Kind Attn:- Mr. Dyaneshwar Kumbhar (9168940333)
Mail:- procurement@nihva.com

Respected Sir,
Subject: Techno Commercial Offer towards your requirement of Cranes with following specifications for **For 5T X 5 MTR SPAN 6 Mtr HEIGHT OF LIFT SG GOLIATH CRANE.**

We thank you for your enquiry on the subject matter. RCPL is a leading provider of lifting & shifting solutions along with extending services for Maintenance of **PVSS CRANESS BRAND PVSS CRANESS** has track record in pioneering, leading and shaping developments in the industry. **PVSS CRANESS** products and services feature advanced technology, emphasize safety and cost savings for the user through best reliability and performance.
We are pleased to submit our offer for your kind consideration.
Following documents are part of this offer and form an integral part thereof please review this offer, literature carefully.
1) Technical Specifications
2) Commercial Terms
3) Terms and Conditions of Sale
4) Defining RCPL Guarantee & Warranty. (FOR ALL **PVSS CRANESS BRAND PRODUCT)**
We appreciate your given opportunity to be of services to your materials handling requirements. We are confident that we have offered the equipment that meets your requirements .However, should you require any further information, please do contact us.
We look forward to receiving your valued order.
Meanwhile once again thanking you an assuring the Best of ours'
Very Truly Your
For,

Sadashiv Barge

For more detailed technical training, please contact us.

Validity of the offer:

This offer is for 30 days from the date of this offer. The prices are calculated based on cost of steel and Euro value as on date of the offer and we reserve the right to alter the prices if there is an increase in cost of steel and / or appreciation of Euro vis-□ -vis Indian Rupees.

General Terms and Conditions:

For other terms and conditions, the PCPL Terms and Conditions of Sale shall apply. If there is any discrepancy between such Terms and Conditions and this offer the latter shall prevail.

TERMS AND CONDITIONS OF SALE

APPLICATION OF THESE TERMS

These Terms and Conditions of Sale ("Terms") shall apply to any tender and any contract of sale ("Contract"), unless the parties agree otherwise in writing. Modifications of or deviations from these Terms must be agreed in writing. In the event of any inconsistency between the Contract and these Terms, the Contract shall govern.

SCOPE OF DELIVERY

The delivery of the equipment ("Equipment") includes all components, materials and services expressly specified in the Contract.

DOCUMENTATION:

All drawings and technical documents relating to the Equipment or its manufacture submitted by one party to the other shall remain the property of the submitting party. Drawings, technical documents or other technical information received by one party shall not, without the consent of the other party, be used for any other purpose than for erection, commissioning, operation or maintenance of the Equipment. They may not otherwise be used or copied, reproduced, transmitted or communicated to a third party.

PACKING AND MARKING:

The Equipment shall be packed in accordance with Seller's standard packing procedures as required for transportation under normal transport conditions. The Equipment shall be clearly marked and carry the necessary information concerning Buyer's identification and place of destination.

PRICE:

In addition to the price set forth on the Contract, Buyer shall be responsible for additional charges as set forth in these Terms.

If delivery of any part of the Equipment is delayed due to reasons attributable to Buyer or any third party acting under the control of Buyer, the Buyer shall compensate to the Seller any additional charges incurred due to the late delivery.

Prices do not include any stamp duty, turnover or value-added tax, bank charges or any other similar taxes, duties or charges payable in the country into which the Equipment is to be imported and where the installation is to be carried out.

In that event if Seller is required to pay any tax or charge, then such tax or charge will be added to the invoice as a separate charge and Buyer shall reimburse the same to the Seller.

TERMS OF PAYMENT

The payments shall be made in accordance with the payment schedule specified in the Contract.

In the event of Buyer failing to make payment or establishing Letter of Credit at agreed time or it becomes evident that the Buyer will not fulfill his contractual obligations, the Seller reserves the right to postpone the fulfillment of his obligations at least till the - Buyer makes such payment or establishes the Letter of Credit.

Seller shall be entitled to charge interest from Buyer if payment to Seller is past due. The rate of the interest for such delayed payment would be at the 18% of the amount due. The interest shall be counted from the due date until the actual date of the payment. Buyer shall pay such interest within thirty (30) days from the date of the demand notice.

If Buyer has not paid the amount due within one (1) month, the Seller shall be entitled to terminate the Contract by notice in writing to Buyer and, inter alia claim compensation for the loss incurred.

STANDARDS OF MANUFACTURING AND DESIGN:

The Equipment supplied and the work carried out shall be in accordance with the standards of manufacturing and design existing in the Seller’s manufacturing Plant. The Equipment shall be delivered in accordance with the mandatory laws and regulations concerning the safety of the Equipment or safety at the workplace prevailing in the country where the Equipment will be situated after the delivery. Any costs in excess of the costs of compliance with regulations or standards resulting from mandatory local laws and regulations shall be added to the price, which shall be paid by Buyer.

INSPECTIONS DURING MANUFACTURING:

Buyer has the right at its own expense, subject to agreement with the Seller as to the time and place, to inspect the progress of manufacture and the quality of the Equipment. The inspections of the Equipment shall be carried out at Seller's works or at the place of manufacturing. Inspection carried out by Buyer is not a precondition to the delivery of the Equipment.

DELIVERY TERM:

Ex works Seller's manufacturing plant

DELIVERY TIME:

The delivery time shall start to run on the occurrence of any of the following:
The date of execution of the Contract by Seller / The date of receipt by Seller of the agreed down payment as set forth in the Contract / The date of receipt by Seller approval GA drawings.
Seller shall be entitled to a reasonable extension of the delivery time if the delivery is delayed due to Buyer's actions or actions by a third party under the control of Buyer or it becomes evident that the Buyer will not fulfill his contractual obligations, such as modifications requested by Buyer, delay in the approval of the relevant drawings, delay in the preparatory work at the erection site and delay in payments.

TRANSFER OF PROPERTY:

Notwithstanding the Equipment shall remain Seller's property until the total purchase price has been paid.
In the event the applicable laws do not permit Seller to retain title, Seller shall be entitled to a security interest or charge in the property. Buyer shall give Seller all assistance in securing an interest in the property or taking any measure required to protect Seller's title or such other rights. The retention of title, security interest or charge shall not affect the passing of risk of loss.

ACCEPTANCE TESTS:

The acceptance tests shall be carried out in accordance with the Contract. If the Contract does not specify the requirements, the tests shall be carried out in accordance with general practice in crane industry in the country of manufacture.
Seller shall notify Buyer of the tests on sufficient time to permit the Buyer to be represented. If Buyer is not represented, the test report shall be sent to Buyer and shall be deemed accepted as accurate.
Seller shall bear its own costs for tests carried out at the place of manufacture. Buyer shall bear all its own costs, including but not limited to travelling and living expenses for Buyer's representatives in connection with such tests.

FINAL ACCEPTANCE

The Equipment is deemed to be finally accepted when acceptance tests have been carried out and the Equipment is found to be in accordance with the Contract. Minor defects do not prevent the acceptance of the Equipment. Such defects shall be listed and Seller shall remedy any listed deficiencies without delay. If acceptance tests are not to be carried out, the Equipment is deemed to be delivered and taken over when delivered in accordance with the delivery terms.
Buyer is not entitled to take the Equipment into use before final acceptance. If Buyer takes the Equipment into use before final acceptance without Seller's consent, the Equipment is deemed to be finally accepted.

WARRANTY

Seller warrants that to the best of its knowledge the Equipment is free from defects caused by faulty design, materials or workmanship, which would prevent the electrical or mechanical functioning of the Equipment. However, should such defects occur during the period of this warranty, Seller will, at its option, either repair the defects or supply the correct parts free of charge basis. - The cost of disassembling and installing a repaired or replaced part furnished under this warranty is excluded. Also excluded is cost of transportation of equipment or part of.
The period of the warranty for any part of the Equipment is the earliest of twelve (12) months from the date of final acceptance of the Equipment or eighteen (18) months from the date of the first shipment of the Equipment, whichever expires earlier.
The warranty period for replaced or repaired parts is twelve (12) months from the date of repair or replacement. However, no warranty for any parts shall apply after twenty-four (24) months from the final acceptance of the Equipment.

Buyer shall without delay give written notice to Seller of defects in the Equipment which Buyer has discovered and requires to be corrected under this warranty.
This warranty is given on the condition that the Equipment is in all respects operated, handled, serviced and maintained properly, in accordance with Seller's instructions and under specified operating conditions.
Excluded from the warranty are in particular those / following parts.
To which repair or replacement becomes necessary due to normal wear and tear…
Which are exhaustible items, including but not limited to such items as bulbs and fuses?
On which repairs, alterations or adjustments have been performed or begun by Buyer or any third party without Seller's previous consent.
On which failures are not promptly reported to Seller within the warranty period above.
On which failures or damage are due to negligence other than that of Seller, accident, abuse, improper installation (other than installations made by Seller), improper operation, or abnormal conditions of temperature, moisture, dirt or corrosive matter; which have been damaged otherwise without the fault of Seller.
This is the sole and exclusive warranty given by seller to buyer with respect to the equipment.
There are no other warranties, express or implied, arising by operation of law or otherwise, including, but not limited to, any implied warranties of merchantability or fitness for a particular purpose.

FORCE MAJEURE

Either party shall be entitled to suspend performance of its obligations under the contract to the extent that such performance is impeded by circumstances beyond the control of the party, including but not limited to war (whether declared or not), revolution, strikes, failure of supplies of power, fuel, transport, equipment or other goods or services, natural disasters, unacceptable weather conditions, acts of government, export or import prohibitions, traffic accidents, fire, explosions, floods, accidents, sabotage, civil commotion, riots, and breakage or loss during transportation or storage as well as delays of deliveries by the subcontractors (when caused by Force Majeure as herein defined).

APPLICABLE LAW AND SETTLEMENT OF DISPUTES

These Terms and the Contract shall be governed by and construed in accordance with the laws of Seller's place of incorporation.
All disputes arising out of or in connection with the present Contract shall be finally settled under the Rules of Arbitration of the International Chamber of Commerce by one or more arbitrators appointed in accordance with the said Rules. The arbitration shall take place in the city of Seller.
The language of the arbitration proceedings shall be English.
Notwithstanding the above, Seller shall be entitled to take action for collecting its receivables from Buyer at the courts of the Buyer's place of domicile.

For,

Sadashiv Barge
