Background:

Rusan Pharma is setting up an Active Pharmaceutical Ingredients (API) manufacturing unit with a capacity of 61,865 kg per annum at Pithampur Industrial Area in Dhar district of Madhya Pradesh.

The project will manufacture the following products :

Name of The Product	Capacity (kg per annum)
Buprenorphine Hydrochloride	750
Buprenorphine	50
Eflornithine Hydrochloride	40,000
Bisoprolol Fumarate	6,000
Tramadol Hydrochloride	1,000
Promedol Hydrochloride	50
Naltrexone Hydrochloride	500
Naloxone Hydrochloride	5,000
Nalbuphine Hydrochloride	750
Apomorphine Hydrochloride	500
Fentanyl Base / Citrate	15
Methadone Hydrochloride	7,000
Nalmefene Hydrochloride	250

The project will spread over 24,290 square metres (sq m) of land.

The project will generate employment for 100 persons.

EC Consultant : SMS Envocare Ltd.

Finance:

01 February 2019: The project cost will be funded through internal debts and the bank.

Progress:

01 February 2019: As told to Projects Today (PT), Terms of Reference (ToR) was granted.

Rusan Pharma was awaiting environmental clearance (EC) for the project.

Work on the project was expected to commence by July 2019.

Contractor and machinery supplier yet to be finalised.(more)
