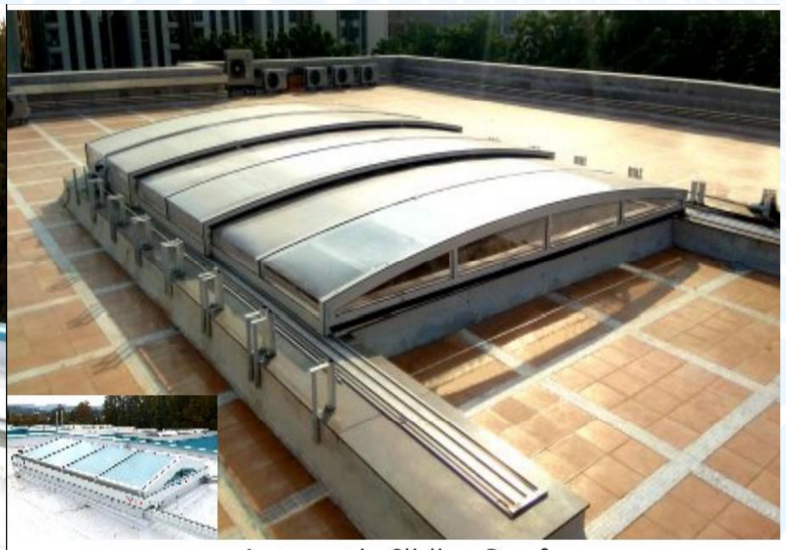
Retractable roof

Retractable roof is a custom-made solution for residential as well as commercial spaces like Bungalows, Hotels, Villas, Restaurants, Apartments, and Offices. These spaces have courtyard, skylight, patio inbuilt in their architecture, to allow partial sunlight in the premises at day and beautiful starry sky view at night.



Automatic Sliding Roof

USP

1. Non-Corrosive materials like Aluminium alloy profiles, stainless steel fasteners, EPDM sealing and polycarbonate sheets.

2. Complete enclosed system with automation, locking, EPDM seals, etc. It is a lightweight solution for Terraces, Courtyards, pools, Balconies, Patios, Smoking zones and a lot more applications.

3. Completely water proof and can be air conditioned if the area is enclosed.

4. It can be easily Re-located within a short time by our trained technical personal.

5. No need of any licence from municipal authorities for terrace roofing's since it's completely retractable.
