...Its called **FLEXCEL PARK**

Flexcel Park

Accessibility. Convenience. Effective Space management. Aesthetic architecture. Strategic location for business. When you see all of it in one commercial premise, it has to be the Flexcel Park!

A well-connected business centre on SV Road, with all the effective facilities to enhance your business prospect, is all set to welcome you. The premise comprising an overall area of 150,000 sq. ft. has a dedicated commercial space and a thoughtfully designed IT centre to make it a successful business centre. Talking of aesthetics in construction, this glass and steel business park poses no less than an architectural spectacle. With location advantage and well-planned commercial and office spaces, up its sleeves, Flexcel Park is that factor which can take your business to a new height.

The future joint JOGESHWARI

With more and more successful business ventures sprouting in this part of the suburb, Jogeshwari is evolving into one of the most promising potential sites for business investments. Important landmarks, significant roadways, enthusing culture and crucial customer base, list Jogeshwari in the vital business opportunity destinations. As the future pledges a secure and prosperous growth, this is the right time to possess the right place. Come, see, conquer.

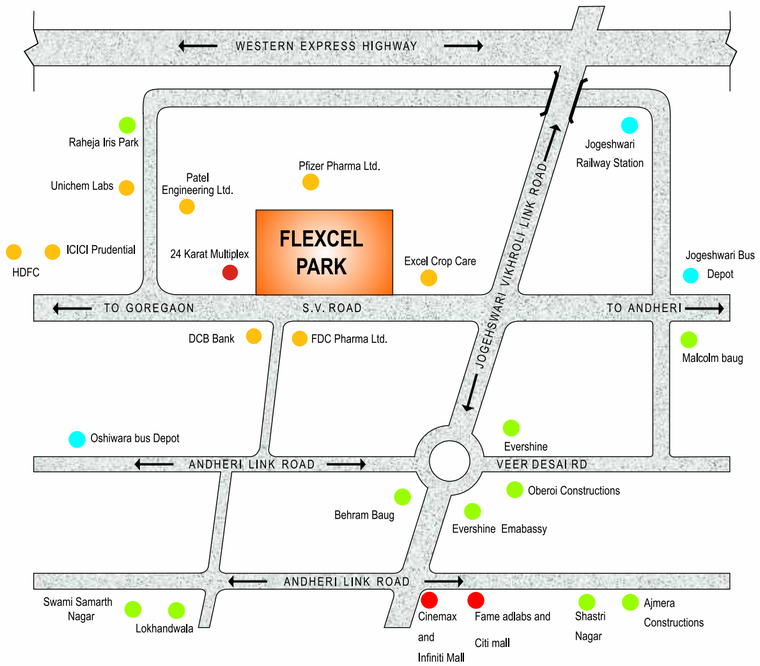

Fortune forte

- Located on the ever busy SV road, Flexcel Park is just 500 mts. away from Jogeshwari Rly. station and 10 minutes away from Andheri Rly. station, ensuring an easy conveyance for employees.
- The project resides beside the under construction JVLR flyover, which is scheduled to get executed by August 2011.
- This flyover will bring in the media hub of Lokhandwala and Andheri on one side and the industrial and IT hub at SEEPZ/MIDC on the other, to a distance as close to 12-15 minutes from the project.
- Moreover, the venture is in immediate neighbourhood of corporate houses like Pfizer Pharma, FDC Pharma, Unichem Labs, Patel Engineering Ltd. and Excel Industries.
- It resides in close proximity of entertainment Hubs like 24 Karat Multiplex, Cinemax and Fame Adlabs.
- Adding to the commercial convenience, it also has banks like ICICI Bank, HDFC Bank, State Bank of India and Development Credit Bank along with premium residential complexes like Malcolm Baug, Oberoi Springs, Evershine Embassy, Evershine Cosmic and Lokhandwala Complex in its immediate neighbourhood.

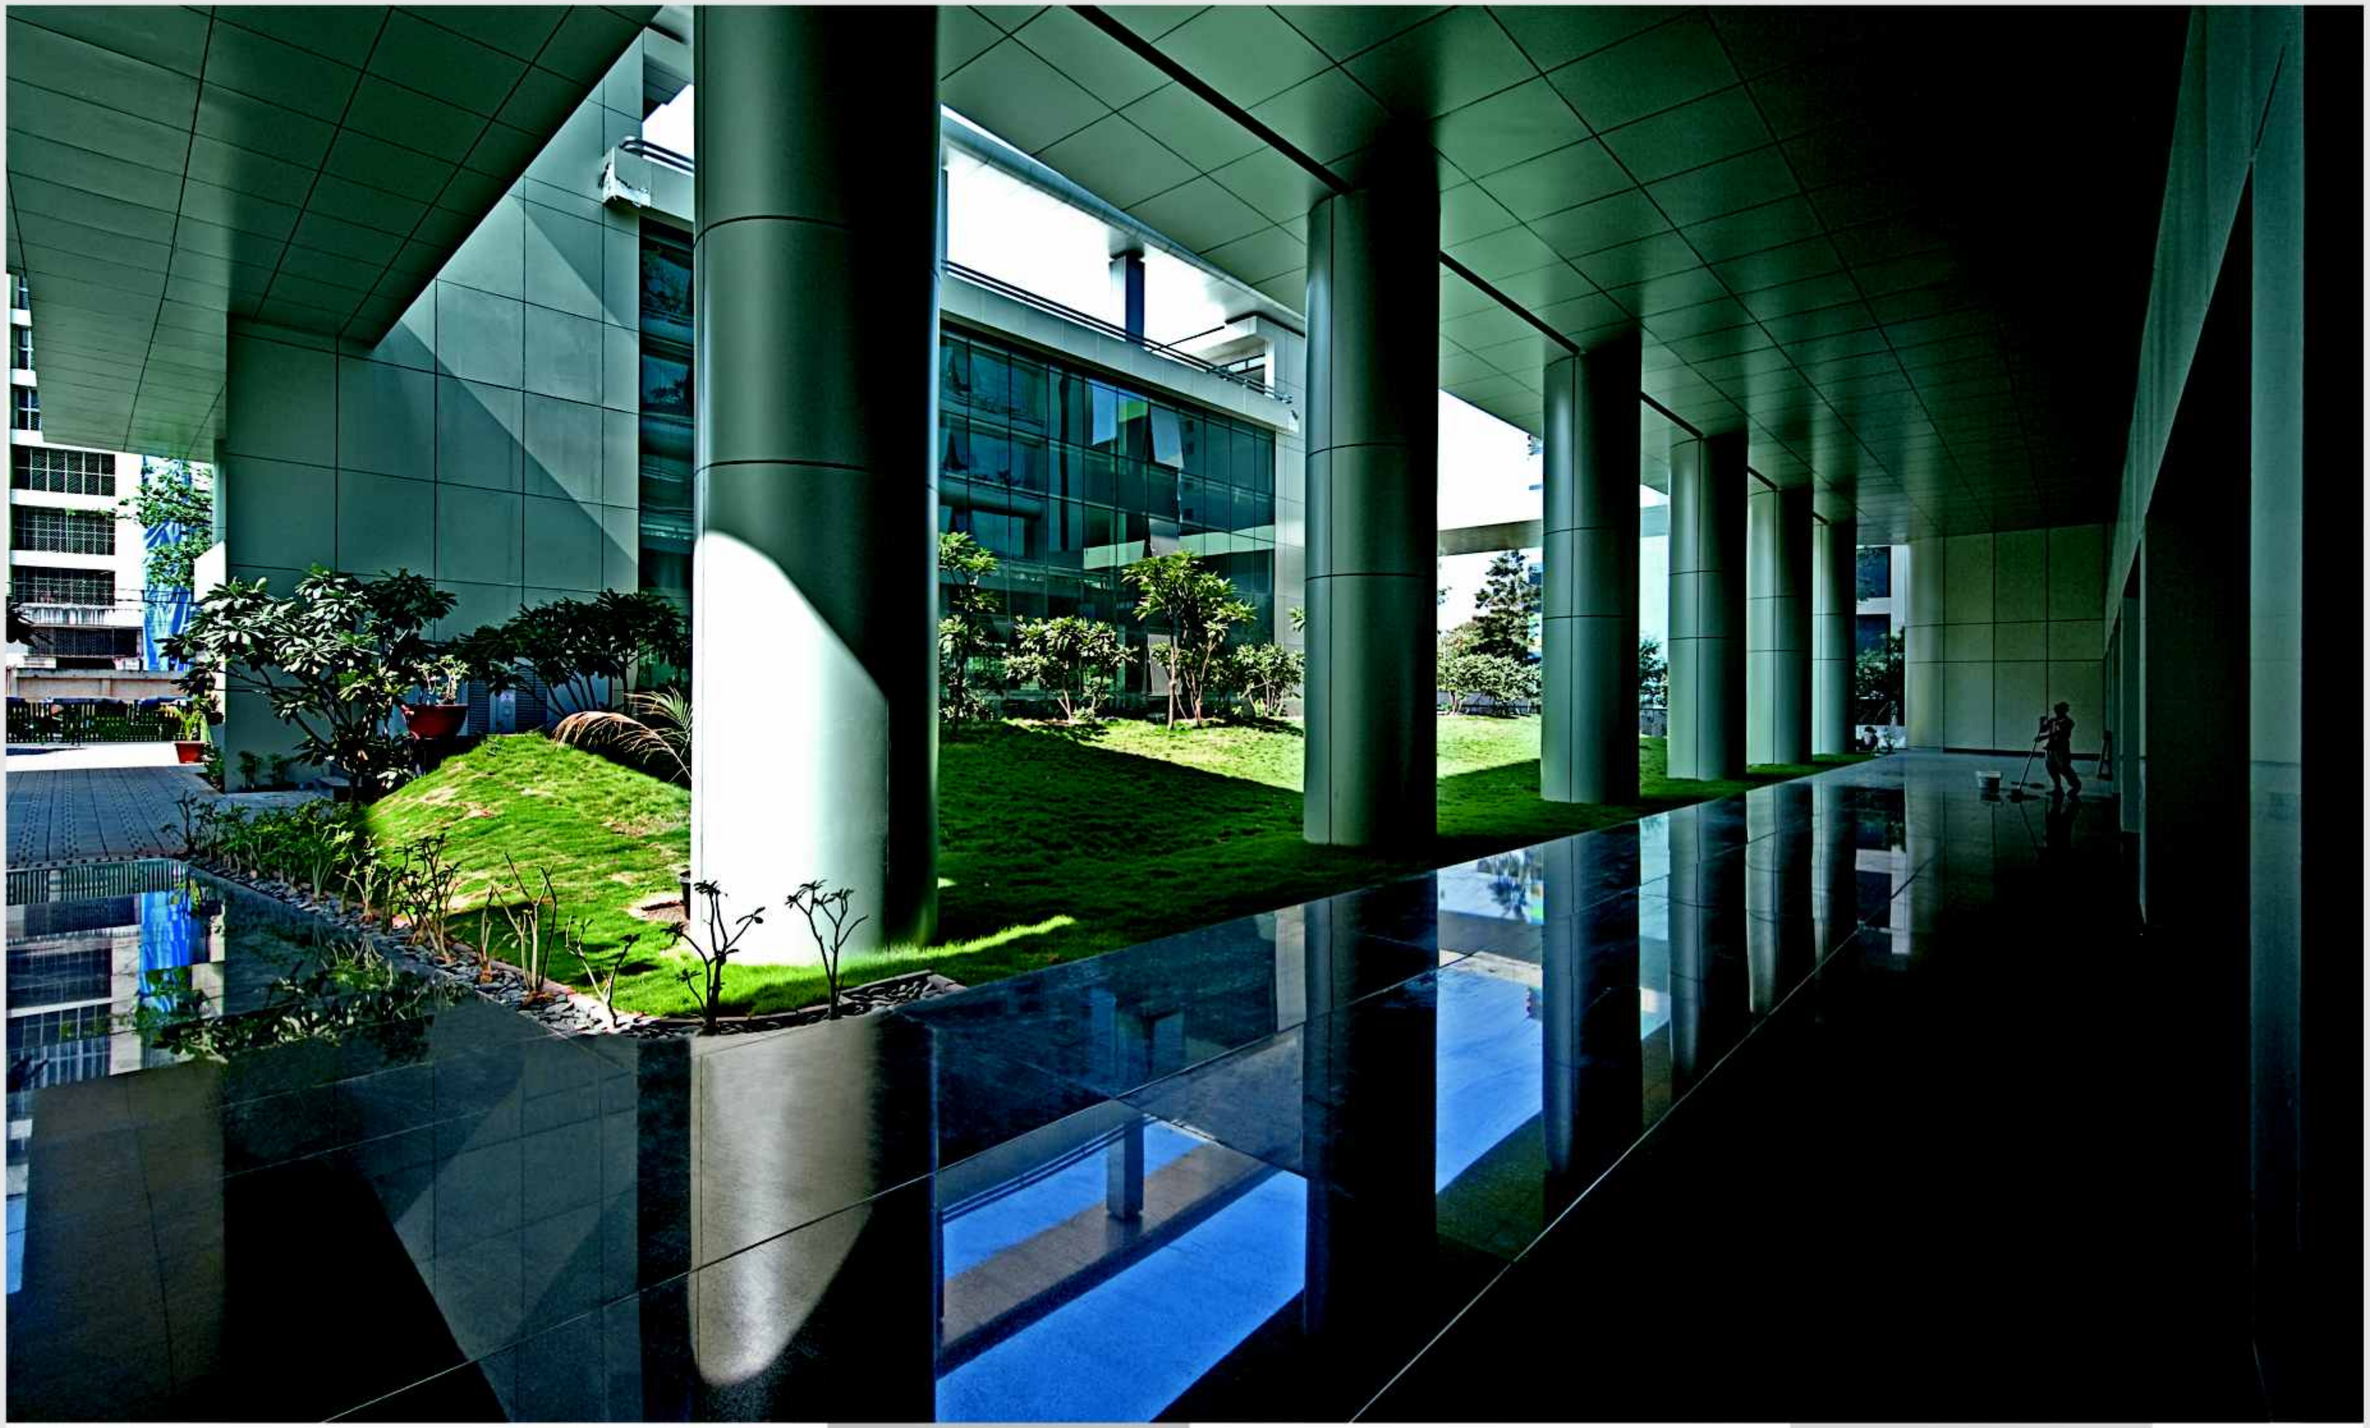

Location Plan

A click away

The venture is located on SV Road in close proximity of Corporate Houses, Entertainment Hubs, Banks and premium Residential Complexes. Moreover, with the under construction JVLR flyover scheduled to be completed by August 2011, the business complex will be at a 15 minute distance from Lokhandwala on one hand and SEEPZ/ MIDC on the other. The project will also have easy access to Western Express Highway and further to Powai and Eastern Express Highway via JVLR linkage.

Campus environment

An exquisite landscape on the busy S.V. Road stands out as a green lung for the environment. Bringing nature inside the premises of the building, where inside-outside merge into a one-whole, creating the ideal work environment.

Apart from showcasing a rich and refreshing appearance, the campus is scientifically designed to cut-off the trouncing sound pollution emerging out of the vehicles on the connected roads. Its lust green environment is aesthetically designed to blend with the building and add to the relief of employees. Space utilization of the premises is unwrapped to render a free and uncongested work atmosphere.

A destiny design

Unlike the other business parks around, Flexcel Park is designed to be called as an 'Architectural Marvel'. Accompanying its sophisticated and stylish look, it is built with many other subtle psychological benefits for enhanced growth and output.

Waiting Lounge

First impression counts; especially to set the mood. Connected to the soothing green entrance, the double-heighted waiting lounge, welcomes guests and visitors to a serene and relaxed environment.

Recreation facilities

Flexcel Park understands that "all work and no play" can make Jack a dull boy. Which is why, it has facilities for recreation. A well equipped Gym, a soothing Café and a tempting Food Court just over the terrace is something to re-charge one and all.

Smoker's Balcony

To enable a smoke-free environment, Flexcel Park has extruding free-geometry balconies at each floor for smokers. Benefit combined with style.

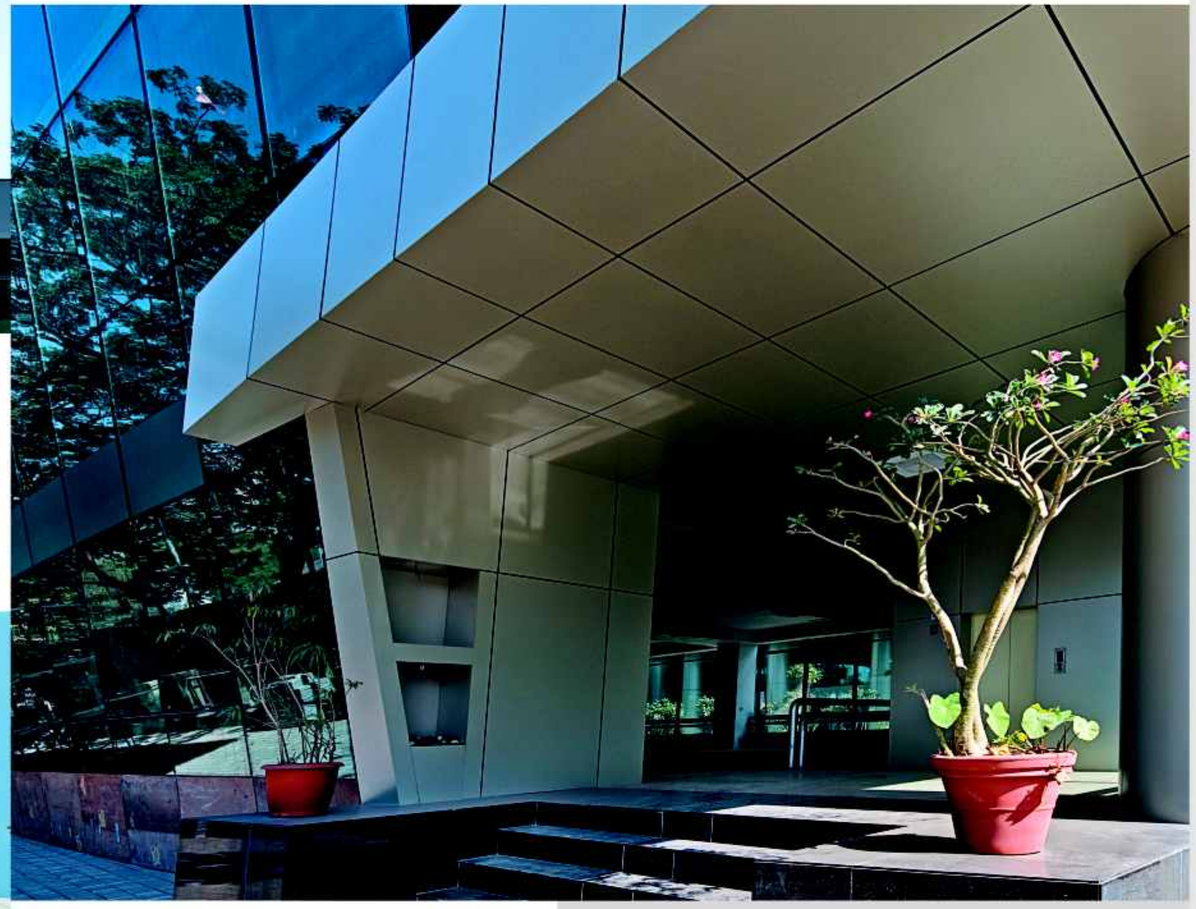

Commercial Spaces

Commercial viability of space is of primary concern when it comes to any commercial business. Serving the same purpose, Flexcel Park possesses a stand-alone basement, ground and two storied structure of 36,000 sq.ft especially designed for commercial businesses.

Architectural landmark

Its accentuated skylines with clearly defined entrance from S.V. Road gives an unique identity to the project and provides an easy convenience for the walk-in customers.

The brand showcase

10,000 sq.ft facade space gives ample branding opportunity to highlight your brand and give it the preeminence it deserves on a busy commercial thoroughfare.

Salient features

- 150 feet of frontal facade facing S. V. Road with an unobstructed view.
- Individual structure with Basement, Ground floor +2 stories
- 2 independent lifts and staircases
- 9,000sq.ft. landscaped terrace space for Gym, Café and Food Court
- Stylish Column-free floor space
- Effective security system
- Residential complexes with likes of Raheja IRIS Park, Malcolm Baug, Oberoi Springs, Evershine Embassy, Evershine Cosmic and Lokhandwala Complex are in its immediate neighbourhood.

Interior advantage

Its strategically designed column less space provides efficient utilization of interior spaces and unobstructed visual connectivity with S.V. Road.

IT Building

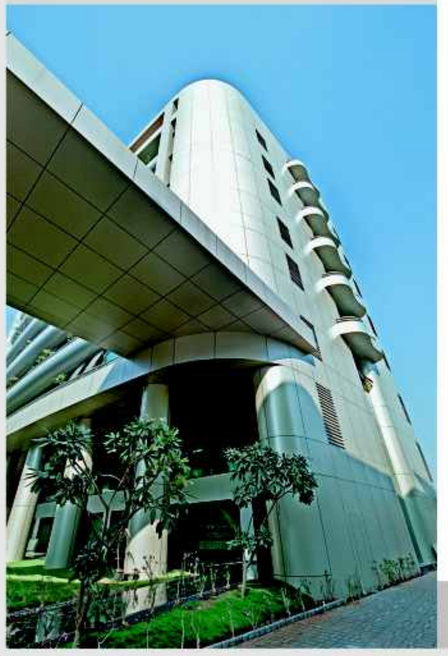

Salient Features

- Aesthetic contemporary building structure
- Self contained individual office space
- Column-free office space
- Double glazing for efficient cooling, low energy consumption and controlled noise pollution
- Effective security system
- Outdoor breathing decks
- IT-enabled infrastructure
- In immediate neighborhood of corporate houses like Pfizer Pharma, FDC Pharma, Unichem Labs, Patel Engineering Ltd. and Excel Industries.

It is IT

In this age where IT seeks a substantial share in the growing economy, the companies dealing with this segment of business need workspace that understand their needs to flourish and perform better. This is exactly what Flexcel Park vouches for.

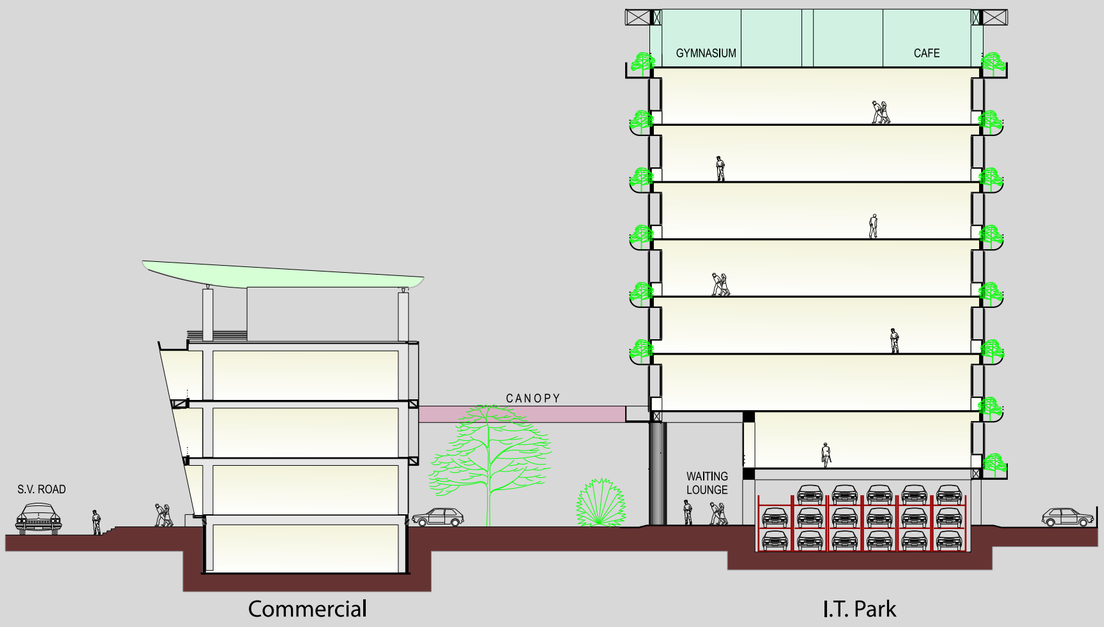

A seven storied building, with an apt location and IT enabled infrastructural facilities, is crafted to meet your IT needs. Realizing the need of space and openness to hearten up the free thinkers and eventually improve performance, this IT centre is constructed with a 14 ft. high ceiling and all support services.

Automated Multi-level parking system

The project is supported by a state-of-the-art triple level car parking system to accommodate maximum number of covered car parks, utilizing one third of the required space. Thereby, creating opportunities for large landscape spaces and fulfilling the need for ample car parking.
