NIHVA	QUALITY ASSURANCE PLAN	Document No:- NIHVA - QA - F - 08 REVISION NO.:- 00 Revision date: _ Date of origin:- 01-01-2018			
Product name:		**Motorised rolling shutter**			
Sr. No.	**Subject**	**Parameter**	**Specification**	**Mehod of Mesurement**	**Inspection frequency**
1	Raw material	LxWxT	As per PO & Supplier Invoice	Steel tape & Digital micrometer	100%
		Quantity	As per PO & Supplier Invoice	verification	100%
		Visual	Bend, Rust, Porocity etc.	Visual	100%
		TC Verifying	as per IS 6248 standard	As per client given standard	100%
2	Curtain	Curtain Length	As per drawing	Steel tape	100%
		Curtain width		Digital vernier	100%
		Curtain Thickness		Digital micrometer	100%
		Curtain Profile		As per client requirement	100%
		Raw material used	GI Material as per IS 6248 standard	TC Verifying	100%
3	Ms Bottom	M.S. Bottom length	As per clear width	Steel tape	100%
		M.S. Bottom width		Digital vernier	100%
		M.S. Bottom thickness		Digital micrometer	100%
		Raw material used	MS Material as per IS 6248 standard	TC Verifying	100%
4	Roller shaft	Roller Length	As per clear width & Motor	Steel tape	100%
		Roller dia.		Digital vernier	100%
		Raw material used	MS Material as per IS 6248 standard	TC Verifying	100%
5	Hood cover	Hood cover Length	As per clear width	Steel tape	100%
		Hood cover width		Digital vernier	100%
		Hood cover thickness		Digital micrometer	100%
		Raw material used	GI Material as per IS 6248 standard	TC Verifying	100%
6	Guide	Guide length	As per clear height	Steel tape	100%
		Guide width		Digital vernier	100%
		Guide thickness		Digital micrometer	100%
		Raw material used	MS Material as per IS 6248 standard	TC Verifying	100%
7	MS Bracket	M.S. Bracket (LxW)	As per motor & clear height	Steel tape	100%
		M.S. Bracket thickness		Digital micrometer	100%
		Raw material used	MS Material as per IS 6248 standard	TC Verifying	100%
8	Motor	Make, Phase, Drive, Capacity		Visual	100%
9	Bought out material		Electrical & Hardware	As per BOM	100%
10	Accessories		As per drawing	As per BOM	100%
11	Surface finish	RAL CODE	As per client requirement	Visual	100%
		Coating thickness	As per client requirement	DFT meter	100%
12	Name plate	Product name plate	As per NIHVA standard	Visual	100%
13	Visual	Bend, Touch up	Visual	Visual	100%
14	Packing	Wrapping with Stretch film & bubble roll	As per NIHVA standard	As per NIHVA standard	100%

Legends:	BOM: Bill Of Material	MTC: Material Test Certificate
