stoppage of work due to any reasons mentioned above shall not entitle the contractor for any claim of compensation whatsoever for idling of his labour / machinery etc. during such interruptions.

28. Completion of contract:

Acceptance of a facility(s) by the corporation does not constitute final completion of the contract. The contract shall be deemed to be executed in full and final measurement certified only when the contractor has fully discharged all obligations in terms of all contract documents.

29. Security of contractor's material:

Corporation shall not be responsible for security of contractor's material/ equipment.

30. Storage space:

No covered space shall be released for storage/ stacking of contractor's material. The contractor shall make his own arrangement for the same.

SPECIAL TERMS AND CONDITIONS OF CONTRACT

1.0 Earnest money deposit:-

1.1 Tenderers are requested to submit earnest money deposit of an amount mentioned in the tender schedule in the form of Online payment via e-tendering.

1.3 Tenders received without EMD shall be rejected out-rightly. Parties as per MSME act, 2006 (erstwhile NSIC registered parties), PSUs (Central & State) and JVs of IOCL are exempted from the submission of the EMD. In such cases, the certificate to be submitted by the MSME parties shall be valid on the date of tender opening and must cover the items tendered.

1.4 The BG shall be valid till SIX MONTHS from date of opening of tender. If required, the same shall be extended accordingly as per the request by the Corporation.

1.5 If the Bank guarantee submitted towards Earnest Money Deposit by the tenderer is found to be invalid, suitable action will be initiated by the Corporation which may include debarring / holiday listing/ black listing etc as deemed fit by the corporation.

1.6 Demand Drafts / Cheques will not be accepted towards payment of EMD.

1.7 If the earnest money is not paid online before closing time and date of tender, the tender shall not be considered.

1.8 Requests for adjustment of pending bills or credit towards EMD will not be considered.

1.9 The EMD of unsuccessful tenderers shall be returned after finalisation of tender.

1.10 EMD will not carry any interest.

2.0 Time schedule :

2.1 Complete work order period will be 60 days from the date of LOI. In case of not complying with the completion schedule price adjustment for delay in completion shall be made as per clause 4.4.0.0, section 4 of GCC. This will be in addition to and without prejudice to the other rights available to the Corporation under the said GCC. Time for all the facilities covered in the schedule of works will commence concurrently.

2.2 In case the contractor fails to adhere to the time limit specified above or if the rate of progress is considered not satisfactory, the Corporation will be at liberty to terminate the contract and get the same executed by any other agency entirely at the cost and risk of the original contractor and in line with provisions available under the GCC.

3.0 These special terms and conditions shall be read in conjunction with the technical specifications, drawings, instructions to tenderers and particular conditions of contract and any other document forming a part of the tender, wherever the tender so requires.

4.0 **VALIDITY OF TENDER:** The tender will be valid for a period of 04 (Four) months as per clause 4.10 of Instructions to tenderers of GCC from the date of opening the tender which will be taken as the date of opening of techno-commercial bid in case of two bid system of tenders.

5.0 The vendor is required to prepare detailed Bar chart for entire job within the stipulated time period. The same shall be discussed and approved by IOCL Site Engineer / Engineer-in-charge before commencement of work during first Kick off Meeting after Award of LOA. If the vendor fails on the performance of the contract within stipulated time period, the Corporation shall be entitled to recover and the vendor agrees to pay to the Corporation as and by way of compensation/ liquidated damages.

6.0 **Security Deposit:** (clause 2.1.0.0 of GCC): As per Section 2, clause 2.1.1.0 of the GCC, the successful tenderer shall pay security deposit up on placement of work order equivalent to 3% of the work order value in any of the following modes.

A. Demand Draft /Pay Order :

Initial security deposit: The successful tenderer within 15 days from the date of LOI issued by owner shall deposit initial security deposit in an amount equal to 1% (one percent) of the total work order value in any of the following modes.

a. Demand draft / Pay order drawn on a nationalized / scheduled bank drawn in favour of Indian Oil Corporation Limited payable at Vizag (Cheques shall not be accepted). If the EMD has been made in DD, the contractor may be permitted to adjust the same towards the initial security deposit and pay balance in the manner stipulated in (a) above.
OR
ISD/SD can also paid in IOCL website which will be directly credited to IOCL account instantly in the following website
https://epayone.indianoil.in/home/resources/out/index.html

b. Balance security deposit will be recovered at the rate of 2% of gross certified value of work from incoming running bills till such time entire security deposit is recovered.

B. **BANK GUARANTEE** (Only if the quantum of security deposit is in excess of Rs. 1,00,000/- Entire amount of security deposit (worked out on the basis of work order value) should be covered by BG as per the format issued by the Corporation and should be submitted prior to commencement of work. **The BG shall be valid for a period of 3 months beyond the end of defects liability period (12 months from the date of successful completion of works as per contract). So BG shall be valid for a minimum period of 15 months from the date of successful completion of works as per contract .** This BG shall be submitted directly by the bankers under their covering letter to the office of the Corporation in a sealed cover. If EMD has been made in BG , contractor may be permitted to adjust the same towards the initial security deposit and balance SD will be recovered in the running bills.

6.2 3% of the total work order value shall be retained as security deposit for the entire warranty period as per clause no :6.3 so as to secure IOCL against any defect/ liabilities arising out of this work. For mode of payment, release & forfeiture of SD the terms and conditions as stipulated in the General Terms & Conditions of the contract shall apply. However, the above retention money i.e., Security Deposit will be released after warranty period.

C. The SD shall not carry any interest.

6.3. **WARRANTY** : 24 Months from the date of actual delivery at site or 18 months from the date of commissioning whichever is earlier during which time the vendor is bound by the Guarantee given for supplied material. The above Guarantee/Warranty will be without prejudice to the Certificate of Inspection by third party inspection agency or Materials Receipt Note issued by the Site-in-Charge in respect of the Goods. For material supplied against Part C, the warranty shall be for a period of 24 months from the date of receipt of material at the site / plant.

7.0 RATES

7.1 The rates shall be inclusive of applicable GST. No additional payment on any other account will be entertained.

7.2 Rates should be firm for total period of execution of project. No escalation shall be admissible on any account during the currency of project.

7.3 Rates shall include cost towards documentation for the entire system, detailed drawings, etc.,

7.4 The tenderers must note that the rates and amount indicated in the schedule of works shall be applicable for all leads and lifts and reach involved. The Corporation also reserves the right to operate or not operate or partly operate any item mentioned in the schedule. The rates quoted for all items below the ground level shall be inclusive of adequate shoring, shuttering, bailing out sub soil water (if found necessary) etc complete. The successful tenderer shall be responsible for implementation of all precautionary measures for ensuring safety for all material and labour till such time the work is completed in all respects and handed over to the Corporation.

8.0 Inspection & Certification:

Inspection will be done at respective LPG Bottling Plant site by IOCL for all the components as given in the price bid & scope of work. Any deviation or poor quality of material if found will be rejected during this inspection.

9.0 The Corporation reserves the right to accept any tender in whole or in part and reject any or all tenders without assigning any reasons. The Corporation reserves the right to accept more tenders in part. The Corporation also reserves the right to accord purchase / price preferences to the public enterprises and Joint ventures of the Corporation as per the prevailing policy. Decision of the Corporation in this regard will be final.

10.0 Any additional work that may become necessary during course of execution of works as authorized by our site in charge shall be immediately got approved prior to taking up the work duly forwarding the details, nature of works etc. as per relevant clause of the GCC.

11.0 C&A verification of labourers:

It is necessary to get Character and antedate verification of the workers working at site. Any other requirement not mentioned specifically here but required by corporations from time to time to be fulfilled. Tenderers to quote accordingly.

12.0 The Corporation reserves the right to accept any tender in whole or in part and reject any or all tenders without assigning any reasons. The Corporation reserves the right to accept more tenders in part. The Corporation also reserves the right to accord purchase preferences to the public enterprises and Joint ventures of the Corporation as per the prevailing policy. Decision of the Corporation in this regard will be final.

13.0 In case the contractor fails to adhere to the time limit specified above or if the rate of progress is considered not satisfactory, the Corporation will be at liberty to terminate the contract and get the same executed by any other agency entirely at the cost and risk of the original contractor.

14.0 Water Supply:

The contractor shall arrange water / procure water required for the work at his own cost for all leads and lifts. IOCL shall not be responsible for supplying water and Contractor shall ensure timely and adequate supply of water to meet the schedule.

15.0 Electrical Works/Power Supply:

The contractor shall make his own arrangement for power required for the work at his cost. DG set of suitable capacity may be installed and operated by the contractor at his cost. IOCL shall not be responsible for power supply and contractor shall ensure proper supply of electricity to meet the schedule.

The electrical works shall be carried out through Licensed Electrical personnel only.

During the execution of job temporary connections are to be provided by the Contractor and all possible assistance shall be rendered by the Contractor for the smooth operation of the respective Retail outlet/ Depot/ Terminal. No extra payment shall be made on this account.

All temporary connections are to be spark proof/ flame proof as required and shall be got approved from Site Engineer.

Test Report (if required for this job as decided by the engineer) duly approved by the local Electricity Department shall be submitted by the Contractor after completion of the work. Any payment to Electricity Department needed shall be borne by the Contractor.

The entire electrification work shall be carried out by the Contractor under supervision of licensed Electrical supervisor to the satisfaction of local Electricity Dept./Site Engineer.

The entire electrification work shall be carried out as per I.E. Rules/ Local Electricity regulation/ IOC specification as applicable.

All metal covering which is used to protect cables and apparatus shall be efficiently earthed. The metal covering used to carry the cable must be electrically continuous and this includes the entire switchgear casing, if they are made of metal.

16.0 In case of contradiction between Indian Standards, General Conditions of contract, Special Conditions of Contract, Specifications, Drawings, Schedule of Rates, the following shall prevail in order of precedence.

- Formal contract
- Acceptance of tender
- Price schedule annexed to the letter of acceptance
- Agreed variations annexed to the letter of acceptance
- Addenda to tender documents
- Special terms and conditions of contract
- Additional instructions to tenderers
- General conditions of contract

17.0 Firm price:

Once the offer is accepted and agreement executed, the rates shall be valid till the completion of works in all respects and no escalation whatsoever will be entertained due to extension of time on any grounds. Similarly no variation or reimbursement shall be entertained due to revisions in statutory tax or levies imposed by the Governments of State or Centre.

The tenderers are advised to inspect the site and ascertain site conditions including all leads and lifts involved prior to submitting the rates.

18.0 Labour Agreement:

The Contractors who are working in the establishments through Contract Labour shall be fully responsible for observance of all rules and regulations as per the Contract Labour (Regulation and Abolition) Act 1971 and obtain a licence from the Assistant Labour Commissioner concerned and produce the same to IOCL. In this connection, tenderers shall abide by all the conditions of Appendix I and Appendix II enclosed with the GCC. The Principal Employer certificate shall be given on written request from contractor by IOCL.

19.0 PF Registration:

The tenderers shall indicate his / their PF code number in the Statement of Credentials enclosed with the tender along with PF registration certificate failing which the tender shall be liable to be rejected. The successful tenderers shall abide by all the requirements and submit copies of all registers / returns etc filed by them before the Corporation releases final dues.

20.0 Vendor is required to obtain all the requisite approvals from Statutory Authorities; wherever required at no extra cost to IOCL.

21.0 PROJECT MANAGEMENT

Vendor should deploy qualified personnel having experience in similar type of jobs to supervise the entire job apart from skilled labourers.

In order to achieve Effective Supervision of work at the Project in existing location for timely completion of work and achieving desired quality standards in construction adequate numbers of qualified & experienced Supervisors are necessary amongst the personnel deployed by Contractor.

22.0 There shall not be common earthing for instrument ground and protective earthing (cabinet / panel / chassis) and the same shall be independent.

23.0 GENERAL:

Notwithstanding the sub divisions of the tender document into several sections and volumes, every part of each shall be deemed to be supplementary of every other part and shall be read with and into the contract so far as it may be practicable to do so.

24.0 MEASUREMENTS FOR WORKS / RECORD MEASUREMENTS / BILLS:

All the payment for quantities certified in the running account / final bill shall be as per the details recorded in the standard measurement book of the Corporation and jointly signed by the Contractor/ site engineer of IOC.

Method of measurement shall be strictly in accordance with the technical specification for this work.

The payment shall be as per the details entered in the standard Measurement Certificate bills of the Corporation.

25.0 ON ACCOUNT PAYMENTS:

On Account Bills for the work order value shall be paid for the work done, measured and certified.

26.0 SPECIAL CLAUSE:

The contractor is required to take necessary care to protect to the existing nearby structure while carrying out his scope of work. Any damage caused to other property shall be rectified at his own cost.

27.0 INCOME TAX & GOODS & SERVICES TAX

The contractor shall take note that rates quoted shall be inclusive of Goods & Services Tax, Royalty, Income tax, transportation etc. IOCL shall not entertain any request for payment of any taxes / levies separately.

28.0 TESTING OF MATERIAL / WORKS:

The Contractor shall carry out the various tests as enumerated in the technical specifications of this tender document and the technical documents that will be furnished to him during

the performance of the work and no separate payment shall be made unless otherwise specified in schedule of rates.

All the tests either on the field or at outside laboratories concerning the execution of the work and supply of material by the Contractor shall be carried out by Contractor at his own cost.

The work is subject to inspection at all times by the Site Engineer / Engineer-in-Charge / representatives nominated by IOCL. The Contractor shall carry out all instructions given during inspection and shall ensure that the work is being carried out according to the technical documents and the relevant codes of practice furnished to him during the performance of the work.

Any work not conforming to the execution drawings, specifications or codes shall be rejected forthwith and the contractor shall carry out the rectifications at his own cost.

All results of inspection & tests will be recorded in the inspection reports, proforma, which will be approved by the Site Engineer/ Engineer-in-Charge. These reports shall form part of the completion documents.

Inspection & acceptance of works shall not absolve the Contractor from any of his responsibilities under this Contract.

29.0 **QUALITY CONTROL, INSPECTION & TESTING**:

a. Tenderers are required to obtain all the requisite approvals from statutory bodies as applicable wherever required as per directions of IOC at no extra cost.

b. Tenderers are required to submit its Quality assurance plan (Q.A.P.) to be observed during execution of work for Corporation's approval. IOC reserves the right to amend the scope of QAP without any extra cost to IOC.

c. Notwithstanding any inspection carried out by the Corporation or his representative, the tenderer shall carry out its own tests to ensure consistent proformance.

d. IOCL reserves the right to appoint any additional TPI agency for the inspection.

e. The vendor / contractor shall hand over warranty / guarantee certificate along with manuals from OEM of the materials/ equipments as applicable.

30.0 COOPERATION WITH OTHER CONTRACTORS:

The contractor shall cooperate with other contractors for smooth execution of project related works.

31.0 BILL OF QUANTITIES:

Bill of quantities are approximate and payment shall be made as per actual certified measurements. The contractor is not entitled for any sort of compensation towards excess material procured / stored. Additional items if any executed during course of project, rates for the same will be given as per IOCL Belgaum DO capex rates with quoted percentage variation of this tender and for any non capex items, IOCL will arrive at the rate after due internal process which is binding on the contractor .

After the placement of the order the successful tenderer shall not be allowed to sublet or assign any part of the work order without Corporation's prior written consent.

32.0 AS-BUILT DRAWING:

32.1 Wherever required, party shall prepare and submit the tracings of "As-built drawings" of all the facilities as per the scope of work indicated at the time of conclusion of this contract in1:1000 scale or as directed by the site engineer at no extra cost to IOC

32.2 If any drawings other than the drawings provided with tender documents should be prepared by the party at no extra cost to IOC

33.0 **AUTHORISED REPRESENTATIVE:**

The successful tenderer within 15 days of receipt of acceptance of tender, name an engineer responsible for the job at site on behalf of the contractor as per clause 4.0.3.0 and 4.0.3.1, Performance of work, section 4, of GCC. Bidder should give in writing to the Corporation, the name of his authorised and qualified engineer who will supervise the work and shall remain at the site during execution of the job.

34.0 SITE CLEANING:

The Contractor shall take care for cleaning the working site from time to time for easy access to work site and also from safety point of view.

Working site should be always kept cleared upto the entire satisfaction of the Engineer-in-Charge. Before handing over any work to owner, the contractor in addition to other formalities to be observed as detailed in the document, - shall clear the site to the entire satisfaction of Engineer-in-Charge.

Contractor shall arrange to dispose off debris and any other waste product created while carrying out the work, outside Corporation's premises. The Contractor shall take due care while disposing of such waste materials and ensure that any rules/ regulations laid down by Municipal Corporation or any other statutory body are not violated. The Contractor shall be responsible and answerable to any complaint arising out of improper disposal of waste material. Quoted rate shall involve the cost of same and no extra payment shall be made towards this account.

The Contractor shall clear the site of works as per the instructions of the Site Engineer. The site of works shall be cleaned of all men, site equipment, materials, etc and shall be delivered back to the Corporation in a clean and neat condition as required by the Site Engineer within a period of one week after the job is completed after ensuring that all surfaces spoiled during the works such as floors, walls, glass panels, etc are spotless clean.

In case of failure to do so by the Contractor, the Corporation will have the right to get the site cleared at the risk and cost of the Contractor.

35.0 MISCELLANEOUS REQUIREMENTS:

It shall be contractor's responsibility to obtain approval for any revision and / or modifications decided by the contractor from the Owner / Engineer-in-Charge before implementation. Also such revisions and / or modification if accepted / approved by the Owner/Engineer-in-Charge shall be carried out at no extra cost to the owner.

Any changes required during and / or after approval for detailed construction drawings due to functional requirements or for efficient running of system keeping the basic parameters unchanged and which has not been indicated by the Contractor in the data / drawings furnished along with the offer, will be carried out by the contractor at no extra cost to the owner.

All expenses towards mobilisation & demobilisation including bringing in equipment, clearing the site etc. shall be deemed to be included in the prices quoted and no separate payments on account of such expenses shall be entertained.

It shall be entirely Contractor's responsibility to provide, operate & maintain necessary construction equipments, scaffoldings and safety gadgets, cranes and other lifting tackles, tools and appliances to perform the work in a workman like and efficient manner & complete all jobs as per time schedules.

Preparing approaches and working area for movement and operation of the cranes, leveling the areas for assembly and erection shall also be the responsibility of the Contractor. The Contractor shall acquaint himself with access availability, facilities such as railway siding, local labour etc. to provide suitable allowances in his quotation. The Contractor, at his own cost, may have to build temporary access roads to aid his own work which shall also be taken care while quoting for the work

The procurement and supply in sequence and at the appropriate time of all material & consumables shall be entirely the Contractor's responsibility. Rates for execution of work will be inclusive of supply of all these items.

Vendor is required to visit site before submitting their offer. Vendor should get himself acquainted with the site conditions such as availability of power, approach road including cable routing etc.

No covered space shall be provided by IOCL for stacking / storage of Vendors material, Vendor has to make their own arrangement for storage.

Vendor is fully responsible for the equipment / material issued by IOCL for execution of work. In case these are mishandled or lost, the vendor has to arrange the same entirely at his own cost to the satisfaction of site engineer.

IOCL shall not be responsible for Vendor's material / equipment. Vendor has to arrange his own security for this purpose.

Acceptance of facility / facilities by the Corporation does not constitute final completion of the contract. The contract shall be deemed to be executed in full and final measurement shall be certified only when the vendor has fully discharged all his obligations in terms of all the contract documents.

Vendor is required to obtain all the requisite approvals from statutory bodies wherever required at no extra cost to IOCL.

All material including Filed instruments computer processor based instruments hardware, software etc, are to be got approved from IOCL. However the Detailed Design & Engg., QAP approval, DATA Sheet Specification approval to be got approved from IOCL / IOCL approved Agency.

36.0 SAFETY:

Since works have to be carried out in LPG storage and distribution establishment, the contractor should ensure that day to day operations, safety and security of the location are not affected in any way on account of the works being carried out. In case of any damage to our properties due to the negligence on the part of the contractor or their workmen, the contractor will be held responsible and liquidated damages as assessed by the corporation would be recover from them.

When hot works are involved, the following safety precautions have to be strictly observed before commencement of works.

37.0 Following clauses forming part of the GCC issued along with the tender are deleted:

37.1 Clause 2.6.1.0 and 2.6.2.0 – General, Section 2 of GCC.

37.2 Clause no. 3.0 – Instruction to Tenderers of GCC.

38.0 PENALTY CLAUSE:

The penalty for breach of safety during execution of works shall be levied by the Corporation as below:

38.1 Violation of applicable safety, health and environment related norm, a penalty of Rs. 5000/- per occasion.

38.2 Violation as above resulting in any physical injury, a penalty of 0.5% of the contract value (max. of Rs. 2 lacs) per injury in addition to Rs. 5000/- as mentioned above.

38.3 Fatal accident, a penalty of 1% of the contract value (max. of Rs. 10 lacs) per fatality in addition to Rs. 5000/- as mentioned above.

39.0 In case sub contractors are engaged by the successful tenderer with prior permission from IOCL on award of works, it will be mandatory on part of the main contractor to furnish a **NO DUE UNDERTAKING** from the sub contractor (on their letter heads) to IOCL before final payments are cleared by the Corporation.

40.0 Tenderers may note that negotiations will not be conducted with the bidders as a matter of routine. However, Corporation reserves the right to conduct such negotiations.

41.0 At all places in the GCC enclosed with the tender document, OWNER shall mean INDIAN OIL CORPORATION LIMITED, MARKETING DIVISION, with its state office at Karnataka

43.0 The court of jurisdiction for all matters under the tender shall be at Bangalore

44.0 The tenderers are advised to submit their offer strictly as per the terms and conditions and specifications contained in the tender document and not put forth conditions/ counter conditions. Conditional tenders received subsequent to the pre bid meeting tenders shall render the offer liable for rejection. Tenderers must also note that documents in support of qualifying parameters are submitted along with the tender failing which tenders received will be rejected without further notice to the tenderers.

45.0 GCC. (IMPORTANT)
GCC contains provisions for arbitration and alternative dispute resolution machinery under section 9, which stands deleted. Further, the reference to arbitration and alternative dispute resolution machinery provision contained in any other term & condition in GCC, which may be general or special in nature shall also stand deleted to the extent the said contents are applicable to the arbitration provisions.

46.0 USE OF SAFETY ITEMS FOR WORKERS PROTECTION.
The contractor shall also provide Safety shoes, helmets, belts, Gloves & Goggles and all other necessary safety items to all of his workmen working at site in line with the guidelines of location and contained in the GCC attached with this tender.

47.0 Payment Terms :
100% payment of the quoted rate will be paid after completion of Supply & installation of Equipment at the site (or) as decided by EIC.

NOTE: Payment will be made based on Tax Invoice.

48.0 LIMITATION OF LIABILITY

The maximum liability shall be limited to 100 % of Contract value except in case of fraud and/or wilful negligence. The Contractor shall not be liable for consequential losses on account of production, revenue or profit.

PAYMENT TO VENDORS THROUGH ELECTRONIC MODE

ON LETTER HEAD

Dated:

To,
M/s Indian Oil Corporation Ltd.

Dear Sir,
With reference to your advice, we hereby agree to accept the payment of our bills through "RTGS/NEFT/Electronic Mode".
The desired bank account details are given below:

1. **Vendor Code allotted by IOCL in SAP**
2. **Name of Beneficiary (i.e IOCL Vendor)**
3. **Name of the Beneficiary's Bank**
4. **Address of the Beneficiary's Bank Branch**
5. **Contact details of Branch with STD Code**
6. **Beneficiary's Bank Acct No. (as per cheque copy)**
7. **Beneficiary's Account Type (SB/CC/CA)**
8. **Beneficiary's Bank IFSC Code (11 Digit)**
9. **Mobile No of Beneficiary (One Number only)**
10. **E-Mail Id of Beneficiary (One Mail Id only)**
11. **Permanent Account Number (PAN)**
12. **Name on PAN Card**
13. **Type of organization (proprietorship, partnership, etc)**
14. **CIN No. (for companies)**

A blank cancelled cheque leaf relating to the above bank account is enclosed for verifying the accuracy of the bank account details.
I hereby declare that the particulars given above are correct and complete. I agree to receive transactional SMS / E-Mail Alerts from IOCL with regard to my bill payments.

(Signature of Account Holder)
Seal of the Vendor

Encl: Cancelled Cheque
****** We hereby confirm that the above bank account details of beneficiary are correct in all respects and the account of Beneficiary (IOCL vendor) is maintained at our bank branch.**

(Name of Bank & Branch)
Authorized Signatory

****** Verification required only in case vendors name is not printed/appearing on the cancelled cheque leaf being submitted to IOCL office**

Please submit a copy of pan card and proof of relationship of Pan Card holder and the vendor.

TAXATION CLAUSE FOR WORKS CONTRACT

Clause No.	Description
	DEFINITIONS
1	Contractual period / Work Completion Period /Contractual Delivery Date / Contractual Completion Period shall mean the Scheduled Delivery / Completion Period as mentioned in the LOA (Letter of Acceptance) or Purchase Order or Work Order and shall also include approved extensions, if any.
	GENERAL
1	Where any portion of the GCC/any other section of tender, is repugnant to or at variance with any provision of the Standard Taxation Condition (STC), then the provision of the STC shall be deemed to override the provisions of the GCC and shall, to the extent of such repugnance or variations, prevail.
2	For the purpose of this STC, the term "tax" in addition to tax imposed under CGST (Central Tax)/SGST (State Tax)/IGST (Integrated Tax)/UTGST (Union Territory Tax)/ GST Compensation Cess Acts, also includes any duties, cess or statutory levies levied by central or state authorities.
3	Rate variation in Taxes and any new promulgated taxes after last date of the submission of price bid only on the final product and/or services (applicable to invoices raised on IOCL) within the contractual delivery date /period (including extension approved if any) shall be on IOCL's Account against submission of documentary evidence. Further , in case of delay in delivery of goods and/or services, any upward rate variation in Taxes and any new promulgated taxes imposed after the contractual delivery date shall be to the Seller's / Contractor's Account. Similarly in case of any reduction in the rate(s) of the Taxes between last date of submission of price bid relevant to the Contract and the date of execution of activities under the contract, the Contractor shall pass on the benefit of such reduction to IOCL with the view that IOCL shall pay reduced duty/Tax to Govt.
4	Wherever any escalation / de-escalation linked to raw material price (Basic price excluding taxes) is allowed as per terms of the contract, Variation to the extent related to escalation / de-escalation of value of material shall be allowed without Tax unless specified otherwise.
5	It would be the responsibility of the contractor to get the registration with the respective Tax authorities. Any taxes being charged by the Contractors would be claimed by issuing proper TAX Invoice indicating details /elements of all taxes charged and necessary requirements as prescribed under the respective tax laws and also to mention his correct and valid registration number(s) along with IOCL's registration number as applicable for particular supply on all invoices raised on IOCL. Contractor to provide the GSTIN number from where the supply is proposed to be under taken. Further the HSN Code / Service Accounting Code (SAC) as applicable for the subject tender needs to be provided in the columns provided in the technical bid. In case the contractor is opting for Composition scheme under the GST laws (i.e Section 10 of the

Clause No.	Description
	CGST Act, 2017 and similar provisions under the respective State / UT law), the contractor should confirm the same. Further the contractor to confirm the issuance of Bill of Supply while submission of tender documents and no GST will be charged on IOCL. In case the contractor is falling under Unregistered category, the contractor should confirm the same.
6	The contractor would be liable to reimburse or make good of any loss/claim by IOCL towards tax credit rejected /disallowed by any tax authorities due to non deposit of taxes or non updation of the data in GSTIN network or non filling of returns or non compliance of tax laws by the Contractor by issuance of suitable credit note to IOCL. In case, contractor does not issues credit note to IOCL, IOCL would be constrained to recover the amount including interest payable alongwith Statutory levy/Tax, if any, payable on such recovery.
7	Tax element on any Debit Note / Supplementary invoice, raised by the contractor will be reimbursed by IOCL as long as the same is within the permissible time limit as per the respective taxation laws and also permissible under the Contract terms and conditions. Contractors to ensure that such debit Notes are uploaded while filing the Statutory returns as may be prescribed from time to time.
8	The contractor will be under obligation for quoting/charging correct rate of tax as prescribed under the respective Tax Laws. Further the Contractor shall avail and pass on benefits of all exemptions/concessions/benefits/waiver or any other benefits of similar nature or kind available under the Tax Laws. In no case, differential Tax Claims due to wrong classification of goods and/or services or understanding of law or rules or regulations or any other reasons of similar nature shall be entertained by IOCL.
9	In case, IOCL's Input Tax Credit (ITC) is rejected on account of wrong levy of tax i.e. payment of Integrated Tax in place of Central Tax+ State/Union Territory Tax or vice versa, the contractor is liable to make good the loss suffered by IOCL by issuance of suitable credit note to IOCL. In case, contractor does not issue credit note to IOCL, IOCL would be constrained to recover the amount including interest payable alongwith Statutory levy, if any, payable on such recovery.
10	In case the contractor is opting for Composition scheme under the GST laws, in such event the evaluation of his bid will be based on the Quoted Price. In case the contractor is falling under Unregistered category, then GST liability, if any, on IOCL will be included for the purpose of evaluation.
11	In case, IOCL is eligible to avail Input TAX Credit (ITC), the same shall be reduced from the delivered price to arrive at the net landed cost.
12	IOCL shall reimburse GST levied as per invoice issued by the Contractor as prescribed under section 31 of the CGST Act and respective states and Rules.
13	To enable IOCL to avail ITC, the contractor/supplier shall furnish/submit any and all certificates, documents and declarations as are required by IOCL to avail of the ITC with respect to GST reimbursed by IOCL on materials sold to IOCL.
14	Invoice should be raised as per Tax Rates mentioned in the BIDs and in case at the time of raising Invoice if the invoices raised are not as per Tax rates mentioned in the bid, payment will be limited to the rate quoted as per BID subject to increase /decrease in Rates after last date of submission of Price Bid provided delivery is within the Contractual period.

Clause No.	Description
15	**CUSTOM DUTY (These clauses will not be applicable wherever port clearances are in the scope of IOC and IOC is to take delivery at Port) applicable for Global Tender**
15.1	Custom Duty for this clause shall mean Basic Custom Duty, Additional Duty of Customs levied under Section 3 of the Customs Tariff Act equivalent to the IGST and Education Cess and Secondary and Higher Secondary Cess.
15.2	The contractor shall within 7 (seven) days of dispatch /shipment of any such materials forward to the owner, the following documents. (i)Supplier's /Vendor Invoice indicating item wise price of the materials for the purpose of assessing customs and other Import duties (ii) Bill of lading/Airway Bill (iii) Package wise packing list (iv) Certificate of origin and other relevant documents relating to the identification of the materials. (v) Other relevant documents for the assessment of customs duties and the clearance of goods through Customs.
15.3	The Contractor shall also be fully responsible for Port and Customs clearance including stevedoring, handling, unloading, loading and storage and for satisfying all Port and Customs formalities for the clearance of the goods , including preparation of the BILL(s) of Entry mentioning the applicable GSTIN of IOCL and other documents required for import and or/clearance of the goods. The applicable GSTIN shall be advised by IOCL. The Contractor shall also be fully responsible for any delays, penalties, interest, demurrages, shortages and any other charges and losses, if any in this regard.
15.4	The Custom Duty payable shall be reimbursed on production of supporting documents or paid directly to the Customs Authority, as the case may be.
15.5	IOCL shall pay the CUSTOM DUTY within 1 (one) working day or specified under Customs law, after the day on which the CONTRACTOR furnishes the complete necessary documents including duty requisition slip along with BILL of ENTRY to the IOCL's designated office for release of requisite materials/ equipment from Customs. However additional cost on account of delayed payment of Custom duty due to IOCL' s fault shall be paid by IOCL.
15.6	IOCL will not bear liability towards payment of safeguard duty, Anti Dumping duty, Protective Duty or Countervailing Duty on subsidized articles or any other such duties of Customs imposed by the Government of India under Custom Tariff Act 1975 applicable on such materials in India.
15.7	All other costs towards Port and Customs Clearance shall be the contractor's responsibility including appointment and payment to clearing agents and no reimbursement will be made by IOCL except as quoted in the price bid.
15.8	The contractor shall provide IOCL with all documents necessary for IOCL to claim Input Tax Credit (ITC) of the IGST levied under Section 3 of the Custom Tariff Act. Should the contractor fail to provide any such document(s) resulting in a shortfall in the ITC available to IOCL, the shortfall

Clause No.	Description
	shall be made good by the contractor by issuance of suitable credit note to IOCL. In case the contractor does not issue credit note to IOCL, in such case, IOCL would be constrained to recover the amount along with interest and statutory levy, if any, and such recovery would be without pre-judice to any other mode of recovery from the Running Account or other bills or payments to the Contractor.
15.9	The input tax credit available to IOCL will be reduced to arrive at the net Landed cost in the hand of IOCL for evaluating the Bids.
15.10	In case the bidder is availing any exemption under the prevailing customs law, then necessary documentary proof for availing the said exemption is required to be submitted. In the event of non submission of the requisite documents as per the conditions for availing the exemption by the successful bidder, then the additional outflow on account of various taxes and duties will be recovered from the bidder.
15.11	The Tariff Head under which the goods will fall should be clearly mentioned along with the Custom Duty Rate at the time of submission of Bid.
16	**ROAD PERMIT /WAY BILL**
16.1	IOCL will issue Road Permit/Way Bill, by whatever name it is called, to the Contractor only in those cases where materials is purchased by IOCL directly and/or IOC is statutorily required to issue the Road permit/Way Bill, by whatever name it is called. Contractor will be under obligation for proper utilization of road permits for the specific supply and in case of seizure of goods/vehicle; the Contractor will be wholly responsible for release and reimburse the litigation cost to IOCL.
16.2	IOCL shall on no account be responsible for delay or hold up due to the timely non availability of such documents as are required to be furnished by the owner to obtain the Road Permit/Way bill, by whatever name it is called. However, IOCL shall make best efforts to provide sufficient number of Road Permits/way bill, by whatever name it is called. on demand to avoid any delay or Hold up.
17	**Works Contract / Composite Supply / Mixed Supply**
17.1	Works contracts as defined under the GST law includes Contracts for Building, Construction, Fabrication, Completion, Erection, Installation, Fitting out, Improvement, Modification, Repair, Maintenance, Renovation, Alteration or Commissioning of any immovable property wherein transfer of goods is involved in the execution of such contracts. Composite Supply has been defined as supply in which two or more supply of goods or service or both or any combination are naturally bundled and supplied in conjunction with each other in the ordinary course of Business, and then the rate as applicable for principal supply will be applicable on the entire transaction. Mixed supply has been defined as supplies of goods or service or both which are made in conjunction with each other for a single price and which does not constitute a composite supply then the rate as applicable for the highest rate will be applicable. In view of the above various definitions under GST law, bidders are required to evaluate the jobs to be undertaken covered under the tender and quote accordingly by taking in to account the

Clause No.	Description
	nature of Job read with the legal provision. The place of supply in relation to an immovable property shall be the location at which the immovable property is located or intended to be located.
17.2	In case, IOCL is eligible to avail Input TAX Credit (ITC), the same shall be reduced from the delivered price to arrive at the net landed cost. IOCL shall reimburse GST levied as per TAX invoice issued by the Contractor as prescribed under respective GST Acts and Rules. In case the contractor is not permitted to issue Tax Invoice the same should be clearly mentioned in the price Bid.
17.3	To enable IOCL to avail ITC, the contractor/supplier shall furnish/submit any and all certificates, documents and declarations as are required by IOCL to avail of the ITC with respect to VAT reimbursed by IOCL on materials sold to IOCL
17.4	Invoice should be raised as per Tax Rates mentioned in the BIDs and in case at the time of raising Invoice if the invoices raised are not as per Tax rates mentioned in the bid, payment will be limited to the rate quoted as per BID subject to increase /decrease in Rates after last date of submission of Price Bid provided delivery is within the Contractual period.
18	Wherever provisions of Tax deduction at Source (TDS) are applicable under the CGST / SGST / UTGST/IGST Act ,2017 on supplies of goods or services or both to IOCL , tax will be deducted from the invoice raised and deposited with the authorities by IOCL. TDS certificate as per provisions of CGST / SGST / UTGST/IGST Act, 2017 shall be issued by IOCL **GSTIN of IOCL ANDHRA PRADESH: 37AAACI1681G2ZN**

Schedule of Rates.

Note: Rates are inclusive of all taxes, duties, levies , transportation, loading and unloading charges at site.

Supply, Installation and commissioning of Telescopic conveyor booms and allied facilities at Vizag LPG Bottling Plant					
Ref:VZGBP/Loading booms/Est/2021-22					
Sl. No.	**Description**	**Unit**	**QTY**	**Rate**	**Amount**
PART A1: DESIGN, DETAILED ENGINEERING, MANUFACTURE, TESTING AT MANUFACTURER'S WORKS, INSPECTION BY THIRD PARTY AND SUPPLY OF FOLLOWING EQUIPMENTS & MATERIALS CONFORMING TO DETAILED SPECIFICATIONS FOR CHAIN CONVEYOR SYSTEM AT IOCL LPG BOTTLING PLANT OF IOCL. Rate inclusive of Third Party inspection charges, Packing, Loading, transit insurance, material required for installation, etc.					
1.01	Design, manufacture, testing at manufacturer's works, and supply of **Telescopic conveyor of boom length from 6m upto 7.5 m** from fully extended to fully retracted complete with all accessories, Conveyor Chain, Pneumatic Controls, Reversible chain drive , boom drive units, limit switch / junction box, FLP glands for PB station, Motor, JB etc. confirming to detailed technical specifications : EQP-CONV-001 & 006 alongwith EQP-SPEC-GEN-001 TO 013 and Sketch No.14. (The telescopic conveyor should be suitable for both loading and unloading operations of cylinders).	EA	2	866800	1733600

1.02	Design, manufacture, testing at manufacturer's works, inspection by third party and supply of 1600 Cylinder/hr **Hot air Sealing Machine** complete with all accessories, **PLC**, Pneumatic/ hydraulic controls etc.	No.	1	700000	700000
1.03	Design, manufacture, testing at manufacturer's works, inspection by third party and supply of **Safety Cap Malleting** Machine complete with all accessories, Pneumatic controls etc. with a throughput capacity of 1700 cylinders/hour as per relevant specifications. **Pneumatic based**	No.	2	248000	496000
1.04	Drive unit complete in all respects consisting of Hollow Shaft Helical Gear Box 5 HP, FLP motor, FLP push button station with FLP glands, required transmission accessories, soap solution tray for drive unit and idler etc. as per relevant specifications and drawing. **Suitable of conveyor linear velocity around 16 mpm**	No.	1	260000	260000
1.04	Drive unit complete in all respects consisting of Hollow Shaft Helical Gear Box 5 HP, FLP motor, FLP push button station with FLP glands, required transmission accessories, soap solution tray for drive unit and idler etc. as per relevant specifications and drawing. **Suitable of conveyor linear velocity around 14 mpm**	No.	1	262000	262000
1.10		No.			**0**

SUB-TOTAL FOR PART- A1					**3451600**
Part-A2: Assembly, erection, testing at site of all equipment and materials supplied under Part-A including supply, fabrication, erection, laying, testing and commissioning of compressed air piping and valves at IOCL LPG Bottling plant					
1.00	Telescopic conveyor of boom length of 6mtr upto 7.5mtr	No.	2	52000	104000
2.00	Hot air sealing unit	No.	1	35000	35000
3.00	Safety Cap Malleting Unit	No.	2	12400	24800
4.00	Drive unit complete in all respects consisting of Hollow Shaft Helical Gear Box 5 HP, FLP motor, FLP push button station with FLP glands, required transmission accessories, soap solution tray for drive unit and idler etc. as per relevant specifications and drawing.	No.	2	9300	18600
SUB-TOTAL FOR PART- A2					**182400**
PART B: SUPPLY OF FOLLOWING SPARES CONFORMING TO DETAILED SPECIFICATIONS FOR CHAIN CONVEYOR SYSTEM ,INCLUDING WHEREVER APPLICABLE, MANUFACTURE, TESTING AT MANUFACTURER'S WORKS, INSPECTION BY THIRD PARTY . Rate inclusive of duties, Third Party inspection charges, Packing, Loading Transit Insurance etc. and all taxes including GST. Transportation will be arranged by IOCL					
1.00	Supply of chain conveyor detachable type	mtr	500	978.5	489250
2.00	Supply of Shafts for the Drive section (60/65 mm dia)	No.	30	2950	88500
3.00	Supply of Head Sprocket, 14 teeth, 60/65 mm dia	No.	100	1150	115000
4.00	Supply of Tail Shafts	No.	75	625	46875
5.00	Supply of Tail Sprocket, 8 teeth	No.	200	625	125000

SUB-TOTAL FOR PART- B			**864625**
	Sub-Total - A+B+C		**4498625**
	Discount @5% For Part-A & Discount @10% for Part-B as per HO ARC finalized rates		**268162.5**
	Sub Total - AFTER DISCOUNT		**4230462.5**
	GST @ 18%		**761483.25**
	Total Amount in Rs.		**4991946**
	Total Amount in Words	**Rupees Forty Nine Lakhs Ninety One Thousand Nine Hundred and Forty Six only**
