B) We propose the model

- **Our roofing systems are suitable for any weather conditions, designed and built using highest quality materials. Our Roofs are manufactured using high grade aluminium profiles and stainless steel components in Anthracite**
- **These systems are covered under a warranty of 5 years & can withstand wind speeds of 117 Km/hr.**
- **Each and every system is customised as per the size and the needs of the project utilising European technology through a custom direct drive motor system to ensure smooth and quick operation at 26 RPM.**
- **Our systems are available in widths up to 13 meters & maximum projection of 11 meters in one fabric –providing a solution to cover areas up to 143 Sq. mts. at the touch of a button.**
- **The fire rated 100% water proof fabric from Mehler (Germany) is available in NTRB 33 Black providing maximum stability & resistance to temperature, moisture & dirt . It does not shrink or bag, and the acrylic top coating makes it very easy to clean.**
