## 一、Handheld intelligent inkjet printer parts introduction diagram and parameters

**Introduction map:**

parameter

1.System functions

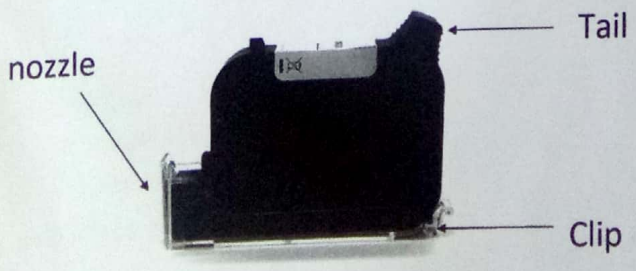

- Nozzle type: voltage nozzle
- Maximum printing speed: 60M/MIN
- Maximum print height: 12.7MM
- Printed content: text, date, serial number, QR code, barcode, picture
- Highest precision: 600DPI

2.Hardware function

- Communication interface: USB2.0, RS232
- Memory: 8G
- Ink type: water-based, quick-drying
- Ink color: black, red, blue, white, yellow, invisible
- Battery life: more than 10 hours

## 二、the ink cartridge insertion step

### 2.1 Ink cartridge schematic
