1. ITEMS TO BE QUOTED

The following items (material and services), required for Indian Oil Corporation Limited (IOCL) at Paradip Refinery Complex, Odisha, India, shall be supplied in accordance with the requirement specified in this requisition and documents attached herewith.

Sl. No.	Description	Requirement	Scope of supply & work
1	Capacity	6 Ton	By Supplier
2	Height Adjustment	Above Dock Operation : 600 mm, Below Dock Operation : 300 mm.	By Supplier
3	Quantity of dock leveler	One (1)	By Supplier
4	Platform Size	As per supplier	By Supplier
5	Electrical equipment including motor	1) Supplier to Consider Safe Area for Electrical Equipment. Motor shall be IP-55 minimum. 2) Motor Energy efficiency – IE2 3) Vendor to note & confirm that Motors 0.18Kw – 160 kW: 415V, +/- 10%. 3 Phase, 50Hz, +3 to -5%. 4) And For Motors < 0.18 kW: 240V, +/- 10%. 1 Phase, 50Hz, +3 to -5%. 5) Starting locked rotor current for 415V LV motors : 6.5 times full load current without any upward tolerance 6) For Motor, Terminal box preferably be phase segregated type and shall be suitable to withstand fault level "50kA for 0.25 sec" 7) Motor Terminal box shall be rotatable by 360 Degree in steps of 90 Degree. 8) Motors shall be Class F insulated & temperature rise shall be limited up to Class B.	By Supplier
6	Local Control Panel / Local Control Station for Dock leveler	LTHE will provide only single point power supply (Power feeder) to Control Panel of Dock Leveler, Further distribution including Cables, Lugs, and Glands shall be in Supplier's scope. Motor starter shall be in Purchaser scope. Any Local control station/ Start stop push button required shall be in Supplier's scope only	By Supplier
7	Earthing Requirement	Supplier to provide suitable arrangement/ earthing studs and earthing boss for connecting to earthing grid by purchaser.	By Purchaser

8	Field Instruments & controls (If Applicable)	All Instruments shall be suitable to Hazardous area Zone 1, Group IIA/IIB, T3, IP 66. Instruments shall be Intrinsically safe certified (Ex 'i' certified) and Weather proof IP 66 minimum. Ex'd' certification is acceptable in case if intrinsically safe certification is not available. CCOE approval is required.	By Supplier
9	Necessary structural support & bolts	Angle bar around the dock leveler and Anchor bolts	By supplier
10	Input for civil work	Sizing details of bolt, foundation details (During Detail Engineering)	By Supplier
11	Emergency locking / protection system	Immobilizer security system in the event of emergency stop or power failure. Any braking system if required shall be considered by supplier in their scope of supply / work	By Supplier
12	Bumpers	As per Supplier Recommendation, If required	By Supplier
13	Personnel safeguard	Side mobile toe guards, Visual signs on mobile parts etc	By Supplier
14	Any other accessories	Any other accessories, equipment which are required but not listed in this specification shall be considered by supplier in their scope	By supplier
15	First Fill of hydraulic oil	Supplier shall consider first fill of hydraulic oil in their scope of supply & furnish the hydraulic oil details ISO viscosity grade.	By Supplier
16	Spare parts	1. Spares required for construction / commissioning 2. Spares required for 2-Years normal operation & maintenance (Priced List) 3. Mandatory Spare as per attached Doc No: IEGP-6351-8840-PH-000-004	By supplier
17	Approved Motor Vendors	Sub Supplier shall be as per attached approved Master supplier list (ref File "MSL-T3")	By supplier
