Who We Are

NIHVA Technologies is headquartered in Pune, Maharashtra (India) and operates on a Pan-India execution model. We are a young and fast-growing organization, supported by years of industrial experience, strong engineering capability, and partnerships with globally recognized leaders in Automation. Having Manufacturing facility in Pune more then 40,000 sqft area.

Our organization is structured to deliver **complete project** responsibility, covering:

- Engineering & system design
- Manufacturing & system integration
- Installation & commissioning
- Testing, validation & handover
- After-sales service & lifecycle support

This integrated approach allows us to deliver projects **on time, within cost, and in full compliance with safety and quality standards.**

Our Vision - Mission - Core Purpose

Vision

We will be the most valued business partner of our customers.

Mission

We provide intelligent and innovative engineering solutions and services that meet the need of all our customers.

Core Values

- Driven by Positive Approach, Attitude & Accountability.
- Accelerate always Respect, Relations & Results.
- Continuous Improvement in - Change, Communication, Gratitude, Performance & Leadership.
- Satisfaction and Happiness at the end of every day.

Core Purpose

Inspire the individuals and organizations by offering Innovative Solutions, Products and Services that enrich people's lives, save their Efforts, Time, Money and contribute to social prosperity by creating a new future.

Engineering-Driven Organization

NIHVA is fundamentally an engineering-led company. Our strength lies in our ability to translate operational requirements into practical, safe, and high-performance automation solutions.

Design & Engineering

Our experienced design and engineering teams focus on:

- Application-specific system design
- Compliance with relevant standards and safety norms
- Optimized performance and energy efficiency
- Ease of operation, maintenance, and future expansion

Every solution is engineered to match the exact requirements of the application, rather than offering generic or off-the-shelf configurations.

Manufacturing & System Integration

NIHVA follows controlled manufacturing and system integration practices to ensure:

- Consistent product quality
- Reliable performance under industrial conditions
- Seamless integration with customer infrastructure

Our systems are assembled, tested, and validated before dispatch to minimize site risks and ensure smooth commissioning.

Installation, Commissioning & Project Execution

We understand that execution defines success. NIHVA's trained operational teams ensure:

- Safe and structured site execution
- Compliance with project schedules
- Minimal disruption to ongoing operations
- Thorough testing, commissioning, and documentation

Our commitment is simple: deliver what we promise - on time and without compromise.

Quality as a Core Commitment

Quality at NIHVA is not a department- it is a **shared responsibility across the organization.**

Quality Policy

NIHVA is committed to understanding and meeting the current and future needs of our customers through:

- Continual improvement of the Quality Management System
- Employee involvement at all levels
- Focus on customer service, reliability, and innovation

We set measurable objectives, review performance regularly, and continually enhance our systems and processes.

Management Systems & Process Discipline

NIHVA operates with structured management systems that support sustainable growth and consistent delivery

- **Policy Deployment** for alignment of goals and actions
- **Training & Development** for continuous skill enhancement
- **CRM, ERP, and HRM systems** for operational transparency and control

These systems ensure that our commitments are backed by robust internal processes.

Service & Lifecycle Support

NIHVA provides strong after-sales service and support, ensuring long-term system reliability. Our service capabilities include:

- 24×7 support availability
- Preventive and corrective maintenance
- Rapid response by trained service personnel

We believe in standing by our customers well beyond project completion.

Networks

West	Pune, Mumbai, Nagpur, Nasik, Ahmadabad, Surat, Vadodara, Indore, Goa
