6.5.1 Customer complaint handling process

6.5.2 Responsibility of customer complaint handling

sr.	Activity	Department	Responsibility	frequency
1	Receipt of service complaint	Service/Sale	Concerned service representative	As and when
2	Verify the complaint and product warranty If out of warranty charge the standard visit charges	Service	Concerned service representative	Within 24 hours
3	Complaint processing - Existing product: if it's in warranty provide service visit on warranty basis. Align the service engineer to attend the complaint	Project & service	Concerned project & service representative	Within 24 hours
4	Respond to customer-service complaint status	Service	Concerned service representative	Within 24 hours

6.5.3 Receipt of service communication

A service or product related complaint could be received from

- New customer
- Existing customer

In case of an enquiry from new customer, the business information is collected from customer. Sales support team would validate the information on internet / company's website to ensure that it is genuine customer.

6.5.4 Documentation after receipt of service communication

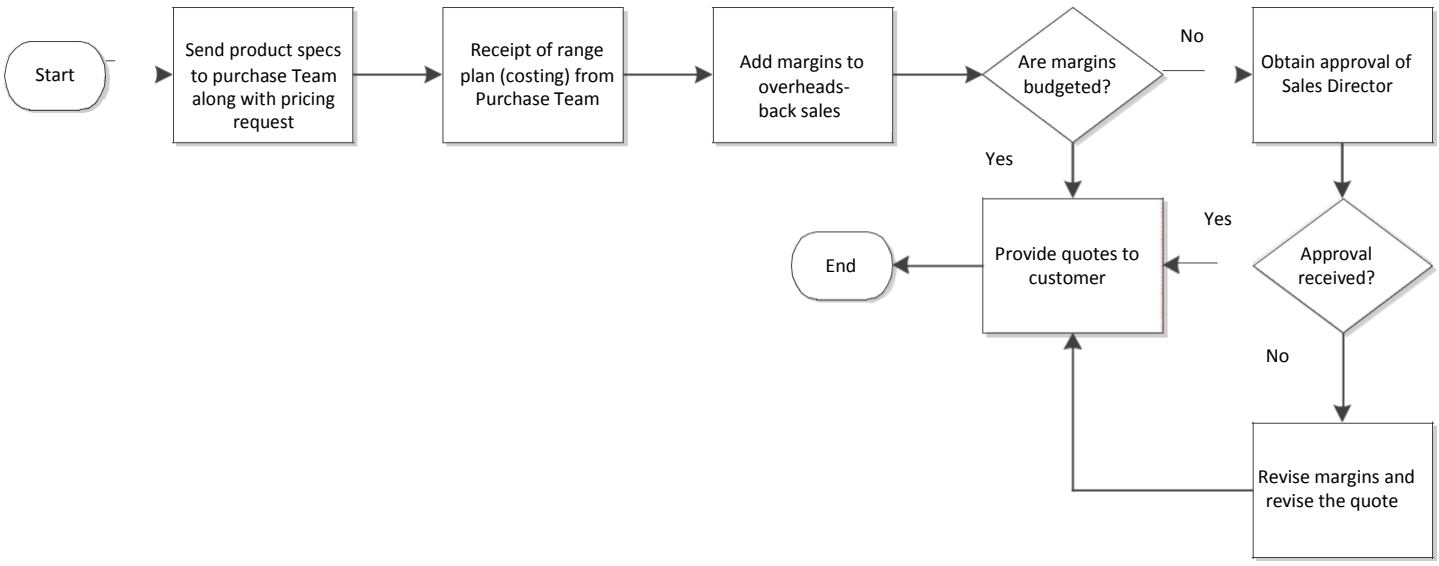

- Upon confirmation, Sales Support executive (Sales Dept.) sends below documents to new customer:
  - ✓ New vender registration form
  - ✓ Standard terms and conditions with NIHVA document
  - ✓ NIHVA Brochure
- The customer fills in company details in the account opening form, sign it and send back to Sales-Support (Sales Dept.) over email / fax / by post.
- Sales support team reviews the information and sends it to Accounts dept for customer setup in system.

Note: Customer may also share their business terms with the company which is forwarded to Legal Department for review.

6.5.5 Processing of service inquiry

- Based on specifications received from customer, Service Representative (Service Dept.) identifies if the requirement is for an existing product or a new product.
  - In case of existing product, after warranty verification provide the service visit
  - In case of a new product/out of warranty product, Follow for the standard service visit charges
- Upon receiving a response from project & service dept. (refer process of sample development), an acknowledgement is sent to customer regarding acceptance or rejection of complaint.

6.5.6 Service and spare part cost finalization

sr.	Activity	Department	Responsibility	frequency
1	Send product specifications to Purchase Team for obtaining cost	Service	Concerned service / sales representative	As and when required
2	Prepare cost for new product / spare part	Purchase	purchase in charge	Within 48 HRS
3	Add margins to overheads as per budget	Backend sales	Service representative	Immediately
4	For non-budgeted margins, approve final prices / margin	Sales	sales in charge	Immediately

- For each existing spare part, price master is updated in system. Also, for any exceptions (customer wise), a special price need to be get from sales head
- Based on spare part specifications and costing, prepare the cost sheet.
- In liaison with annual sales budget, Support-sale (Sales Dept.) add margins to the overheads.
- In case of non-budgeted margins, an approval of Sales Director is obtained over email / physical copy.
- Based on pricing finalized, Service representative (Service Dept.) quotes the prices to customer over email.
- Upon approval / PO, the same is added in the system by back sales Team.

6.5.7 Credit Management for service orders

- For a new customer, usually payment terms are not defined until first 3 orders / transactions.
- Based on customer's purchase order and a corresponding sale order, Preform Invoice is generated and sent to customer to make advance payment within 7 days.
- Once the payment is received from customer, goods are dispatched to customer.
- After 3 successful orders and corresponding timely payments from customer, a credit insurance application process is initiated.
- Based on customer's credit worthiness and other verification, assigns a credit limit. Upon receipt of credit limit, the same is updated in system against customer code by Finance team.
- Accordingly, payment terms are assigned too and updated in system
- For large customers credit insurance is applied at the time of opening new account. This is done with approval from Finance head
